Visions — a special corner of ourselves momentarily darkened in solitude and permanently brightened by those around us.

Light or dark, we focus on our vision of yesterday, today, and tomorrow. This year the 1976 Origin wishes to record and capture these special hopes and dreams between its pages.

Living inside these covers are the fleeting pictures and words that make up the images and lasting imprints of the 1976 year.

Taking the student life pulse and verve by surprise, with the help of film and flashes, words and descriptions, staff members offer a photogenic and graphic reality in the section *Panorama*. Diversity is the key to the section,

Kaleidoscope, with the fast-paced club activities and members leaving their mark. *Spectrum* is sports. As the word embodies the very spirit that reigns over vast regions of emotions, inspirations, and exertions, so does the section. Our specialized system of clusters and career opportunities come alive with the involvement of people, and as "future" is the key word here, *Foresight* becomes the title of this section. Passing through life too quickly can

be a hazard, so as a safety precaution we offer the section *Montage* which slows down the pace and steals a few extra minutes, words and pictures of those who shine out among the transit crowd. Faculty members — teachers, administrators and aides — daily bring *Perspective* to our lives by bringing into focus our blurred visions. As individuals we bring to school and class a costly and precious commodity — ourselves. Locked between frames and names we offer the *Images* section.

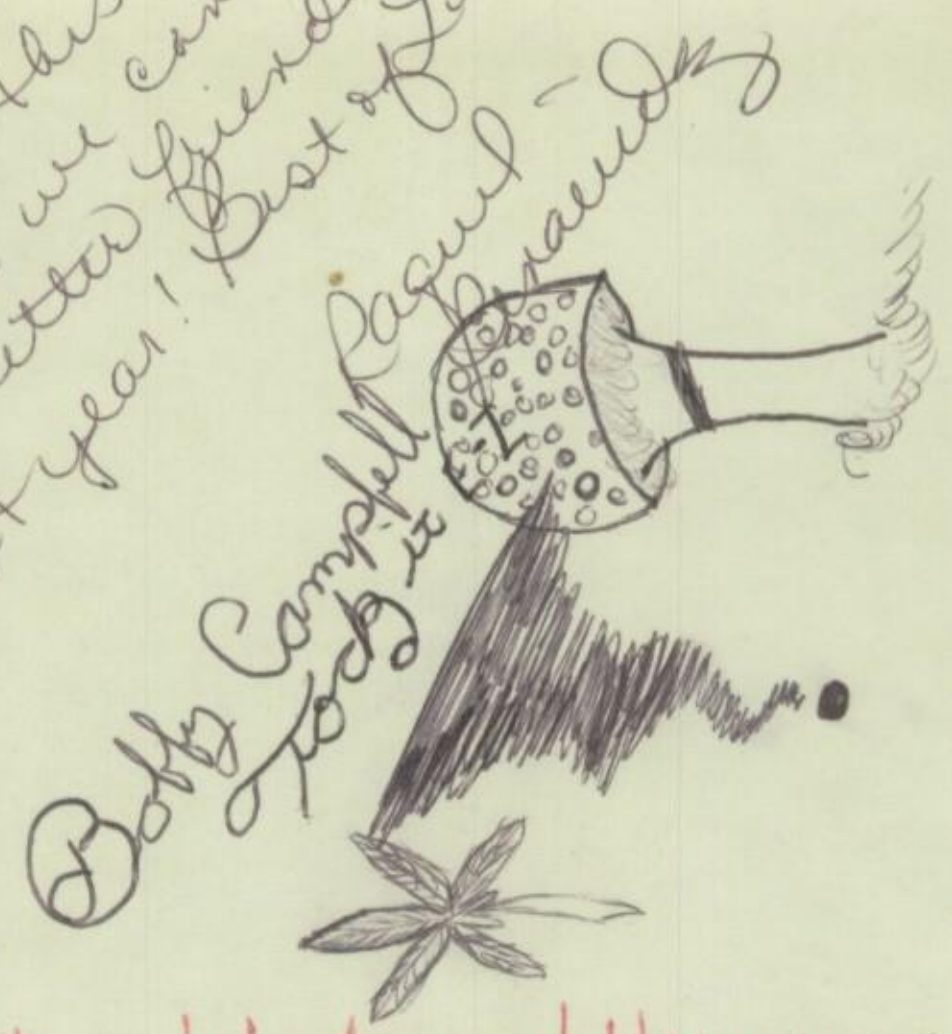

Turning to the *Gallery*, an artistic array of advertisements and indexes will be found.

With great pride and forethought, with glances of picturesque panoramas and spectrums, amid kinetically clicking glimpses of kaleidoscopes and montages, with hope to give perspective to the colorful gallery of images, we ask you to slow down, settle back and . . . visualize.

The Origin 1976.

Visions

1976 Dedicatee Rosalyn Broadfoot

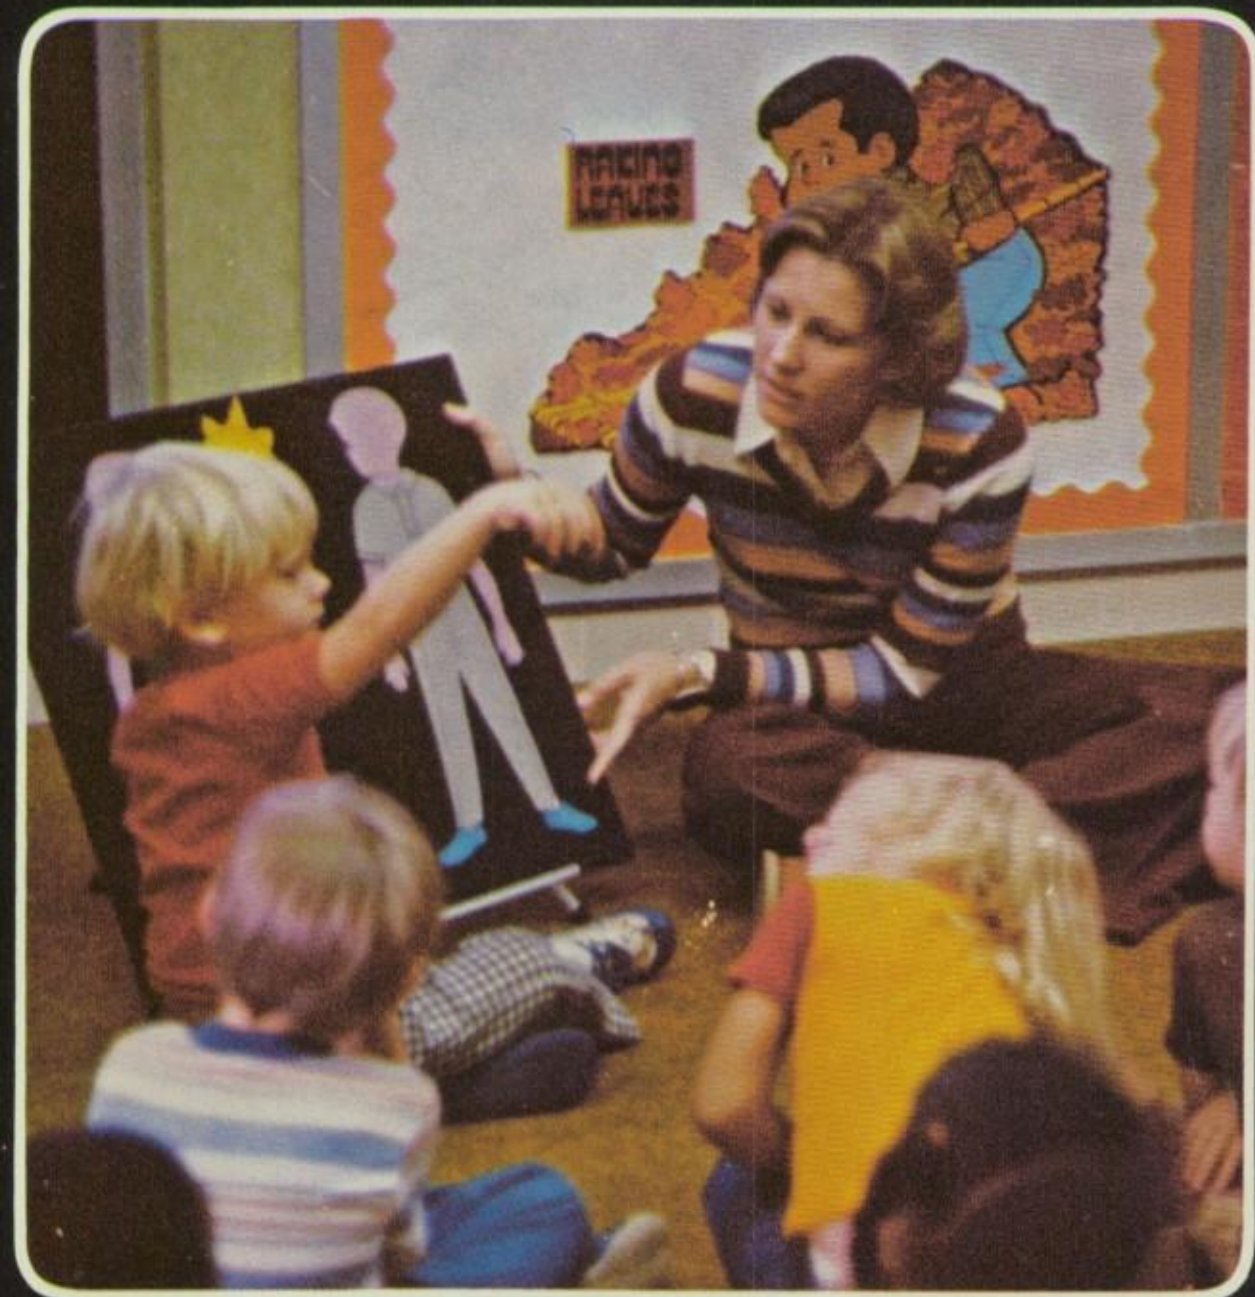

In each of our lives there is at least one person who has added extra vision to our existence. As sponsor of the Senior Class of 1976, as co-sponsor of the Student Senate, as a devoted teacher, and as a loyal and caring friend, one person has added extra vision, extra perception, and extra care to each life she has touched. Because of this, we, the 1976 Origin Staff, dedicate our work to Miss Rosalyn Broadfoot.

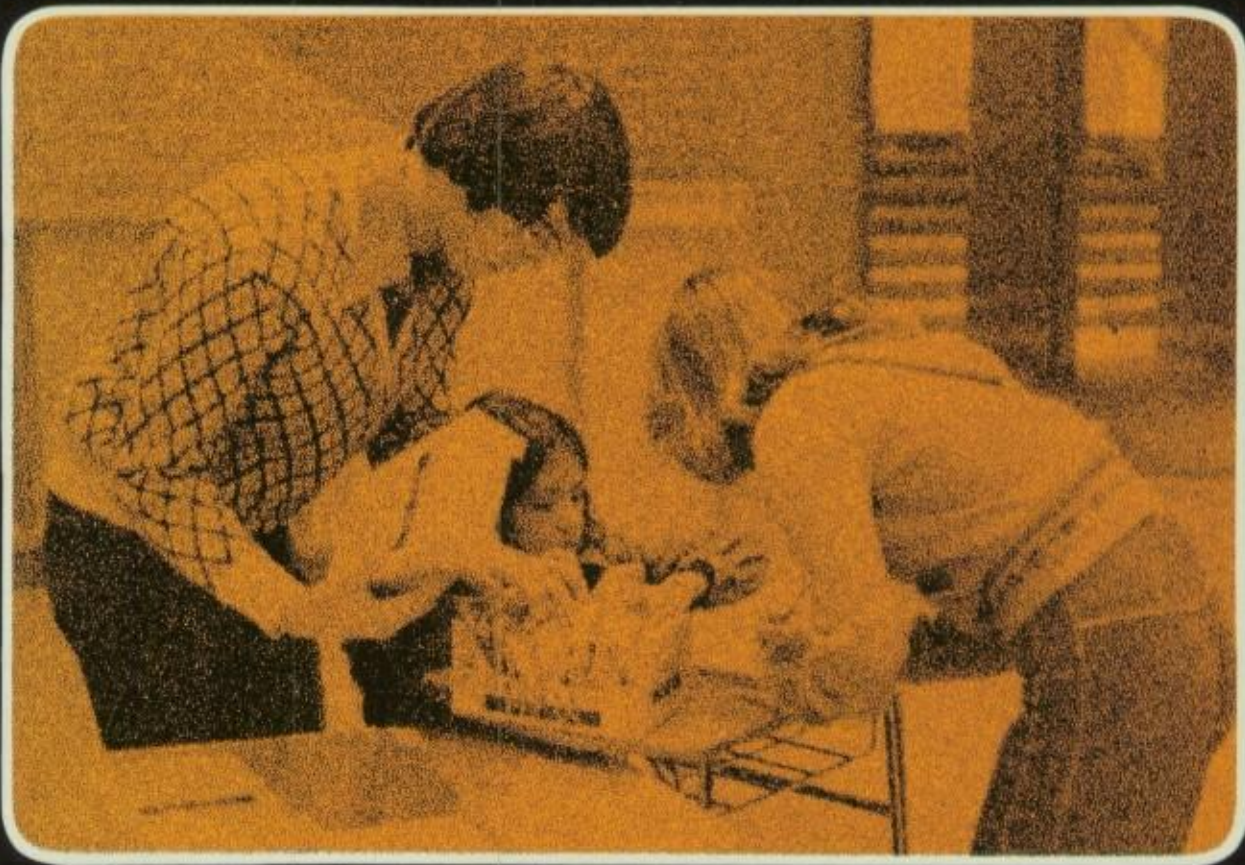

People hand in hand
Have I lived to see the
milk and honeyland
Where Hate's a dream and
love forever stands
Or is this a Vision in my
mind?"

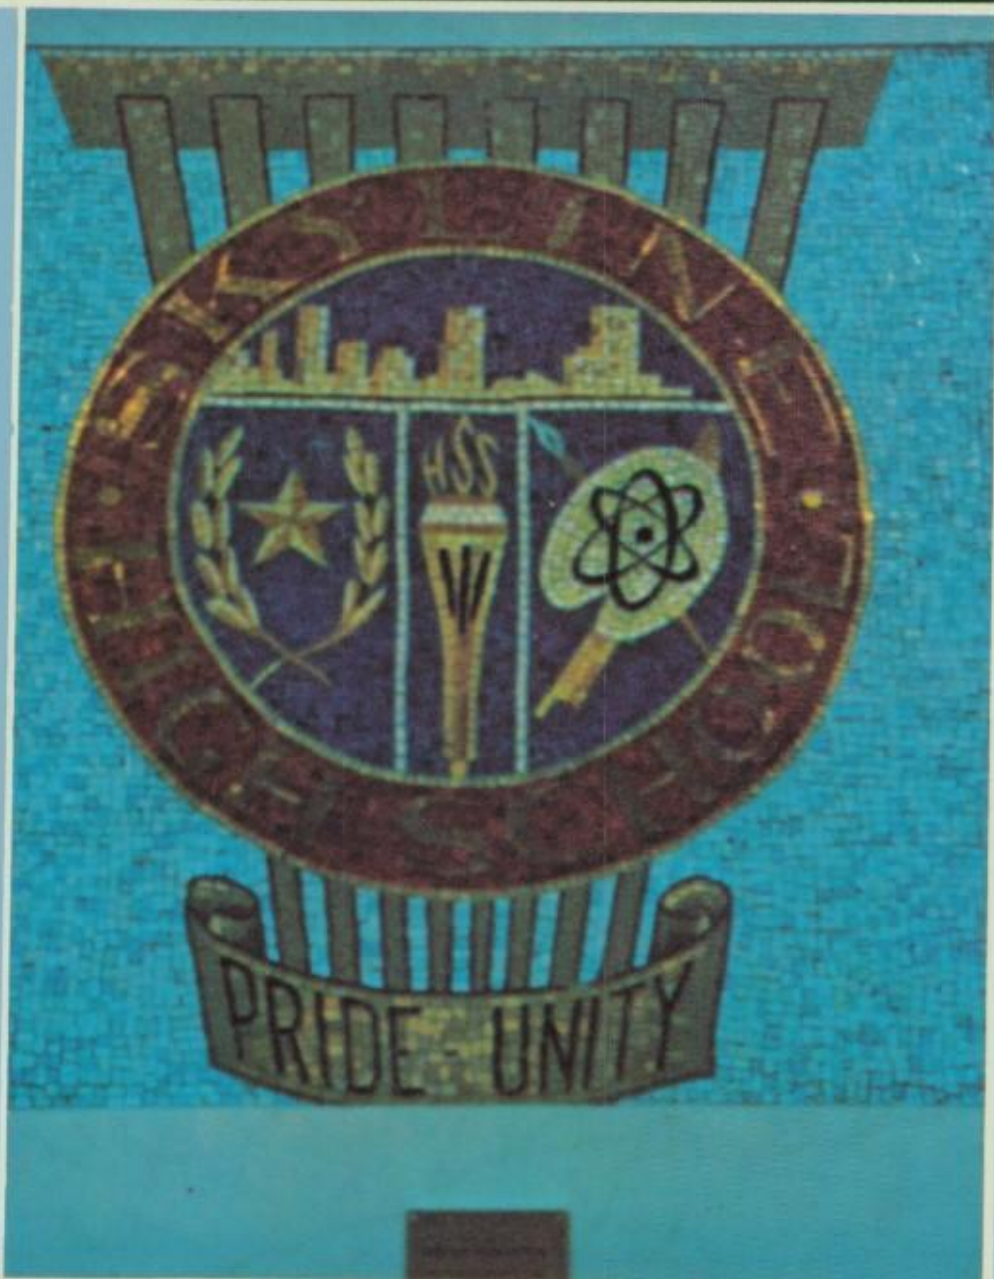

From the clamorous
cheering and unified
singing of the alma mater
to the quiet atmosphere of
the classroom; from the
intimate moments we
share together to the
solitude of self-expression,
we each seek the
fulfillment of our
innermost visions. Seeking
— questioning and
envisioning — we all want
answers. No one person
knows, yet, together, hand
in hand, we can find out.
As one student shares
personal experiences with
another, as one teacher
relates to another the way
to bring an inanimate
theory to life, or as a
teacher helps a student
understand a complex
formula, we see our
visions becoming realities.

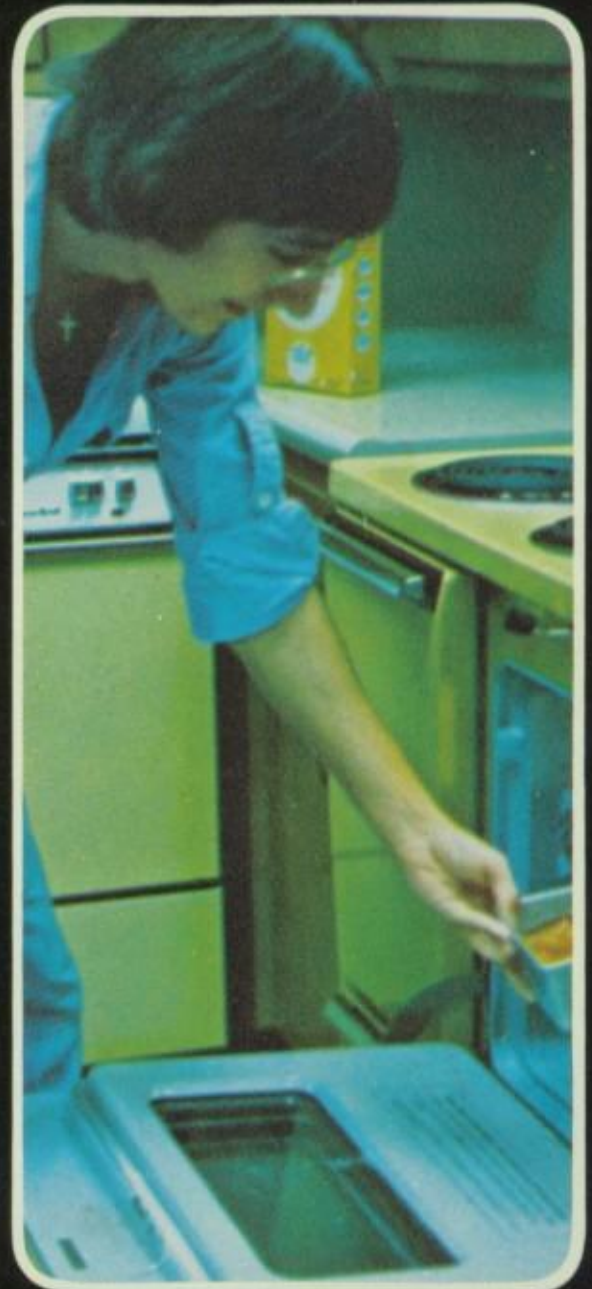

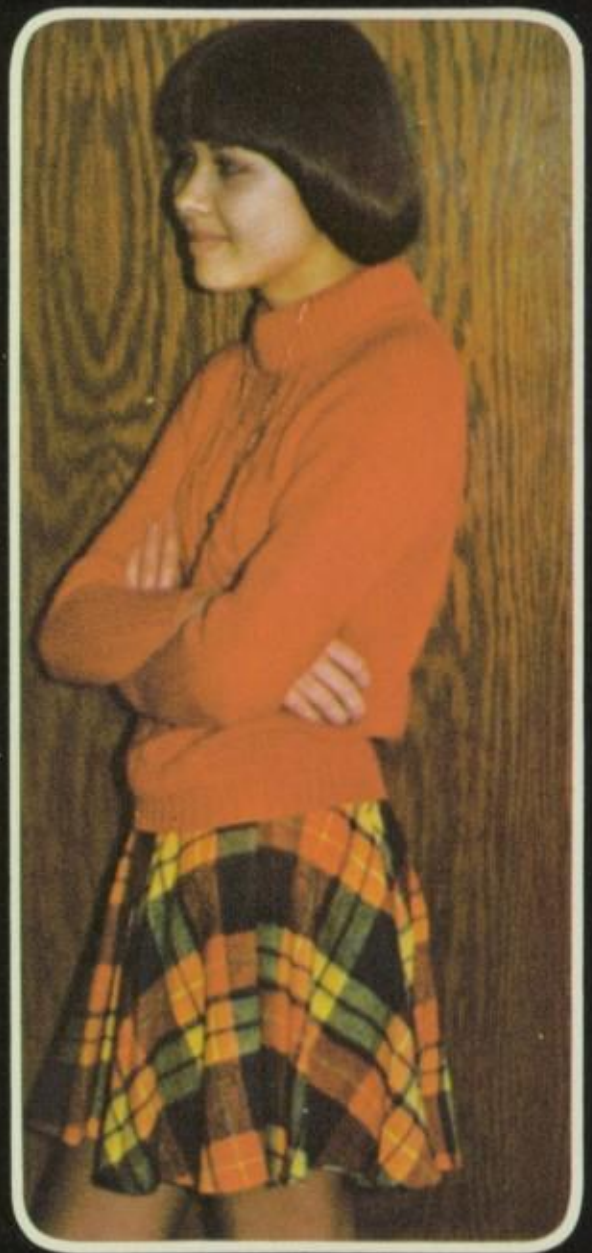

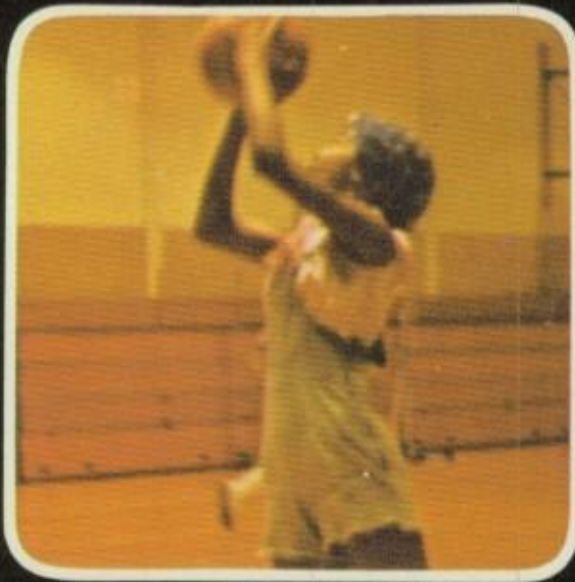

"The law was never passed
But somehow all men feel
they are truly free at last
Have we really gone this
far through space and
time
or is this the vision in my
mind?"

Bicentennial bragging gave us a year to reflect on the past and determine just how far we had really come "through space and time." The first graduating class in 1972 sealed Skyline with traditions. They began a revolutionary student government, started traditional yells and chants, and graduated from the best equipped school in the Southwest. With all the innovations through the years, 1976 still had lingering vestiges of the past — hall monitoring by teachers, a "no-hats-in-the-building" rule, and other reminders that freedom comes only with responsibility. Emphasizing the total development of the student — academically, vocationally, socially — the originators of Skyline, like the Founding Fathers of America, recognized the need for an individual to fulfill his visions in order to become a valuable member of society.

PRESENTED TO
SKYLINE HIGH SCHOOL
BY
THE FIRST GRADUATING CLASS
THE SENIORS OF 1972

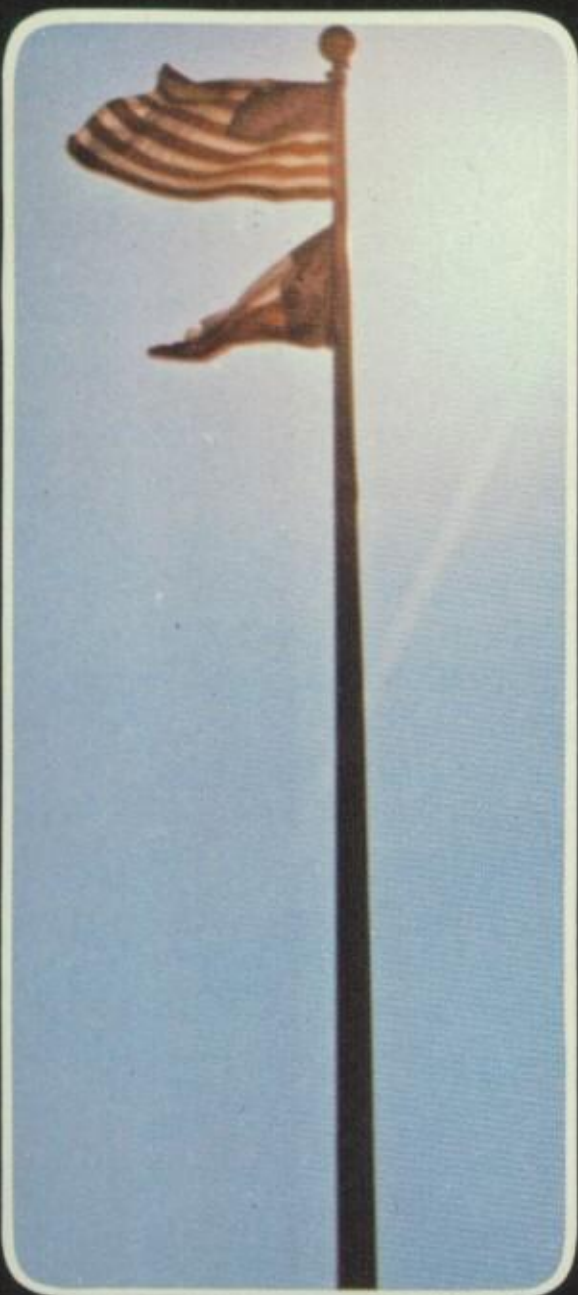

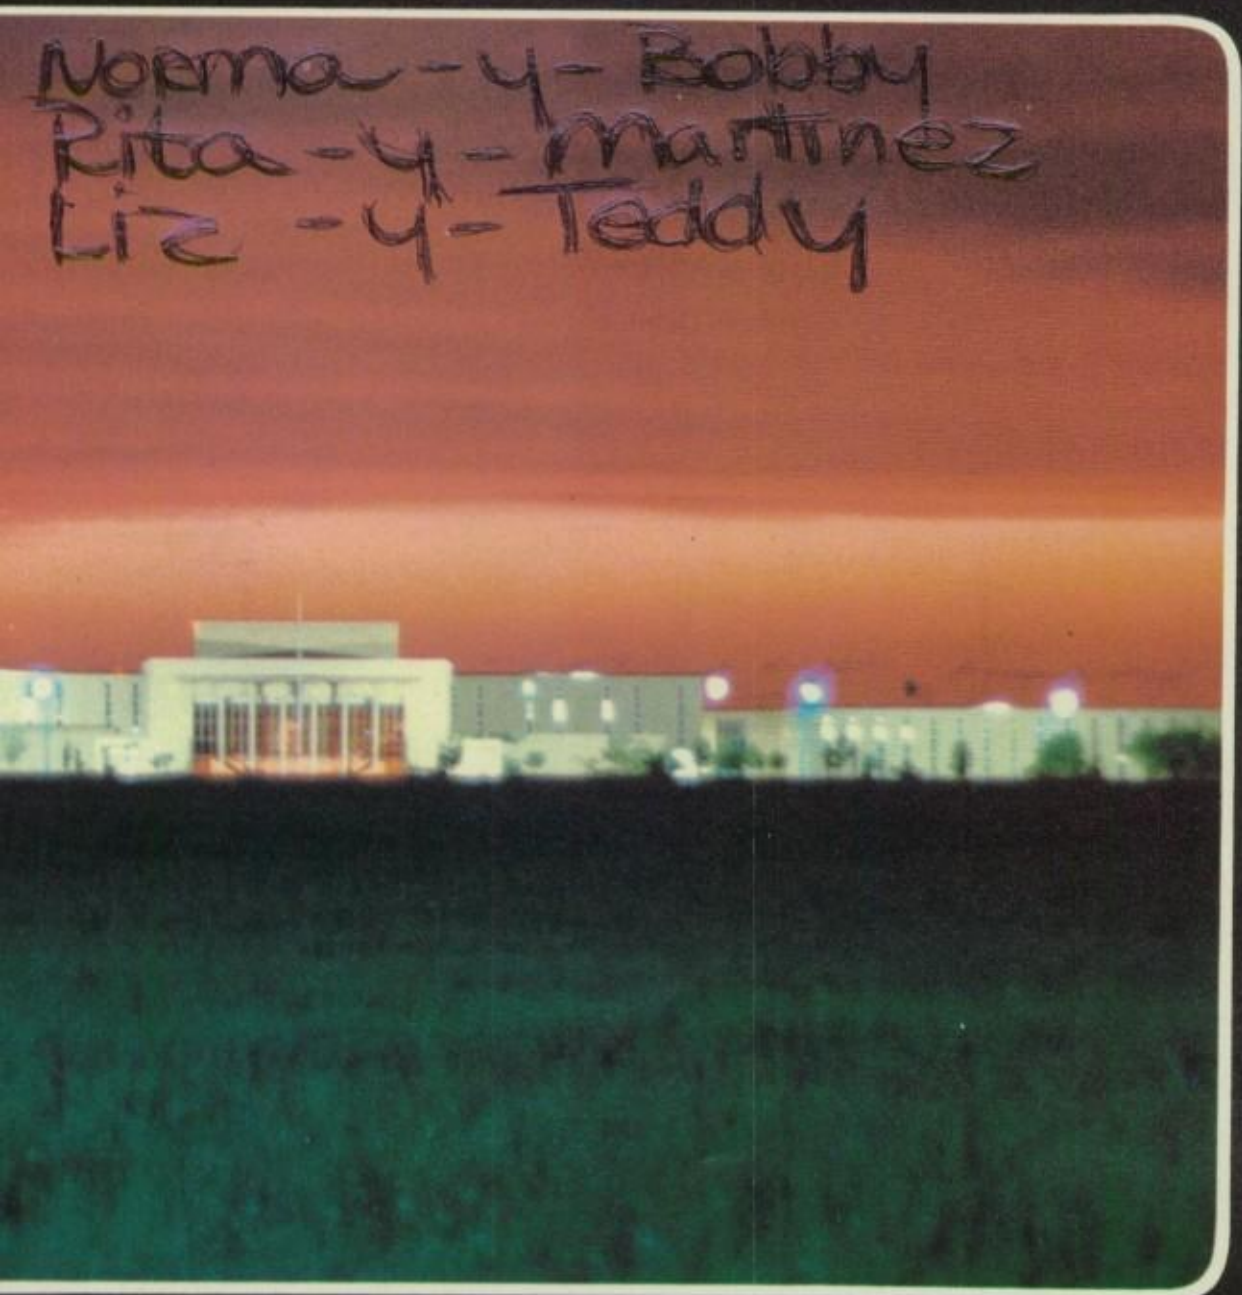

"We are not ones who
make-believe
We know that leaves are
green
They only turn to brown
when autumn comes
around
We know just what to say
Today's not yesterday."

As the leaf changes from
green to brown, so are our
lives everchanging. People
are unpredictable —
people are in a constant
period of transition. We
want to better ourselves
within our own system.
New trends are
continuously coming into
vision. Roles in society are
changing — women are
now in sports; men are in
the home. Fashions have
evolved into a new style.
Dresses are at new
lengths, heels are at new
heights, hair is in new
cuts. Whether it is five
years or two hundred
years, we find it hard to
believe that what is past is
past. Our memories rush
at us with the
breathlessness of reality
itself. Our friends, our
classes, our good and bad
times, our trying and
winning times, all piece
together for a finely
detailed picture. We wish
to hold the portrait up to
the mirror of today, up to
the mirror of our visions.
And what we see is what
we have learned — today
is not yesterday.

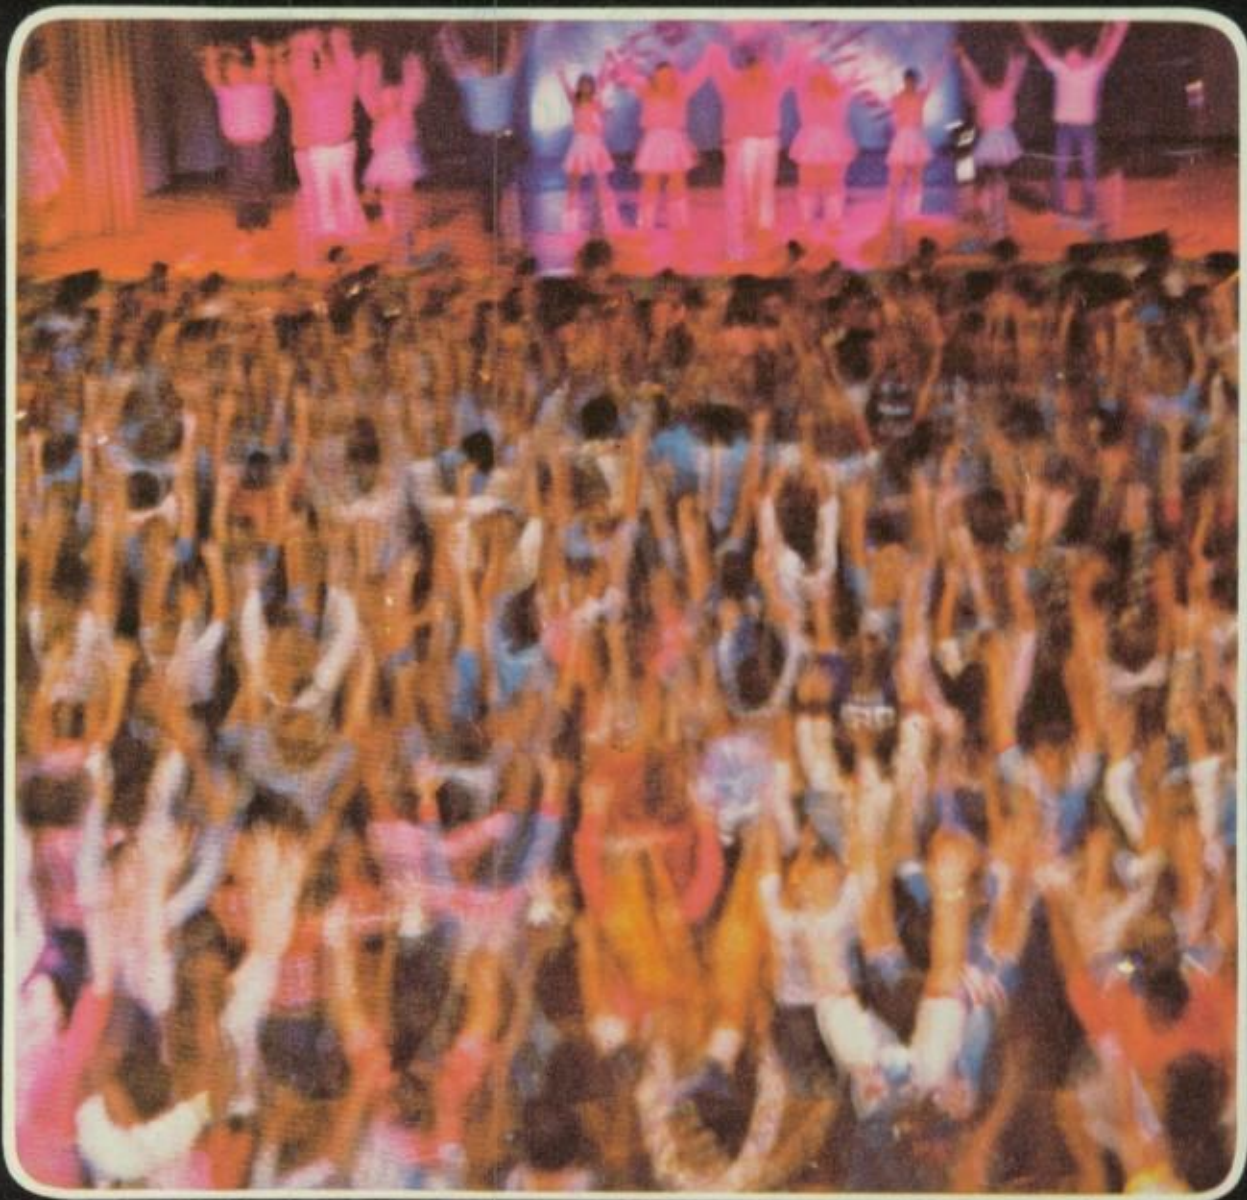

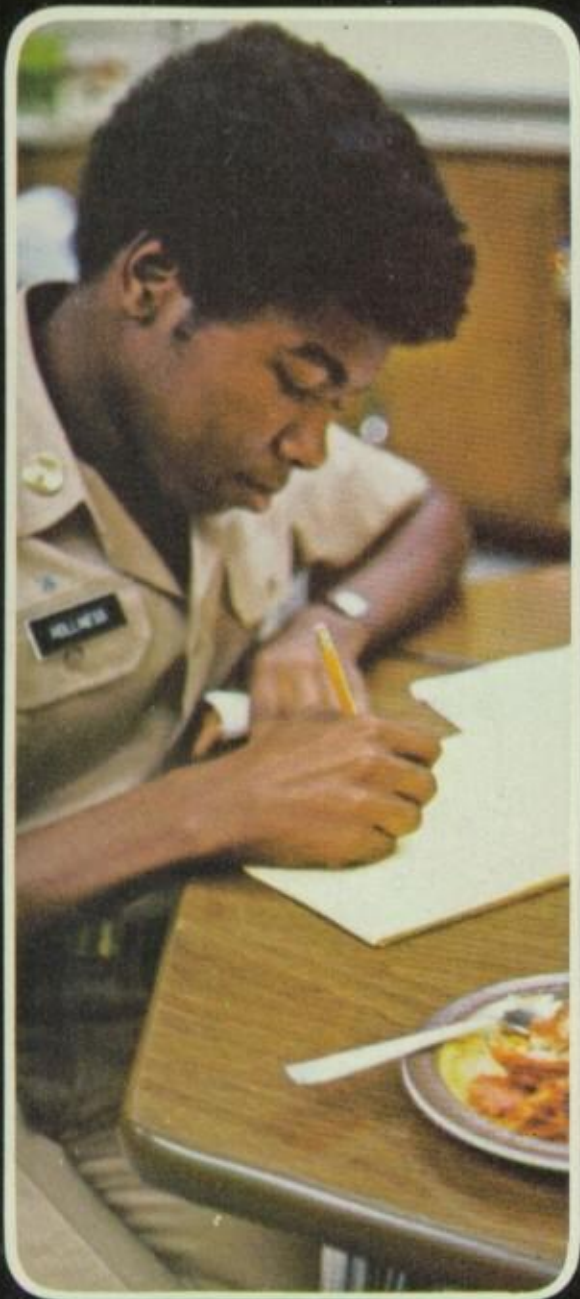

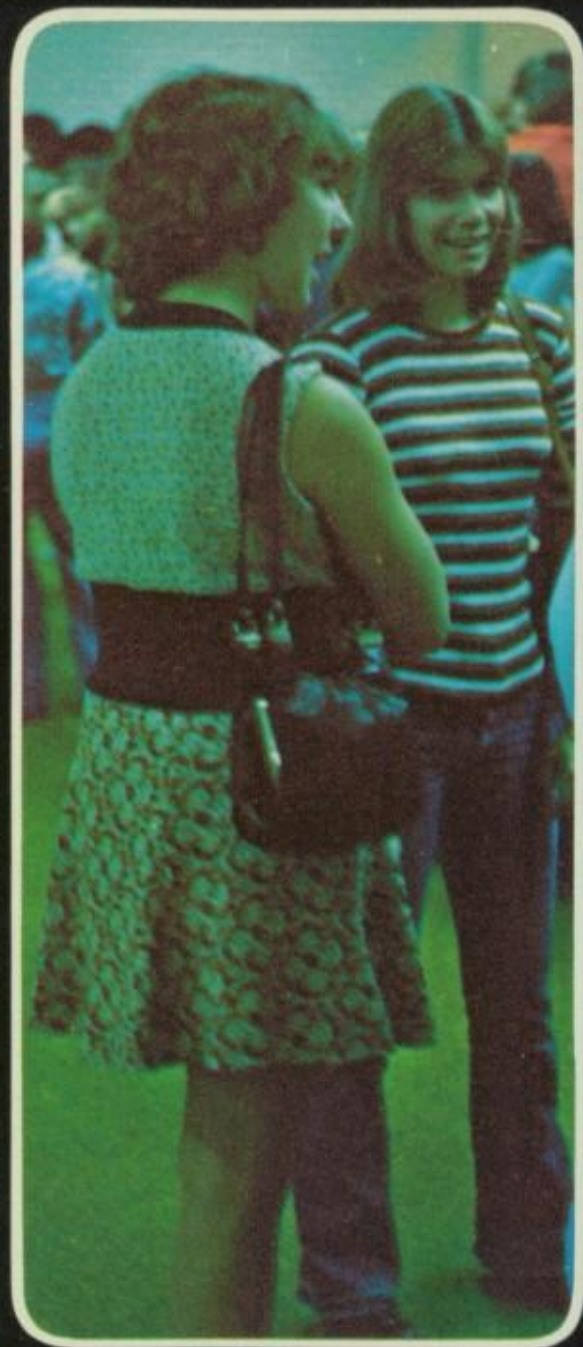

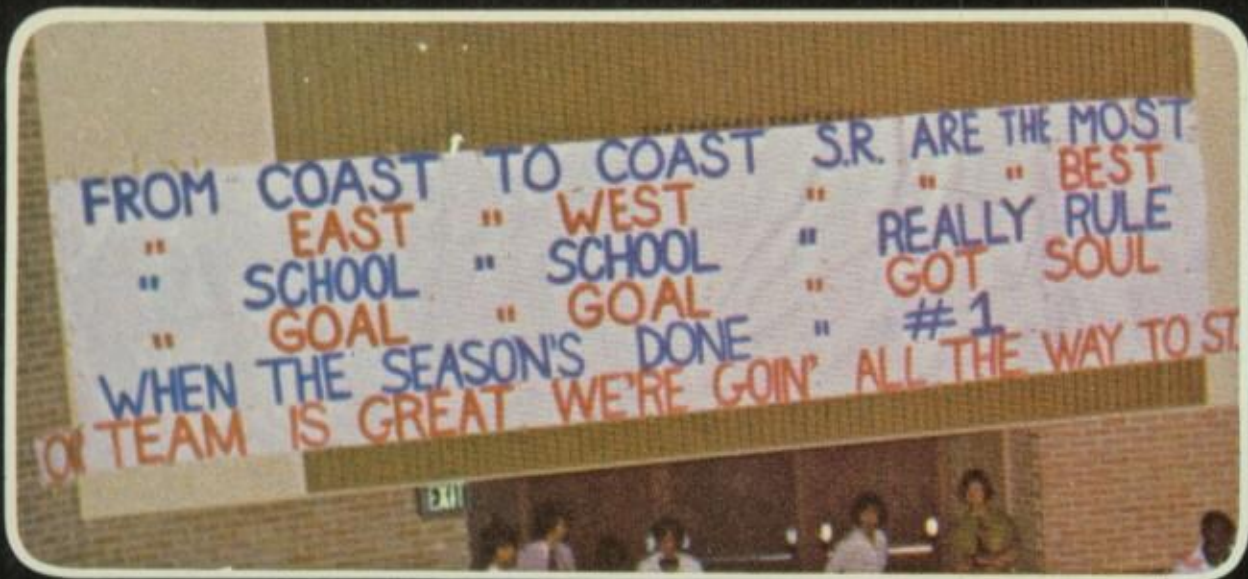

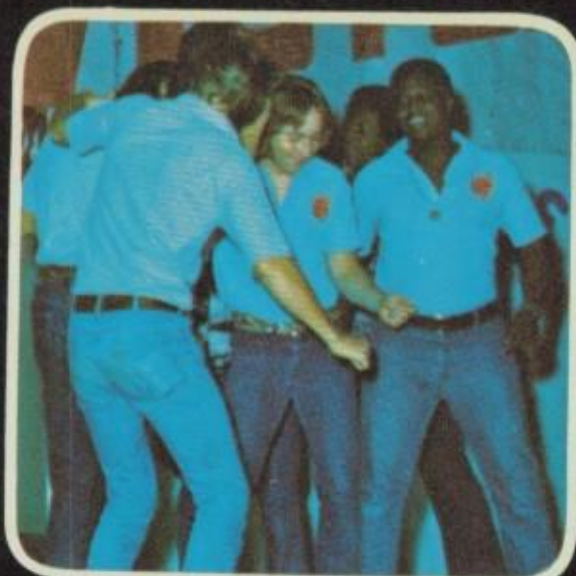

"But what I'd like to know
Is could a place like this
exist so beautiful
Or will we have to find
our wings and fly away
To the Visions in our
mind?"

Skyline, once a vision,
now is a reality in all of its
beauty and splendor. We
wonder at times if a place
like this can really exist.
Despite the little
imperfections and the
obvious evidence of the
occupation of the building
by more than five
thousand students, Skyline
remains a physically
beautiful setting for
learning and growing.
Through these majestic
columns, many have
entered to study, to
question, to search, and
finally to depart. Whether
a student's vision was to
be pipe fitter or president,
beautician or beauty
queen, aviator or actor, he
found the future started at
Skyline.

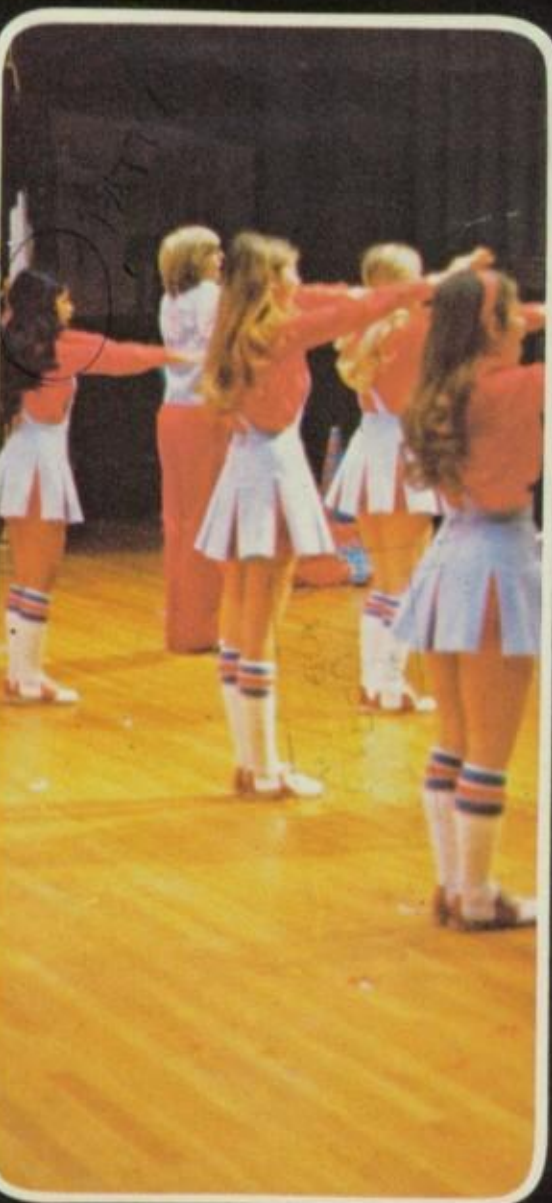

"People hand in hand
Have I lived to see the
milk and honeyland
Where hate's a dream and
love forever stands
Or is this a Vision in my
mind?"

We are young, we are strong, and our visions take on a clarity rivaling that of a reflection of the stars in a clear blue mountain lake. We are caught up in the demands of the day — the dictates of fashion, of culture, of departures and goodbyes. We've lost our grasp of the thread of yesterday and the golden thread of tomorrow beckons us forward. Gathering all that we have learned in this academic sanction of knowledge, we choose wisely. We choose to tie the trailing threads of today and yesterday together with our lives and visions securely in tow. Using these threads as a guide rope rather than a harness, we are free to unleash our ideals and projections. After so many years of teach and learn, give and take, rise and soar, we are ready to reveal, relate, and display our very beings as we amazingly lift the curtain on our sharply outlined silhouettes of what we are and who we can be — the promise of tomorrow is ours.

Panorama

Panorama is a continuously changing scene as defined by Webster. No word could better serve as a description for the student life section of *The Origin*. Skyline students spent their hours not only studying and going to class but also dancing the German polka at the State Fair, painting spirit signs for the Homecoming game, and risking a tardy while waiting for a Whataburger. A high school student has a constant continuum of thoughts and visions — love, hate, jealousy, kindness, prejudice, respect, longing, ambition, laziness, intelligence Through the activities at Skyline he found an outlet for his visions in his daily panorama.

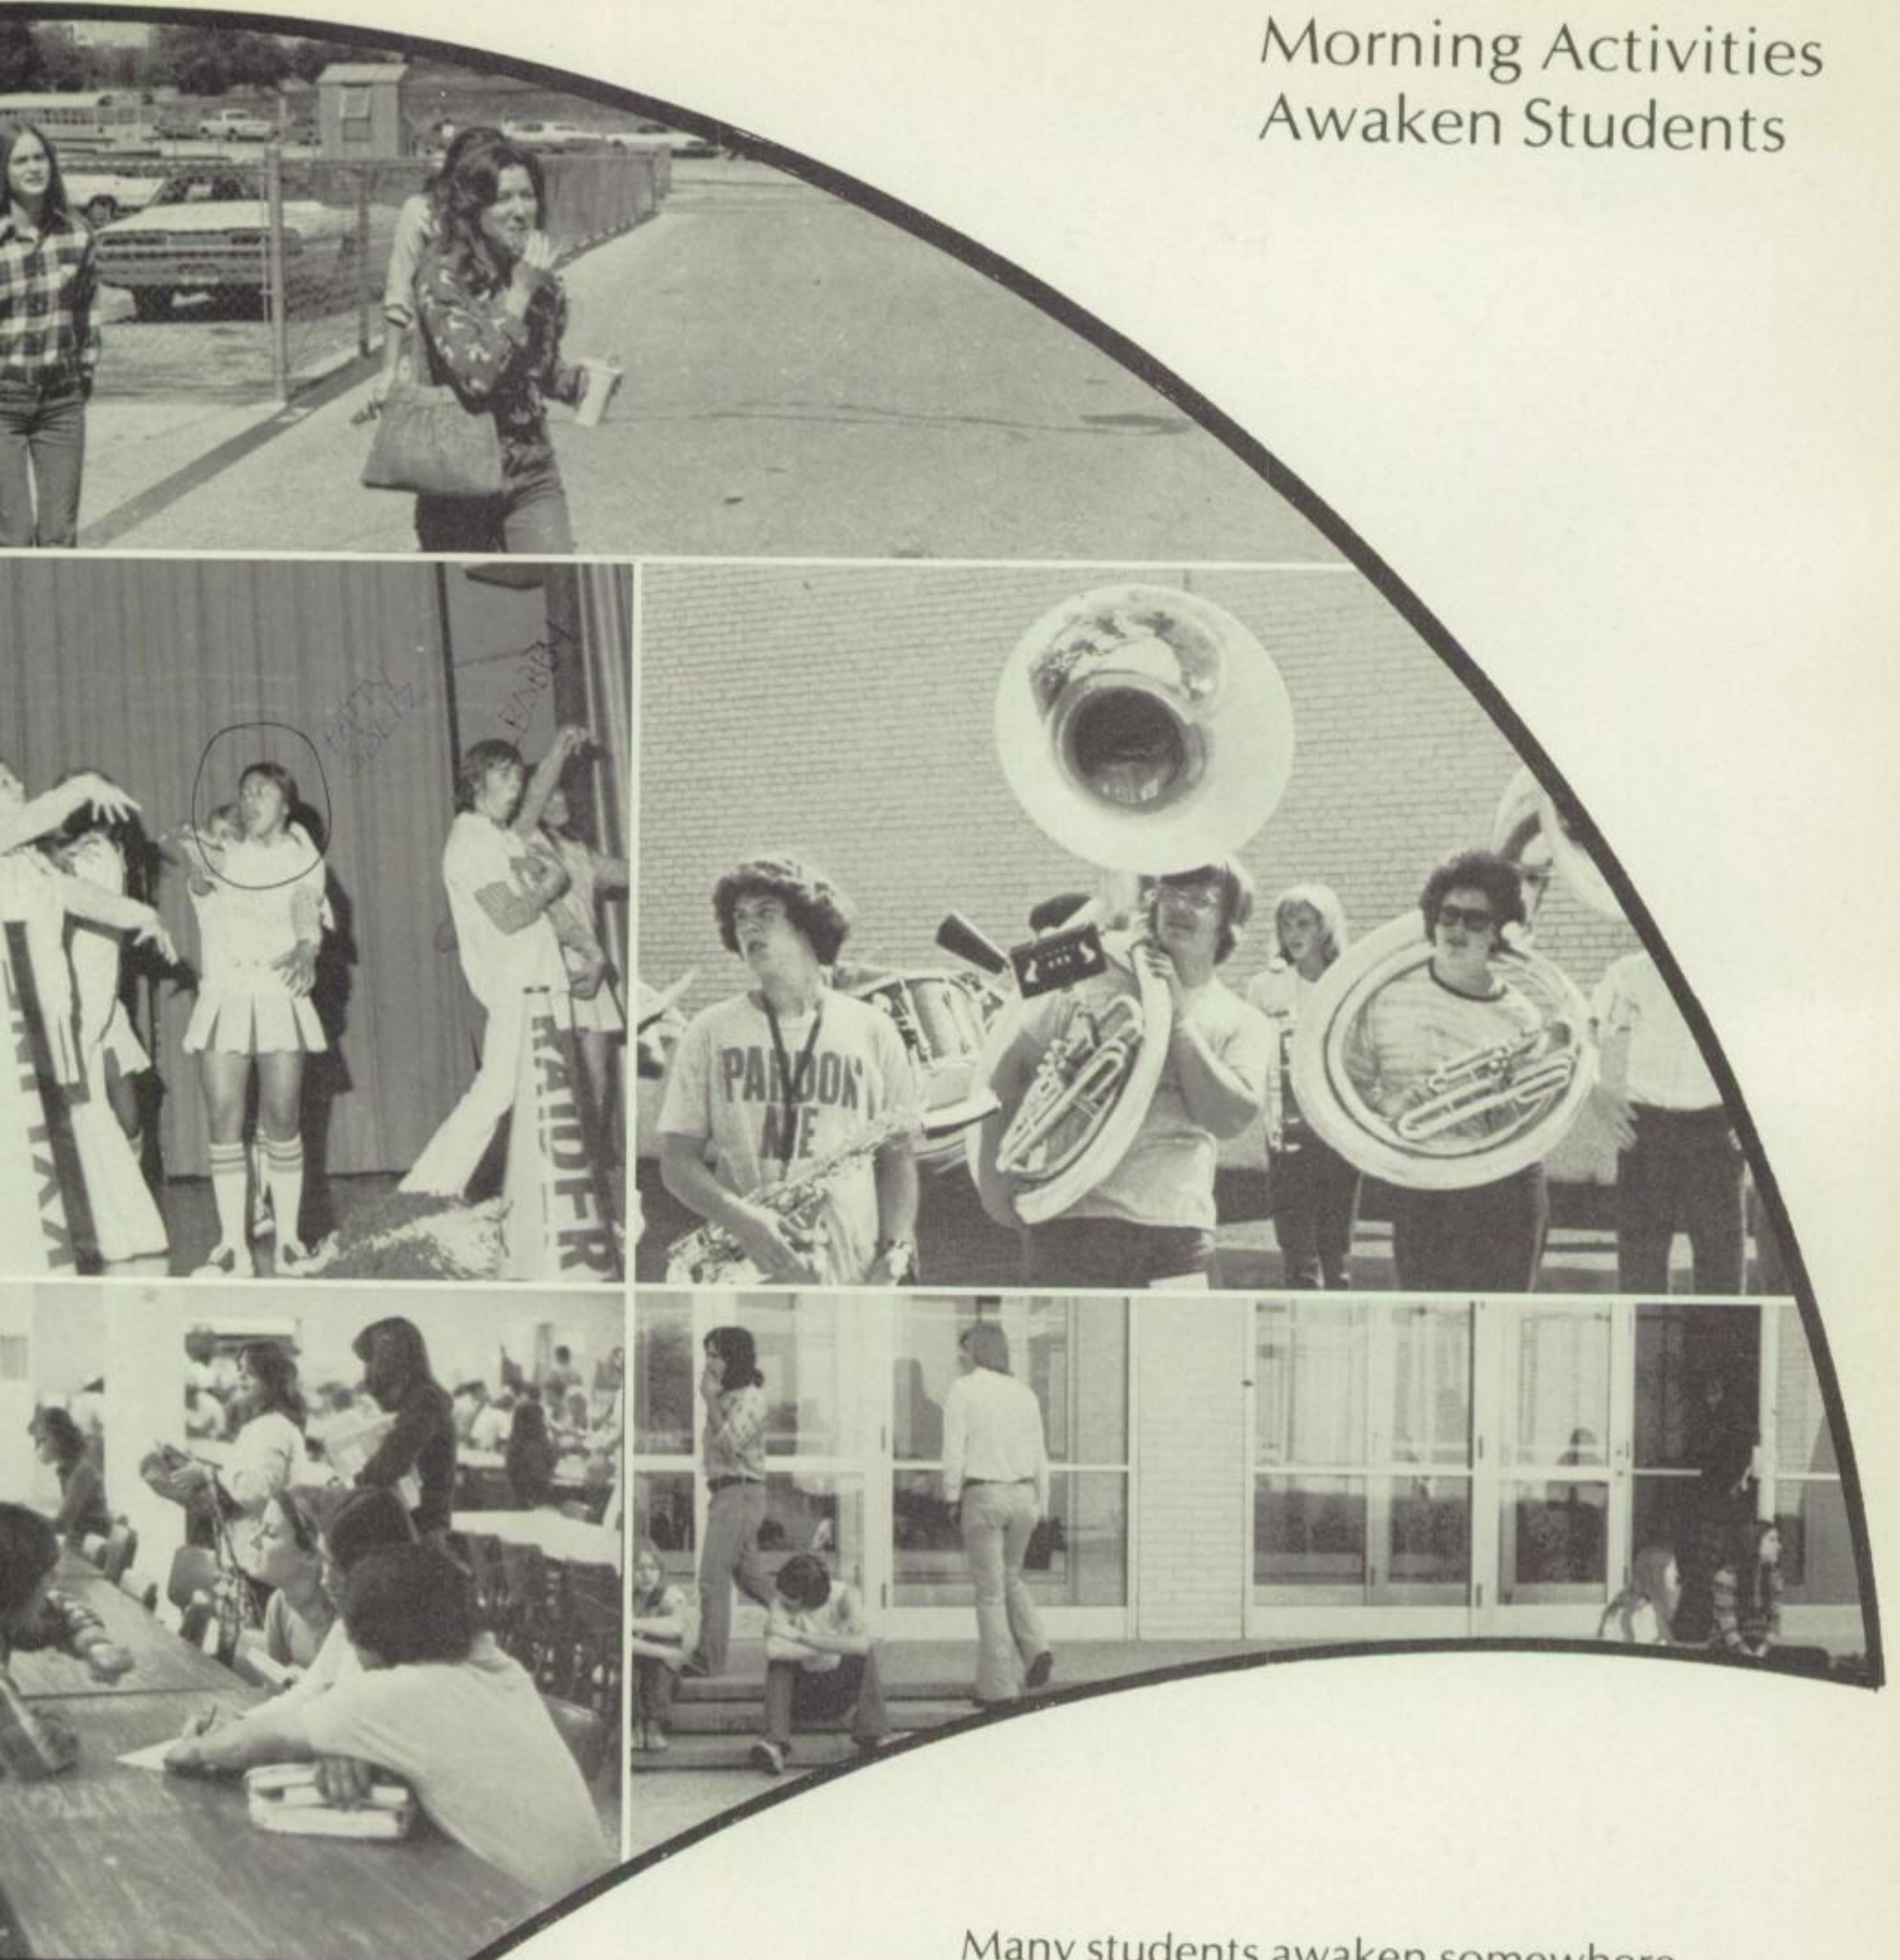

Woke up, got out of bed,
dragged a comb across my
head . . .

Beatles

Band, drill team, clubs, student center, the
parking lot, and homework due first
period all take place before school starts.

Morning Activities Awaken Students

Many students awaken somewhere between second and third periods, but some open their eyes on a bus or in the student center. Eight-thirty bells ring, attendance is taken and the day is well on its way.

Lunch and Afterwards

Students order large economy size of info.

Probably the most important part of the day for most people is the half hour they spend stuffing their faces.

Feeding faces.

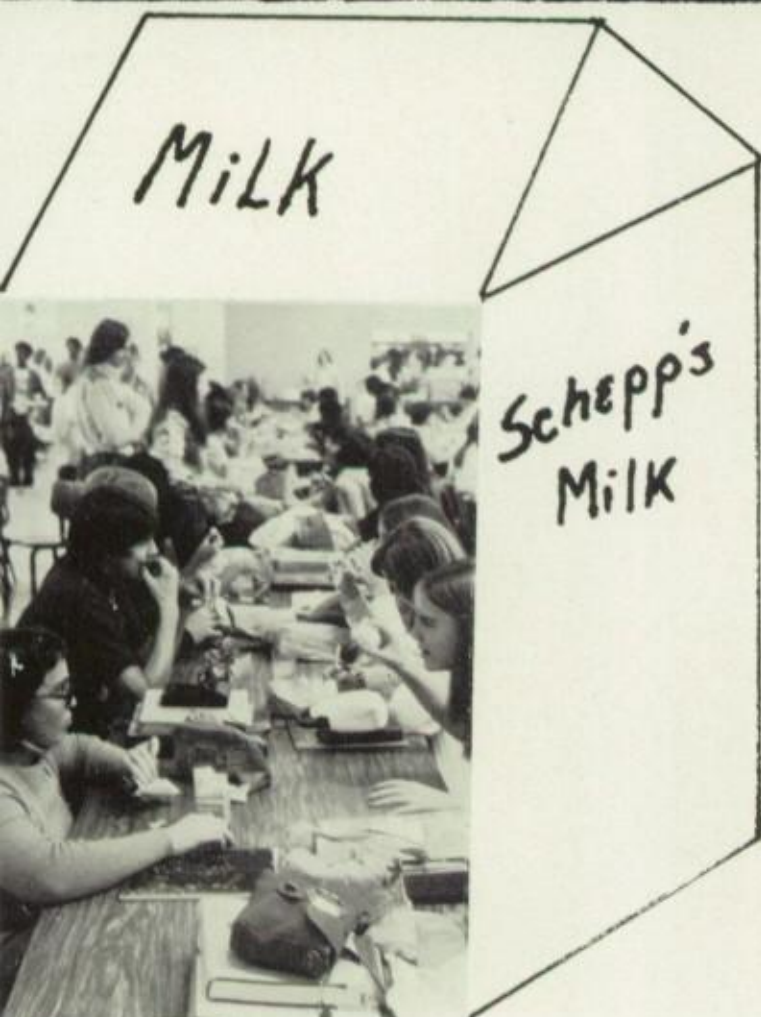

Janitor???

No, this is not the Information Please Almanac.

Trading lunches, deciding whether the entre for the day is a hockey puck or a meat cookie, and filling up the student center are daily activities accomplished during lunch.

Sophomore Orientation

Our 1975-76 sophomores came to Skyline on August 15, 1975 to see their future school on a full scale. Tours were given, clusters were visited, and friends were made. They have now fully adapted to Skyline and are a vital part of the school's student body. This opened the door to the dreams and schemes which were to follow through the school year.

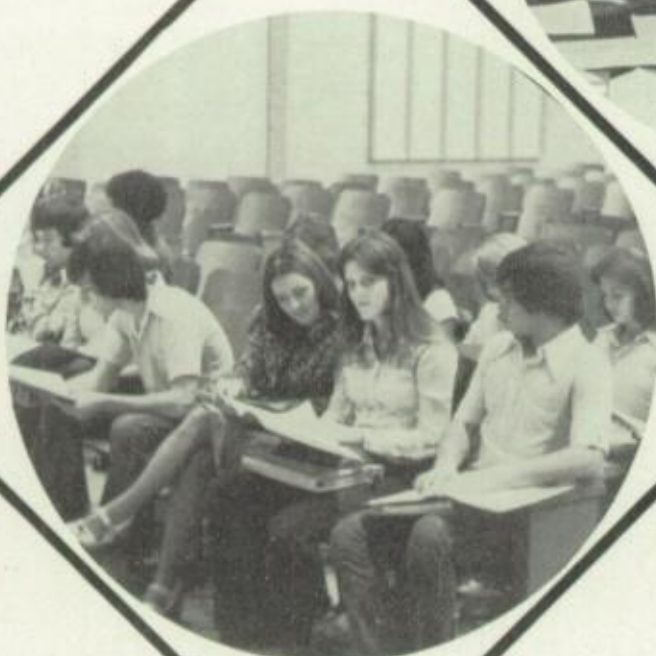

Opening Day Starring Students

New schedules, new classes, forms, faces and friends. Teachers and homework — where will it end? The first day opened and closed smoothly, as did the rest of the year. We followed this school year through almost till the end from the first day. It's been a good year as we await the last day.

Applications for student senators were filled out prior to the elections on September 9, 1975. Campaigns for senators and officers were launched, ending in three class assemblies to hear speeches presented by the candidates for class officers.

Jocks cheer for themselves.

It's all a part of making noise.

Hey, hey bar-bar-eba!!

Who wants gum? . . . I do! I do!

Back slappin', hand clappin' time.

Yelling, cheering, clapping and screaming all come in when the auditorium fills up. The student body gave full support to the football games this year, providing spirit for every game.

Skyline visits Owl Country.

Did you see . . . ?!

Some people are outstanding in their fields.

The 1975-76 football team had a thrilling year. The team led the school to victory after victory with a few shortcomings in between. The student body supported the team with spirit in the auditorium and at the stadiums. We all had a great time in the fall with football, and the spirit lasted throughout the year.

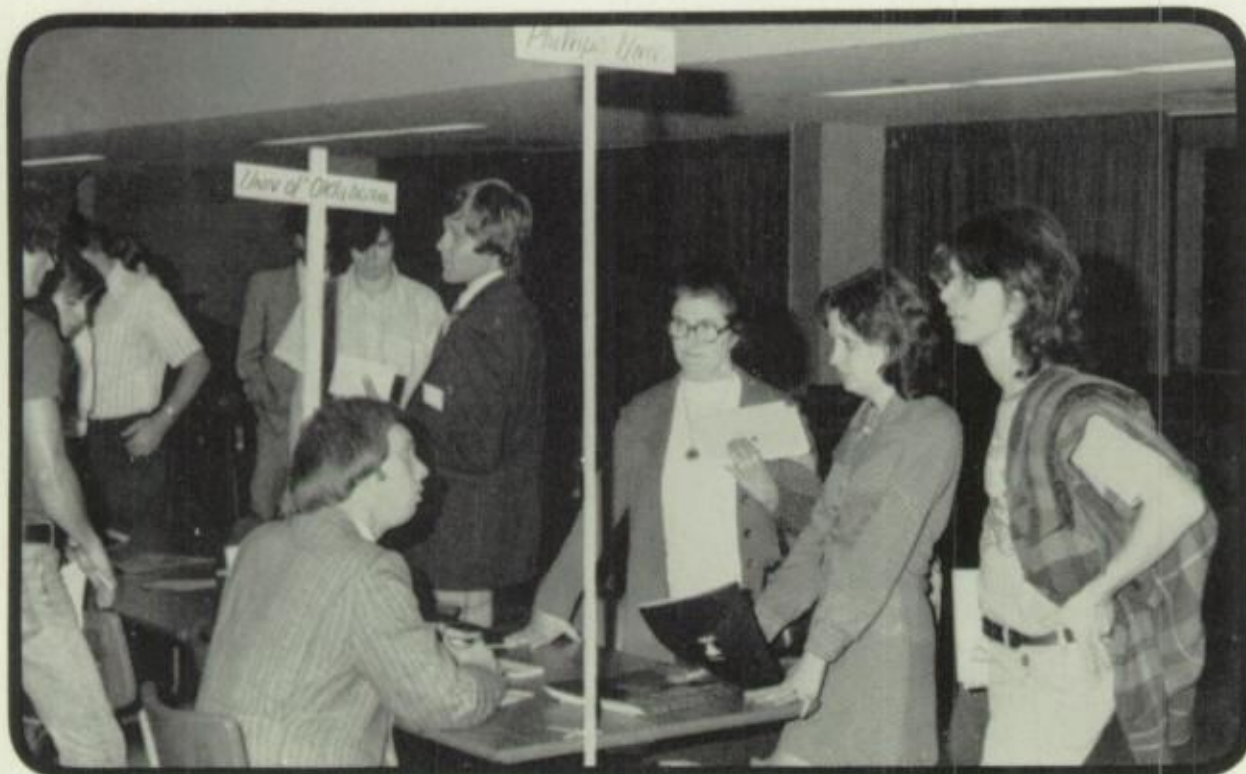

Students yell out for cheers, raise hands in alma mater and class identification, and support the football team at the football games.

College Night

Questions were raised answers were given, and decisions were contemplated. So much future lies before us, we could not possibly have decided in one night which college, if any, we would attend, but everyone got to taste the tid-bits the colleges offered.

Gail and Jon get information.

Going to Rice, Liz?

were the days!!!

These are the days. No finals, seniors 76, more freedom, and nearing legality. Summertime is coming, holding in store many new things for all of us. We've almost finished this year, only to begin the cycle again, but it will be a whole new one for all of us.

Black

Black History Week is dedicated to all the people, past, present, and future, who have or will contribute to the advancement of black people in America. Some are known, but many are unknown. Some are young, but many are old. As we celebrated Black History Week from February ninth thru thirteenth, this Bicentennial year, we give honor to them all. A journey through blackness is the story of trials and tribulations about a people who overcame the bonds of slavery to carve for themselves a place in the history of the world.

This year as we journeyed through blackness we have kept the vision and the faith of our fathers alive and growing in our hearts and in our minds.

The Clusters

The clusters are the original essence of Skyline. The clusters have changed quite a bit in the past one, two, or three years, just as we all have. No where else can a high school student obtain the type of instruction that he can receive at Skyline, and no where else can one find the kind of friendships made in the CDC.

Seniors Now and Then

Now you see them . . .

Now you don't . . .

It is always difficult to convey what it is like to be a senior. Graduation is so close, one can taste it, yet it is still so far away. The realization that one's senior year is his last year in a high school learning institution hits hard, especially when one realizes that he may never see many of his high school acquaintances again in his life. New doors must be opened and new friends made. What is yet to come, we cannot begin to envision. What has already passed, we can remember and cherish.

In a kaleidoscope, each piece contributes to the whole, giving designs of multi-colored grandeur. Yet upon closer inspection, each fragment reveals its own unique individuality. As particles of a kaleidoscope, Skyline's organizations are each part of a totality, yet none parts with its distinct characteristics. Only at Skyline can a student participate in anything from rodeo to radio, math to the military, spirit to speech, and business to bicycling. We create the patterns. Our organizations become the shapes, turning to form ever-changing visions.

*Pain and pleasure, agony and achievement, winning and worrying all make up the spectrum that is Skyline sports. From the physical contact of football to the individual effort of track, men and women both found athletic competition a vehicle through which they could see their visions materialize. In losing they took their bruises, bumps, and injured pride as an encouragement to practice their shortcomings to perfection. In winning they generated the power and influence that belongs to a victor. From their victories came greater visions.

Coaches

During his first year at Skyline, Coach M. A. "Red" McCollum has guided the Raiders to the District 11-AAAA championship. Coach "Red" has already built a reputation at Skyline as being a warm, sincere person with a sense of caring for everyone with whom he comes in contact. Dub Lewis and Harry Lantz work with McCollum on defense and offense backs.

Also coaching other Skyline teams are Harold Hughes, Joel Ezar, Harwell Coleman, Sherman Hughes, and Raymond Gatewood.

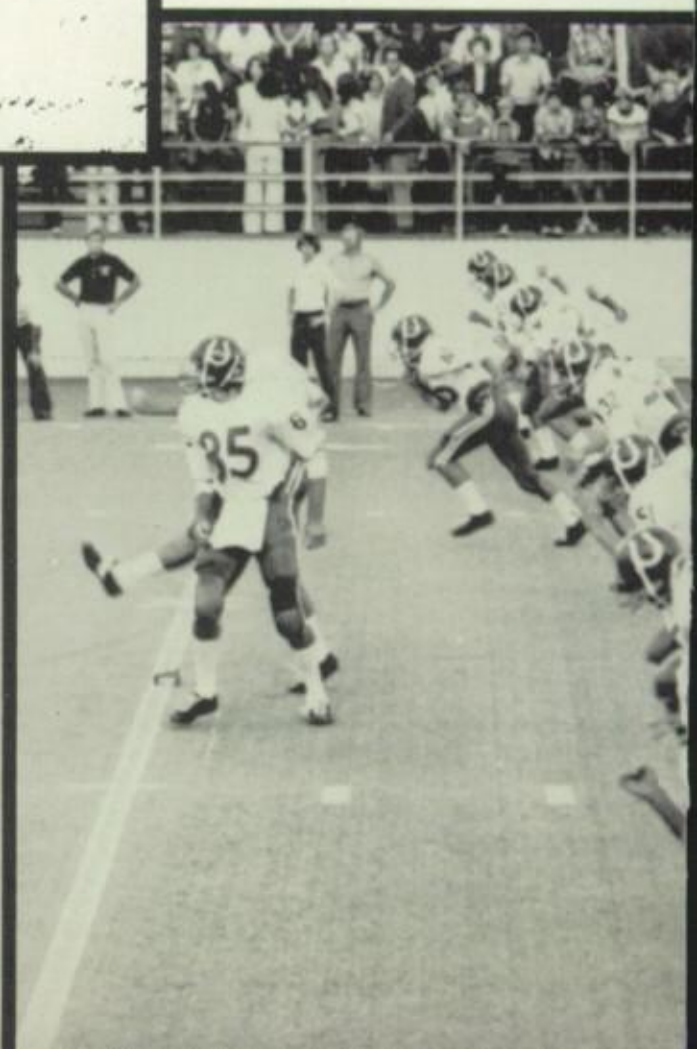

Skyline 20 Garland 0

Under the magnificent running ability of fullback Alan Landua, the Skyline Raiders were spurred on to a 20-0 opening game win over the Garland Owls. Raider fans soon realized their visions of victory would materialize, as Skyline amassed 259 yards rushing, while holding the Owls to only 116 yards. Landua carried the ball 17 times for 187 yards and three touchdowns.

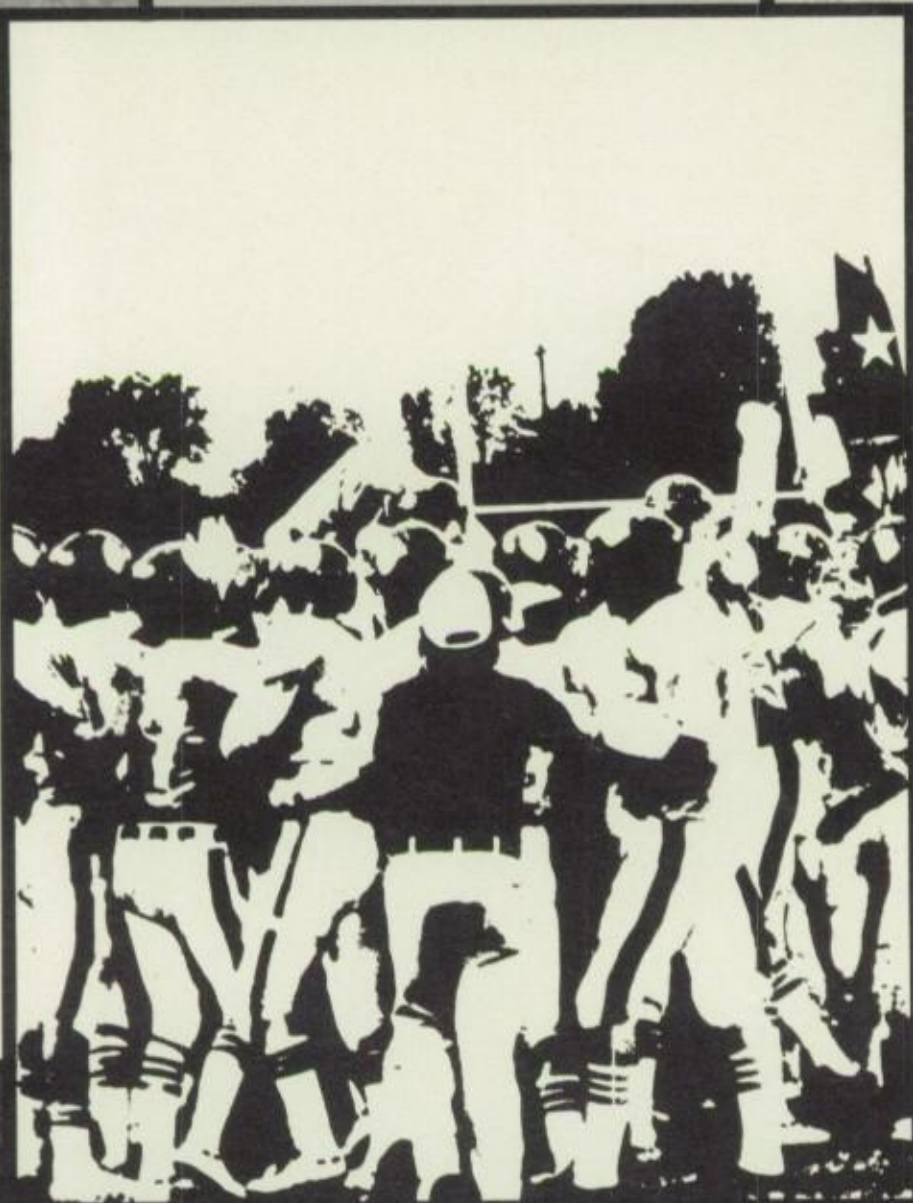

The Raiders managed to escape the rain, seemingly traditional at the annual North Mesquite-Skyline match-up, but they could not escape their own mistakes, as they were handed their first loss of the season, 23-13. Skyline's three fumbles of the night were quickly turned into Stallion touchdowns, and North Mesquite's potent defense held the Raiders to only 47 yards rushing.

Defense was the key word in the Raiders' third game of the season, as Skyline came out on top of Woodrow Wilson, 7-0. The game-winning touchdown for Skyline came from Alan Landua. Kicker Jeff Jones added the extra point. Late in the fourth quarter, the Wildcats drove to the Raider five yard line, but fumbled the ball away to the Raiders, ending their only scoring threat of the game.

Skyline 7 W. T. White 6

In a game which many considered the "test" of the Skyline varsity, the Raiders proved themselves formidable opponents for the W. T. White Longhorns. Skyline emerged as victors in the close defensive battle, 7-6. Alan Landua scored the lone Raider touchdown, and Jeff Jones added the extra point which proved to be the deciding factor of the game.

Skyline 28 Lincoln 6

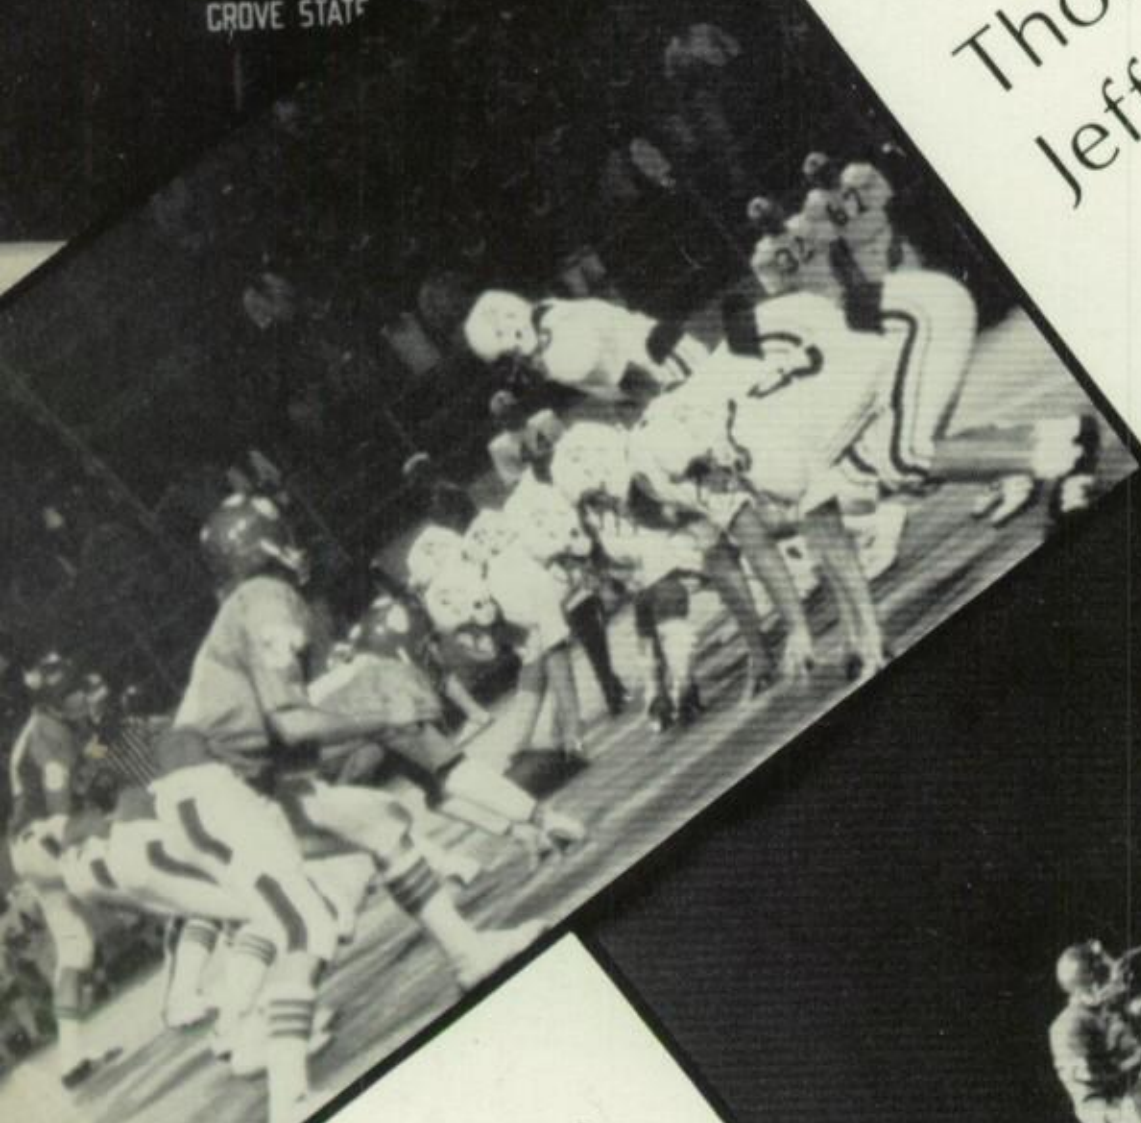

Exciting isn't exactly the word used to describe the contest between Skyline and Lincoln. In fact, it was almost boring, as the Raiders walked all over the Tigers, 28-6. The game was marked by many fumbles and penalties, while the Raiders ran up 150 yards rushing, compared to Lincoln's 31.

Skyline 16 Thomas Jefferson 13

Skyline upped its district record to a perfect 4-0 mark when the Raiders defeated the Thomas Jefferson Patriots 16-13. The game was highlighted by 122 yards rushing in 17 carries. The Raiders turned the Patriots' costly fumbles into points on the scoreboard, and held off a T.J. drive late in the fourth quarter to insure a Skyline victory.

Samuell 14 Skyline 0

In one of Skyline's most competitive rivalries, the Raiders upset the Samuell Spartans 14-0. The Spartans were led by junior Donald Kelly, who scored both Samuell touchdowns. This game was later forfeited to Skyline, however, because Kelly was an ineligible player for Samuell.

Kenneth Shaw

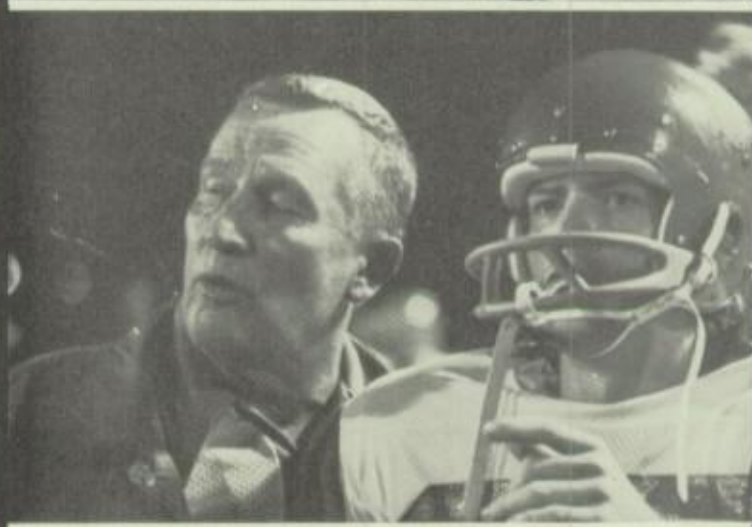

Skyline 15 Hillcrest 0

Reginald Hawkins' 60 yard punt return for a touchdown spurred the Raiders on to their sixth win of the season, blanking Hillcrest 15-0.

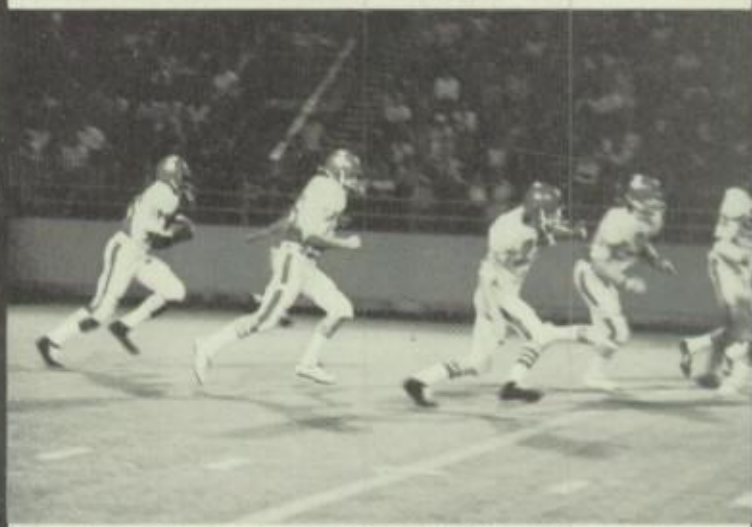

Skyline's offense amassed 175 yards rushing as the defense held the Panthers scoreless on several drives into Raider territory.

Spruce 7 Skyline 6

Skyline's hopes for a homecoming victory were dissolved as the Spruce Apaches downed the Raiders 7-6. Skyline outplayed Spruce. The statistics proved this as the Raiders gained 222 yards rushing, with 13 first downs compared to 118 yards rushing and 10 first downs for Spruce.

S k y l i n e 27 B r y a n A d a m s 7

Spurred by a third quarter offensive burst, the Skyline Raiders capped off their regular season play by soundly defeating the Bryan Adams Cougars 27-7. After leading 6-0 at halftime, the Raiders returned to score two touchdowns in the third quarter, and another in the fourth. Tommy Kelly led the Skyline offense with two touchdowns and 125 yards rushing on nine carries. This important win gave the Raiders the title of champions for district 11-AAAA.

Defense reigned supreme in the city championship game, but Skyline just couldn't stand up to D.W. Carter, as the Cowboys downed the Raiders 21-0. Skyline's touted defense held the powerful Cowboy offense scoreless for almost three quarters of play. Late in the third quarter, though, everything seemed to break loose as the Cowboys scored three touchdowns, one right after the other. Late in the game, the Raiders held off one final Cowboy scoring threat on the Skyline one yard line.

Opportunity is the vision every new student sees at Skyline. Each foresees his future in one form or another whether it be as a brick-layer or as a musician. Without the proper guidance, however, the visions could diminish. At Skyline, students have the tools with which they achieve their goals through their cluster curriculum, their instructors, and their career leadership clubs. These clubs help instill in the student a sense of pride in competition and a sense of acceptance by those with similar interests and abilities. These organizations give him foresight into his future in the field he has chosen, thus, putting him on the road to realizing his vision.

Montage

A parade — a glittering, gleaming, array of jostling, advancing, passing departing faces, voices and smiles. But somewhere amidst the ever-moving crowd is a face with an extra glow, that far-reaching vibe. Elsewhere a voice is heard more clearly than others, and messages of their words ring with added meaning and import. Intermittently there is something intangible others can only wish for and seek. In this section, Montage, we wish to slow down the passing parade and single out those deserving the honor and prestige of the spotlight. With our photographs and our printed words we hope to capture these people and their visions on paper for all to see.

1976 WHO'S WHO

In the following pages, we wish to present the Origin's choice for 1976 Who's Who section. Twenty seniors who have stood out from the crowd, yet at the same time **made** a place for themselves, have been chosen by a select panel of teachers, counselors, and administrators. With a focus on the future and their goals firmly in view, the top twenty seniors of vision and perception, 1976, are honored in these pages.

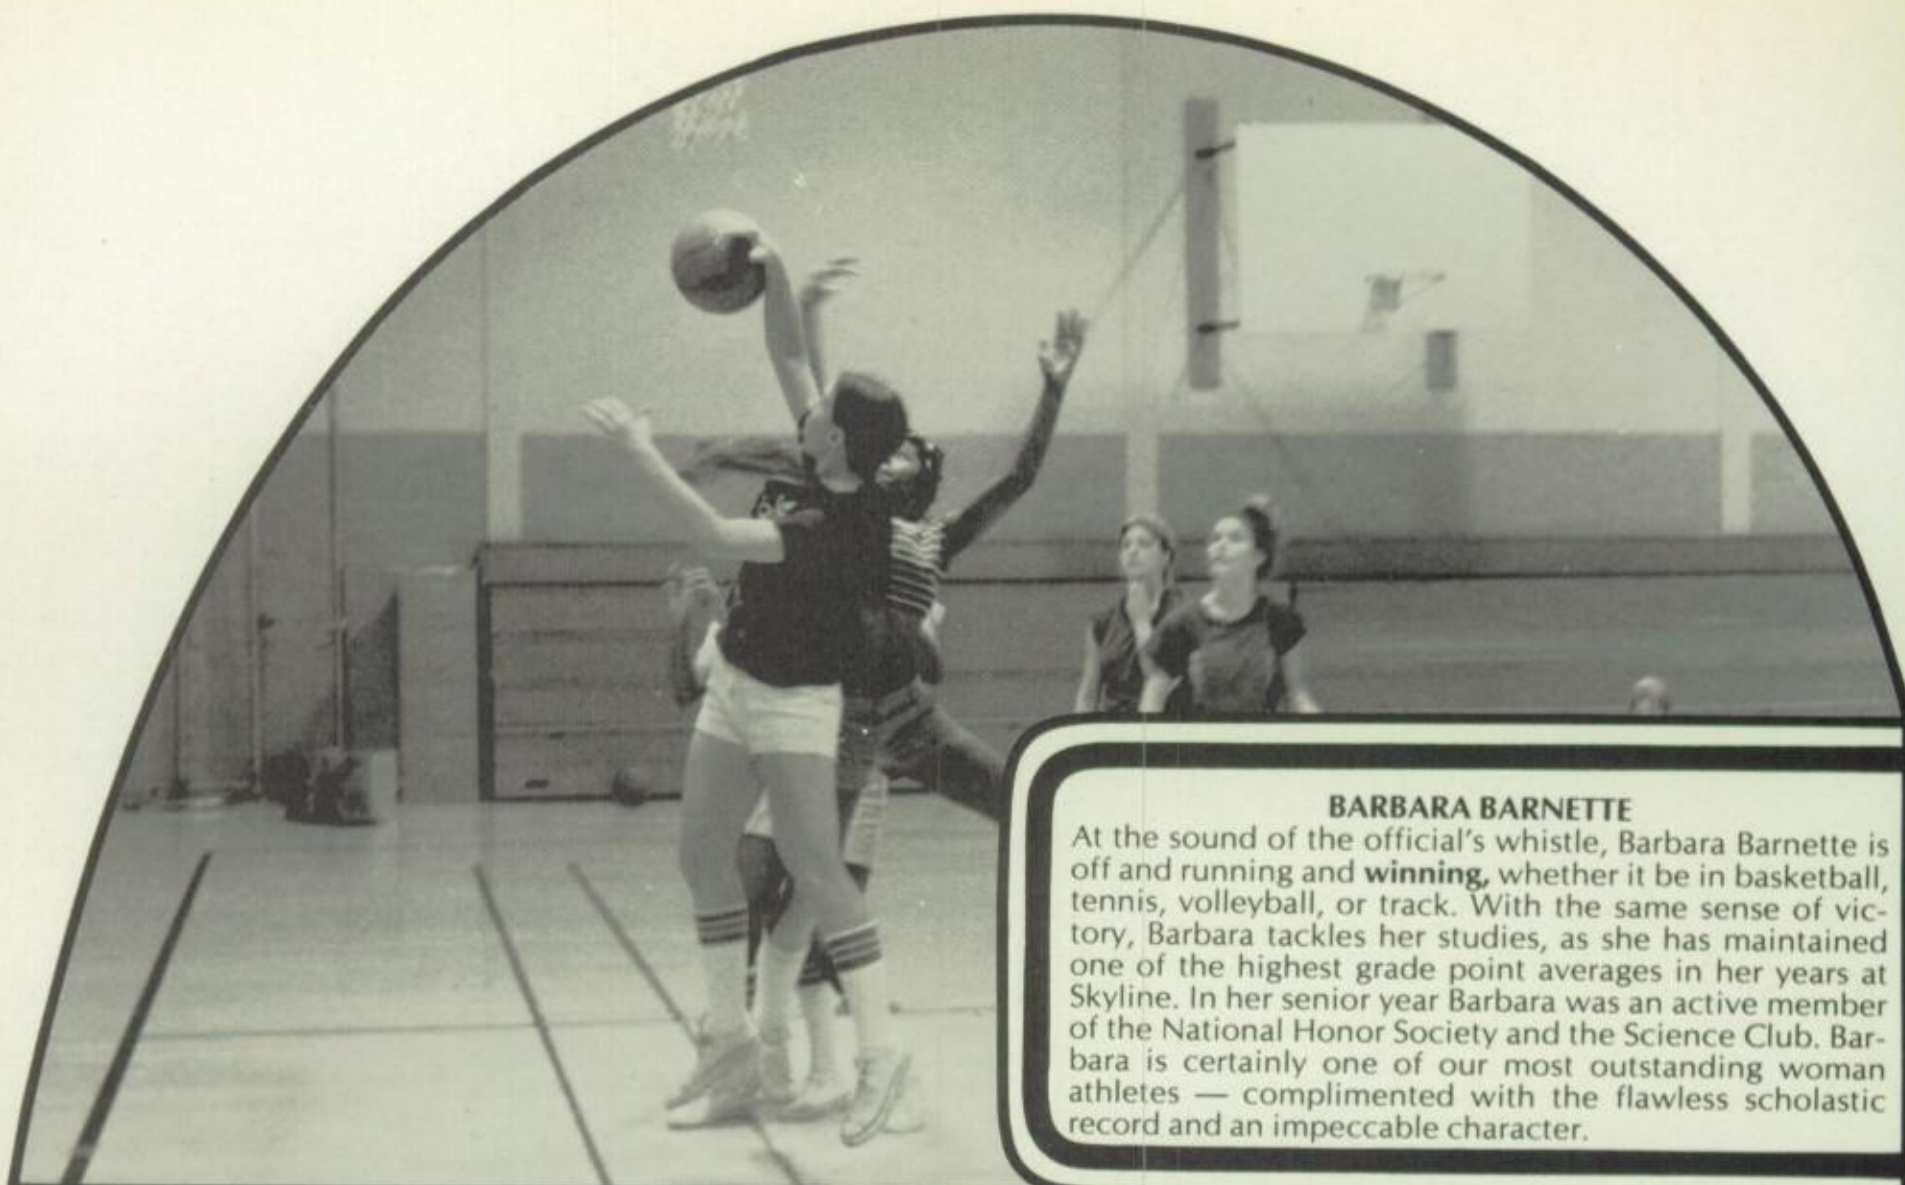

DAVID ALFORD

David Alford is a quietly exploding volcano, spouting ideas and inspiration with amazing rapidity. He is clearly active in the Executive Assistance Program, yet finds time and effort to participate in Skyline's Key Club. David holds a key ready and is able to open any door he chooses, as he is essentially equipped with a calmly powerful personality and an undisputedly magical way with people.

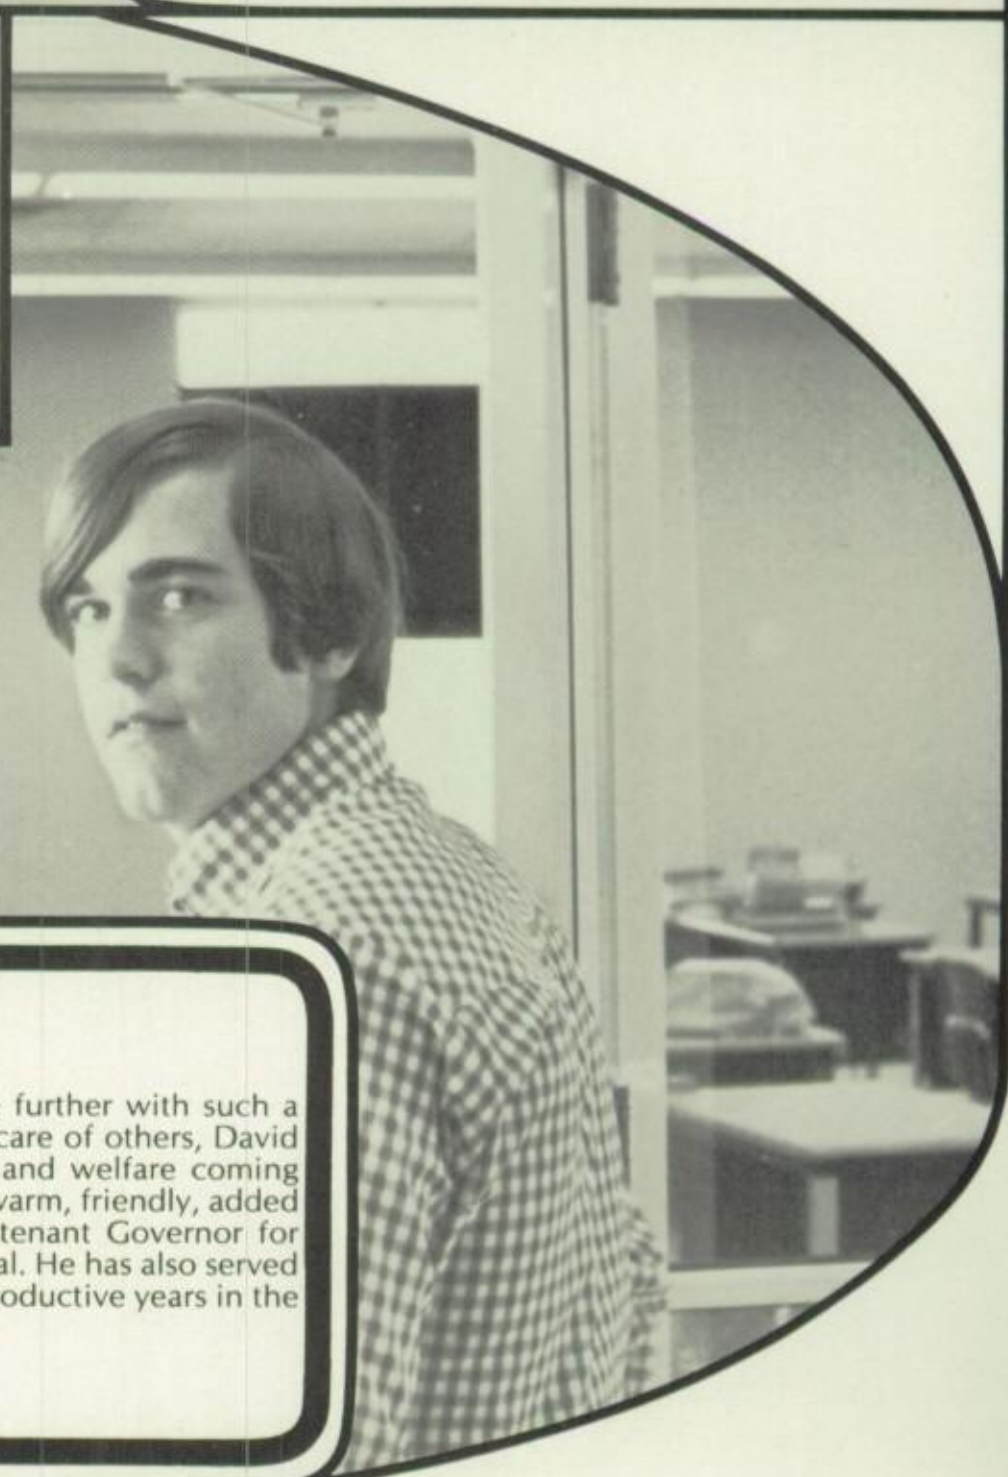

CHUCK ARMSTRONG

Look down the halls during the regularly scheduled rush hour and focus on the most individually looking, sounding and moving person on the scene. If you were to stop and talk to this person his name would inevitably be Chuck Armstrong and you would be on your way to meeting one of Skyline's most talented and refreshing students. Chuck's works in Architecture and Commercial Art are not only professional, but they shine with the glimmer of originality and brilliant imagination.

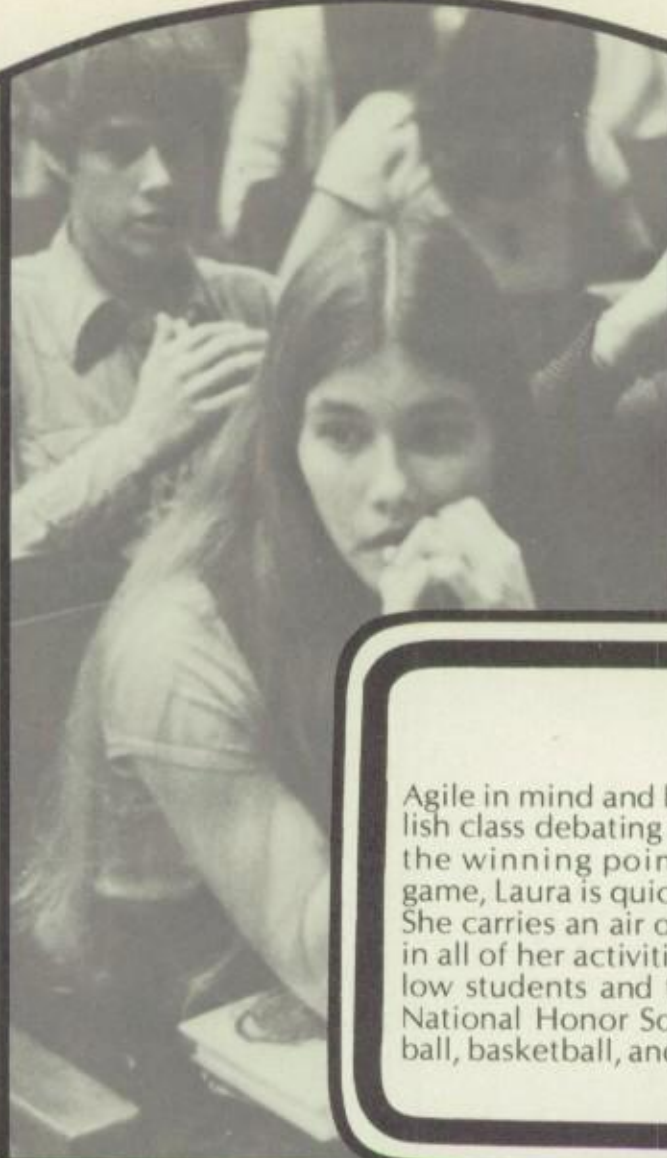

BARBARA BARNETTE

At the sound of the official's whistle, Barbara Barnette is off and running and **winning**, whether it be in basketball, tennis, volleyball, or track. With the same sense of victory, Barbara tackles her studies, as she has maintained one of the highest grade point averages in her years at Skyline. In her senior year Barbara was an active member of the National Honor Society and the Science Club. Barbara is certainly one of our most outstanding woman athletes — complimented with the flawless scholastic record and an impeccable character.

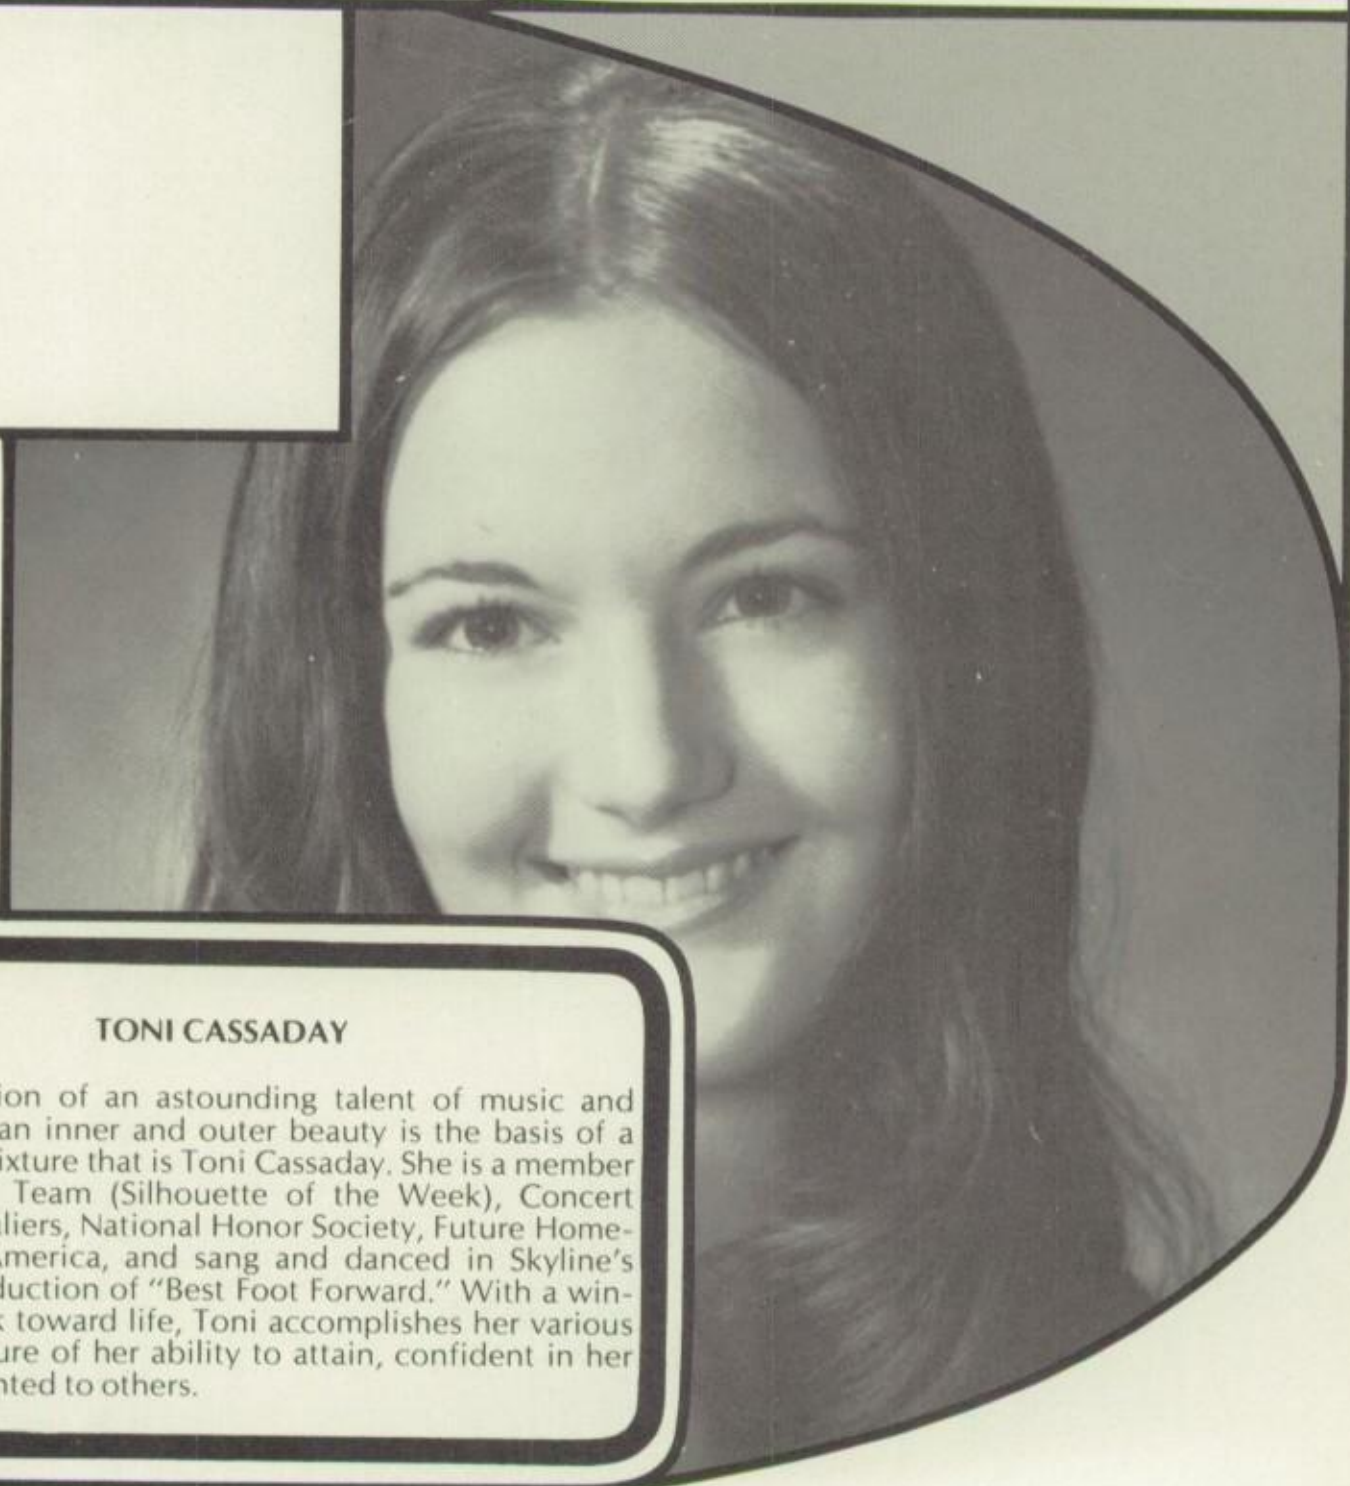

DAVID AULT

"Service with a smile" goes a little further with such a person as David Ault. Through his care of others, David demonstrates his belief in service and welfare coming from the heart with the smile as a warm, friendly, added attraction. David was elected Lieutenant Governor for Division 37 of Key Club International. He has also served as a VICA officer during his three productive years in the Diesel Mechanics Cluster.

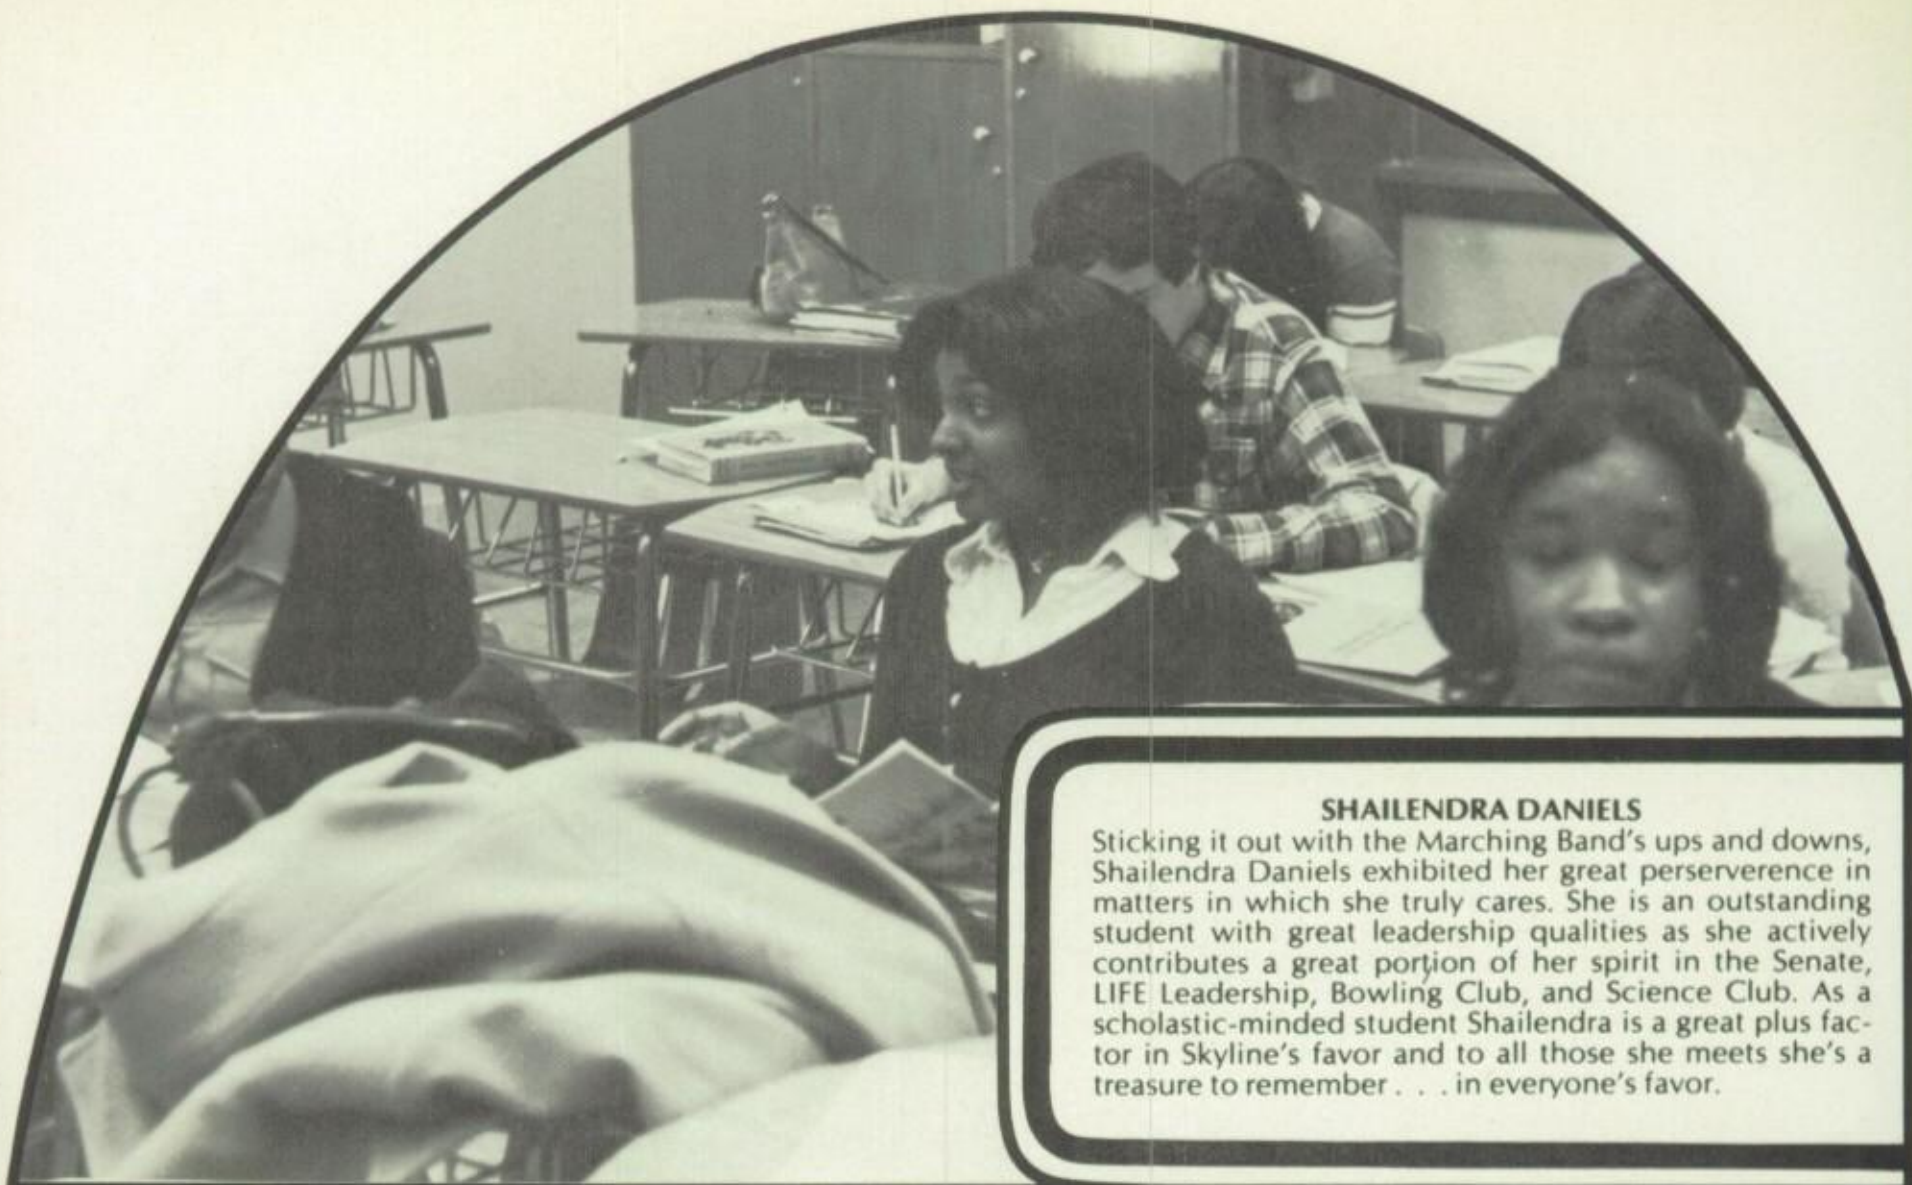

LAURA CARLSON

Agile in mind and body is Laura Carlson. Whether in English class debating merits of classical literature or sinking the winning point in a hotly competitive basketball game, Laura is quick to defend her opinion and her team. She carries an air of concern and invests much of herself in all of her activities, greatly to the advantage of her fellow students and teammates. Laura is a member of the National Honor Society and participated on the volleyball, basketball, and track teams.

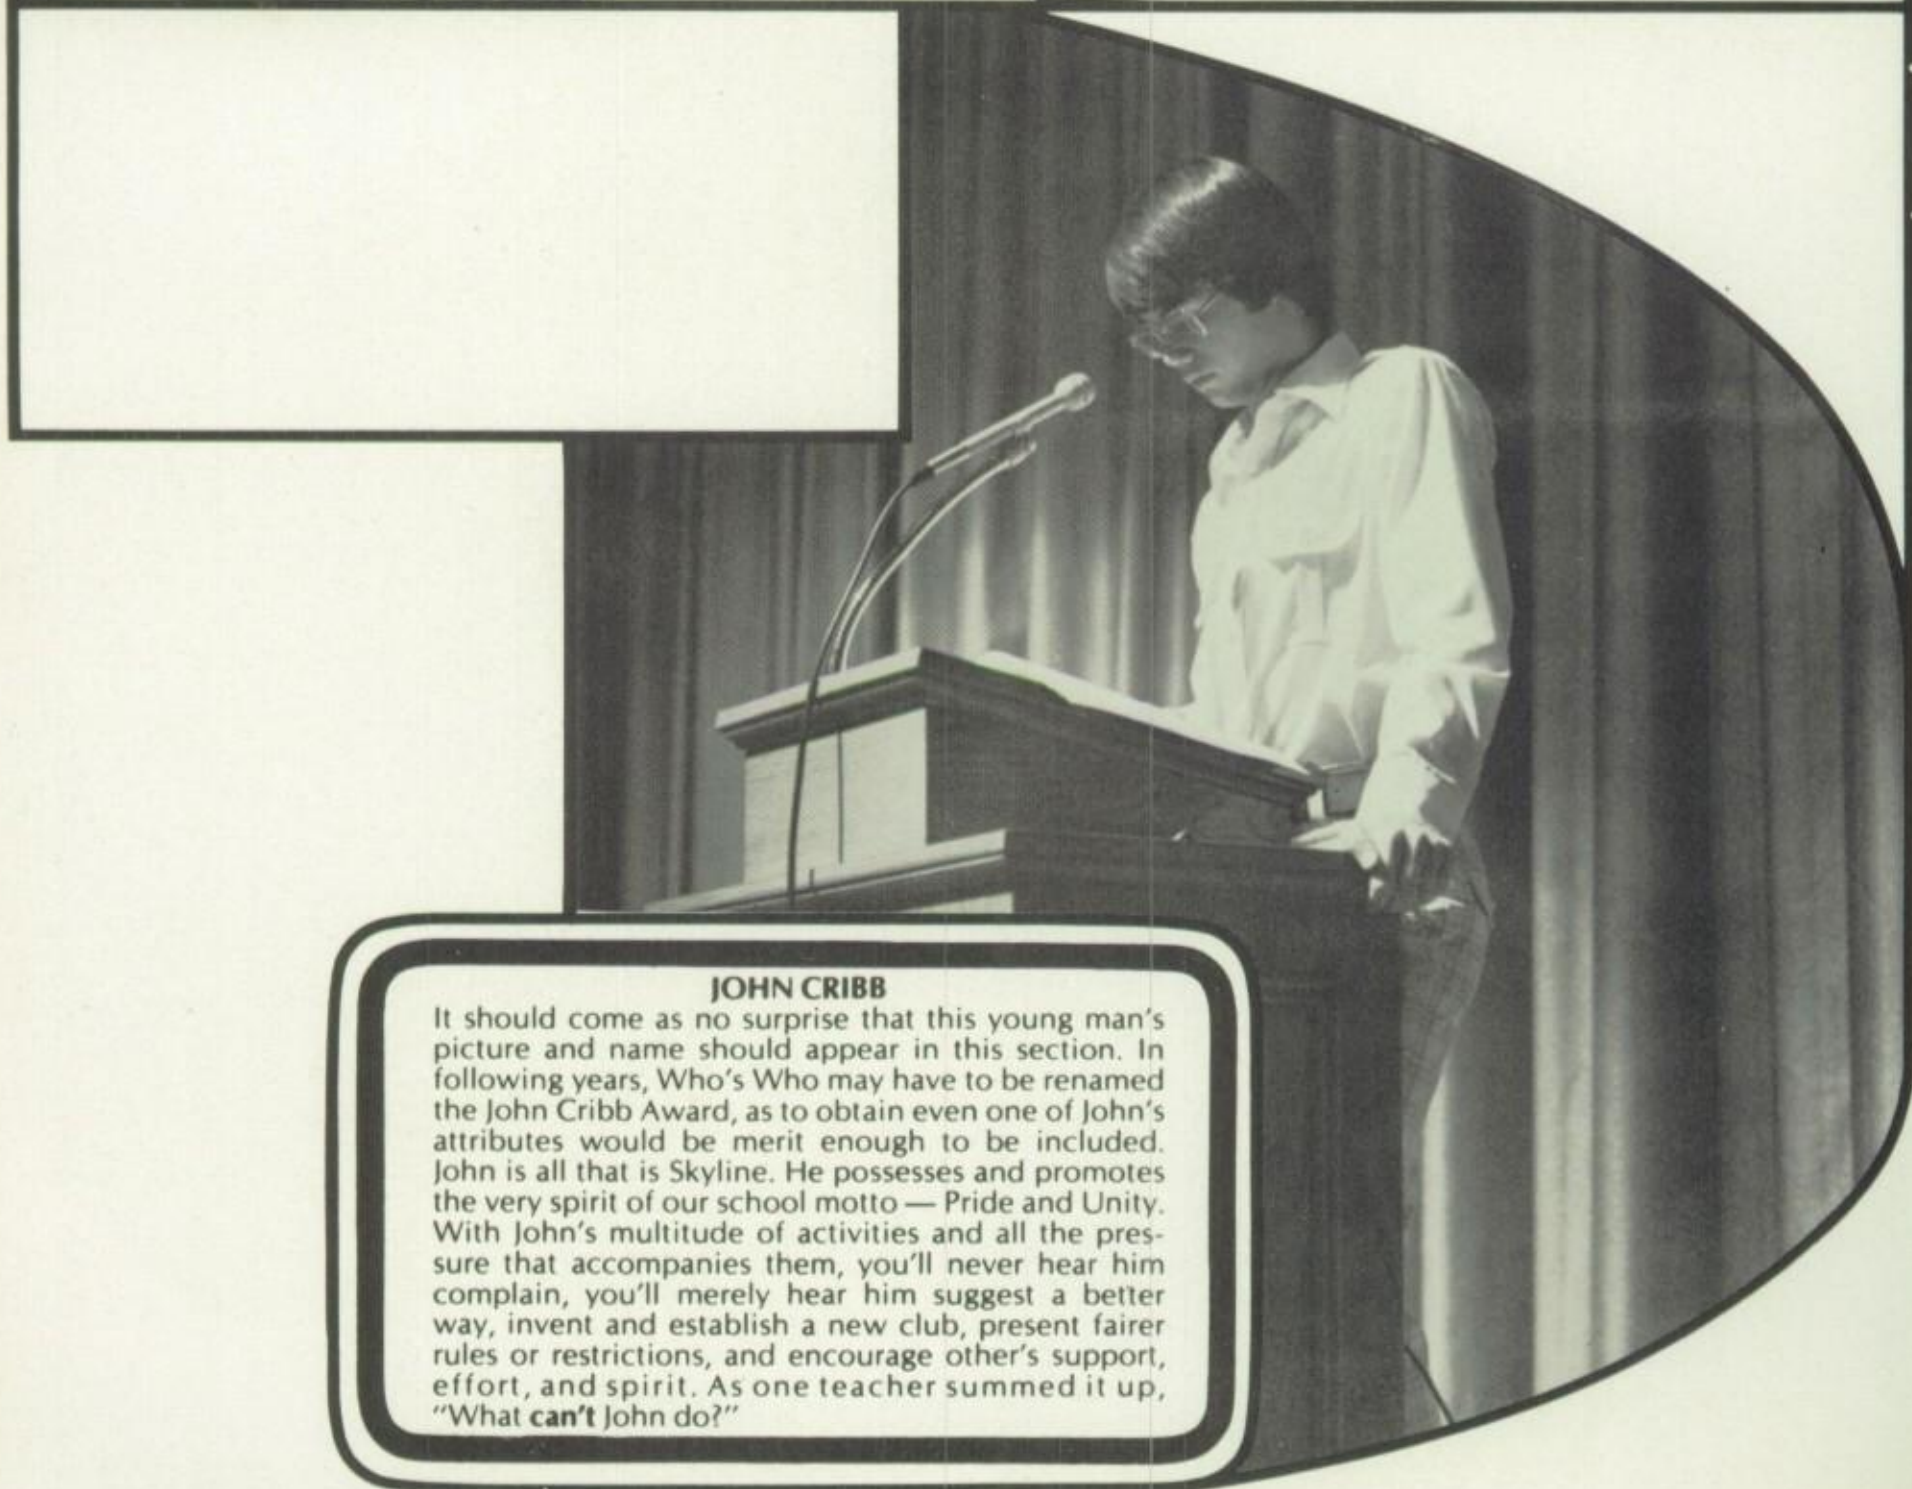

TONI CASSADAY

A combination of an astounding talent of music and dance with an inner and outer beauty is the basis of a congenial mixture that is Toni Cassaday. She is a member of the Drill Team (Silhouette of the Week), Concert Choir, Choraliers, National Honor Society, Future Homemakers of America, and sang and danced in Skyline's musical production of "Best Foot Forward." With a winning outlook toward life, Toni accomplishes her various high goals sure of her ability to attain, confident in her image presented to others.

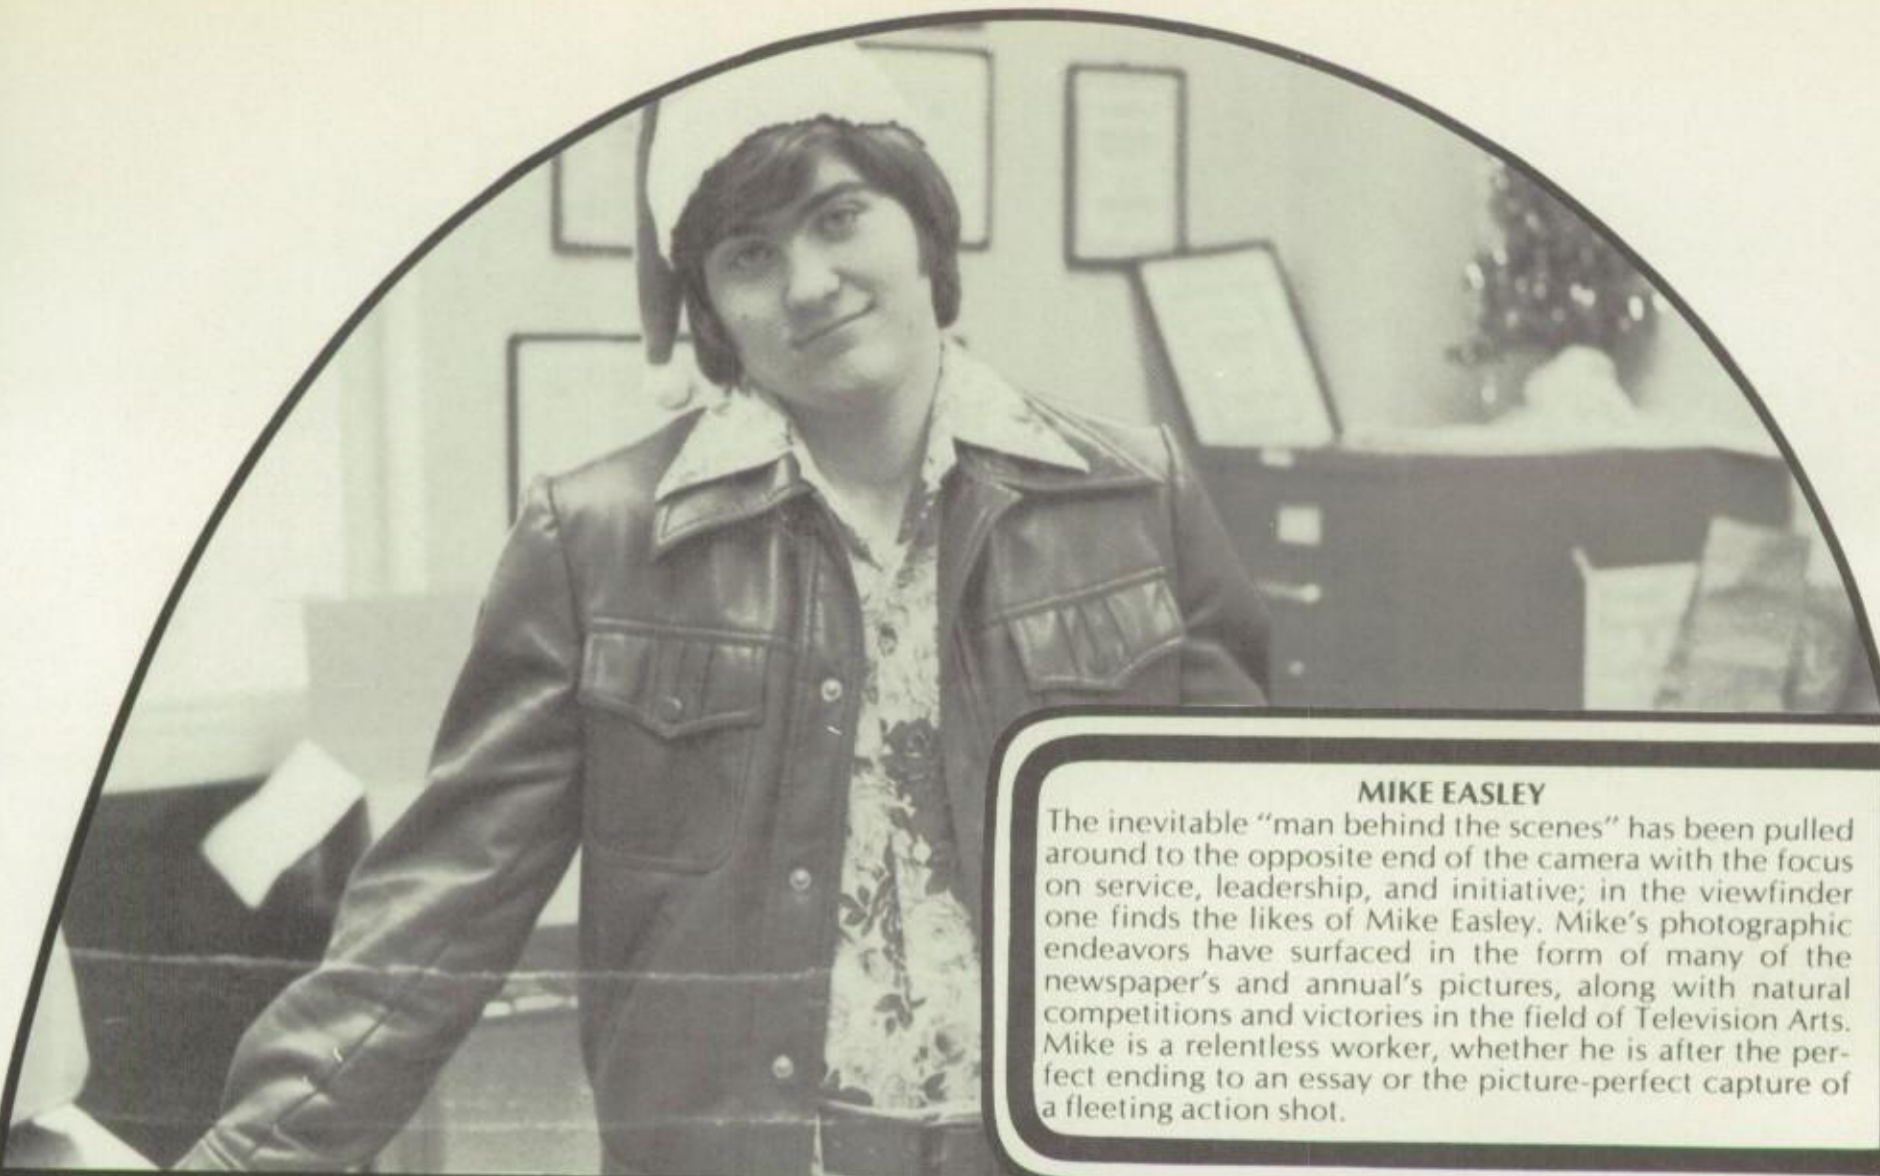

SHAILENDRA DANIELS

Sticking it out with the Marching Band's ups and downs, Shailendra Daniels exhibited her great perseverance in matters in which she truly cares. She is an outstanding student with great leadership qualities as she actively contributes a great portion of her spirit in the Senate, LIFE Leadership, Bowling Club, and Science Club. As a scholastic-minded student Shailendra is a great plus factor in Skyline's favor and to all those she meets she's a treasure to remember . . . in everyone's favor.

JOHN CRIBB

It should come as no surprise that this young man's picture and name should appear in this section. In following years, Who's Who may have to be renamed the John Cribb Award, as to obtain even one of John's attributes would be merit enough to be included. John is all that is Skyline. He possesses and promotes the very spirit of our school motto — Pride and Unity. With John's multitude of activities and all the pressure that accompanies them, you'll never hear him complain, you'll merely hear him suggest a better way, invent and establish a new club, present fairer rules or restrictions, and encourage other's support, effort, and spirit. As one teacher summed it up, "What **can't** John do?"

MIKE EASLEY

The inevitable "man behind the scenes" has been pulled around to the opposite end of the camera with the focus on service, leadership, and initiative; in the viewfinder one finds the likes of Mike Easley. Mike's photographic endeavors have surfaced in the form of many of the newspaper's and annual's pictures, along with natural competitions and victories in the field of Television Arts. Mike is a relentless worker, whether he is after the perfect ending to an essay or the picture-perfect capture of a fleeting action shot.

CHRIS DILLARD

Looming over his fellow students in academic attributes and physical height, Chris Dillard is never too lofty or lost in the clouds to zoom down to basics of classwork, club activities, and friends. Chris has served his VICA club as President and Vice-President just as effectively as he has served Skyline's Key Club in equally high offices. He is also a member of the Science Club and the National Honor Society. His work reflects clearly — he's an active, busy achiever yet never too busy for a needed smile or an extra kind word.

CRAIG HANLEY

Intelligence and service reach head-spinning heights when measuring the attainments of Craig Hanley. He is quick to help out no matter how much work is involved. He has greatly assisted the Greek, Italian, and Chinese clubs by recruiting prospective members, writing scripts, and drafting club constitutions. He exhibits his quick wit and vast intelligence in his Cross-X debate confrontations, picking up many honors and prizes for the school in the process.

ROBERT GARRETT

Supposedly if one is unequipped with a string of extra-curricular activities, recognition and notice are going to be passed on to someone else. This is definitely not so in the case of Robert Garrett. As a participant in the district's Executive Assistance Program and Skyline's Man and His Environment Cluster, Robert places learning first and goes at it with an inextinguishable spirit. He pours himself into everything he tackles, always with a keen interest and a sharp understanding of those around them, coupled with a respect and reverence for those he comes in contact with. Winning the friendship of such a person as Robert is an honor.

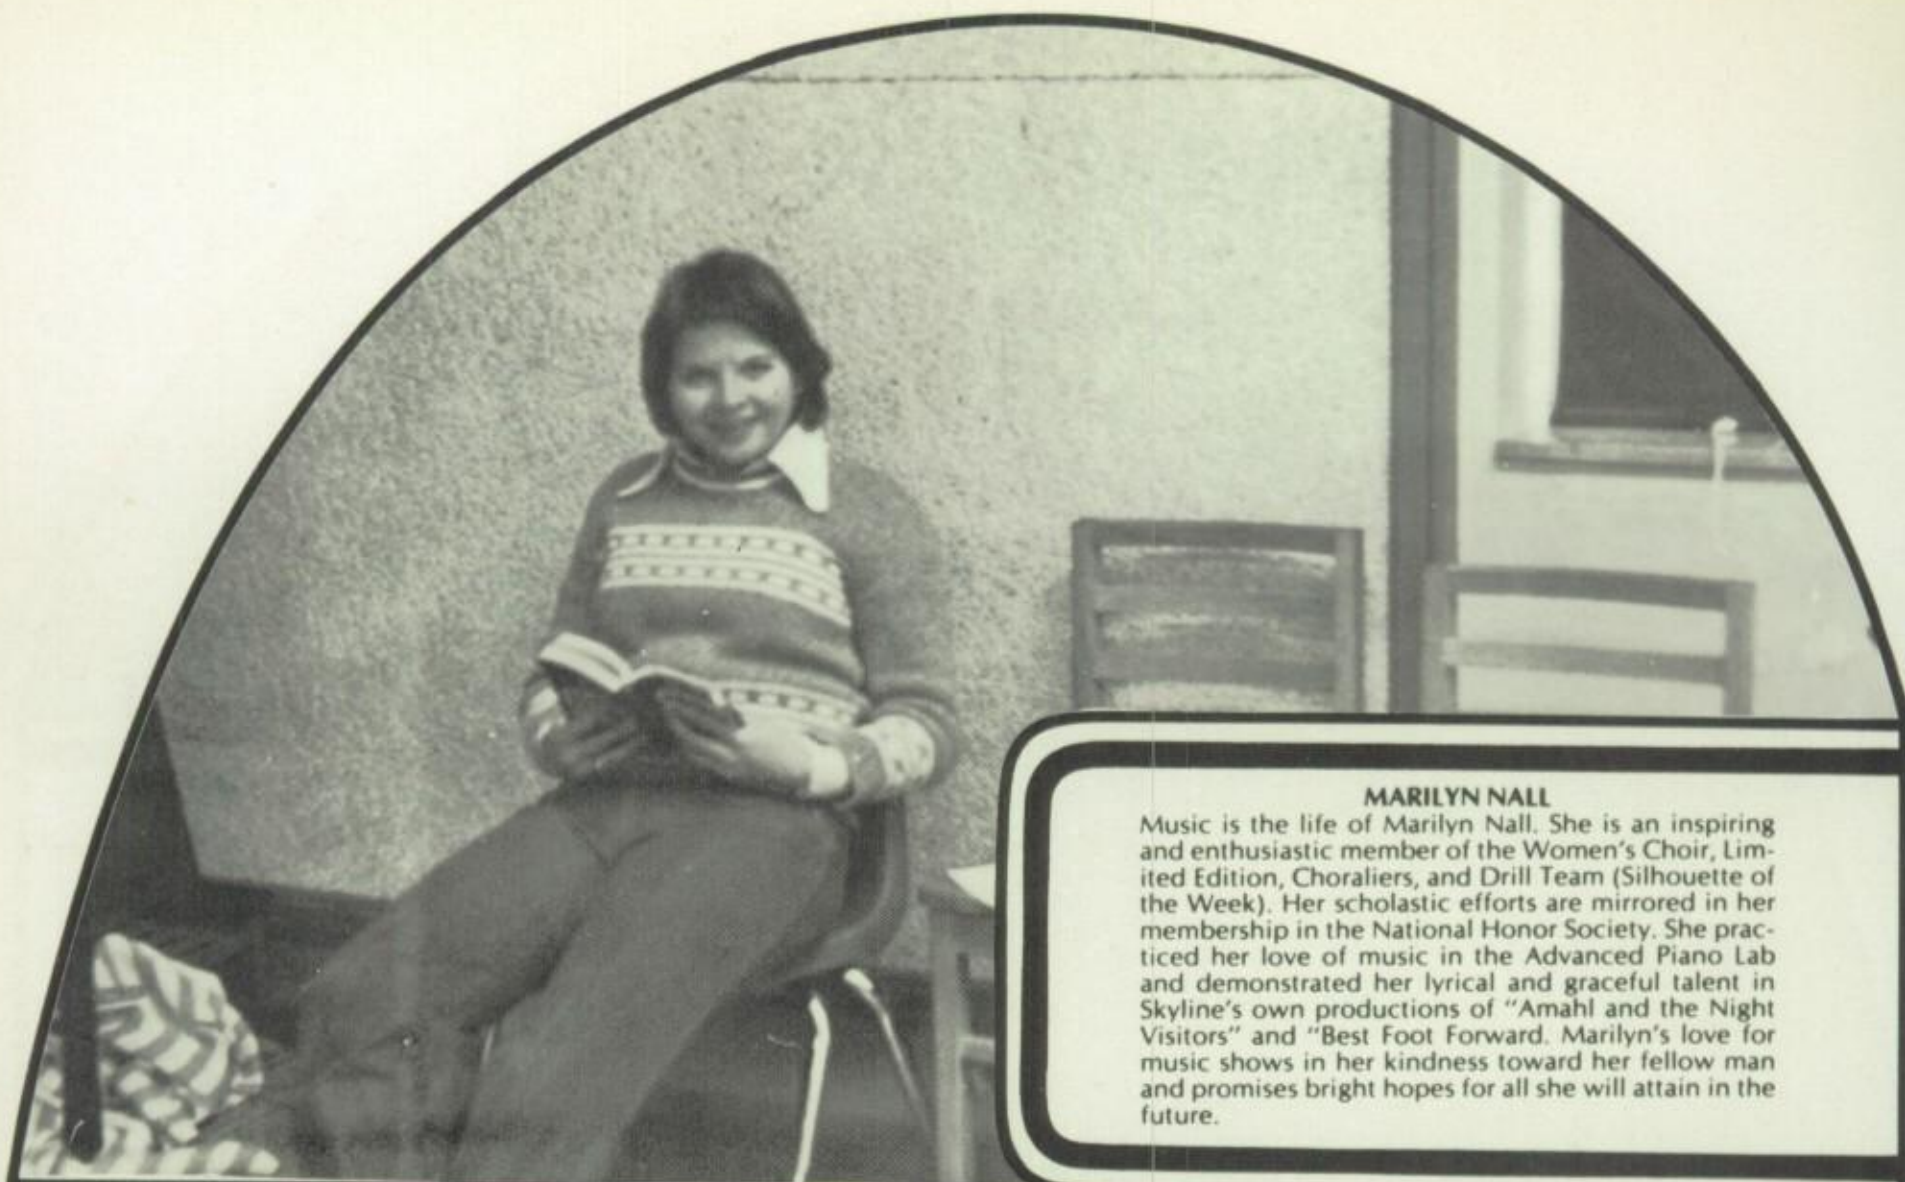

KATHY MERZ

Cooperative, quiet, and devastatingly artistic is Kathy Merz. She channels her super personality and greatly-admired artistic skills into her work in selling ads for the annual, writing and drawing for the newspaper, and creatively contributing to the Commercial Art Cluster and all those who luckily come in contact with her throughout her busy day. All her activities and endeavors sparkle with that Kathy Merz magic glisten, chock full of imagination, bursting and bouncing with an exuberant amount of energy.

COLLEEN MOHRLE

Maintaining an awe-inspiring level of maturity and self-assurance, Colleen Mohrle is never shakily perched on a pedestal, but rather always at ground level, coaxing and prodding others to become involved. Colleen steps out and around to do all she can for Skyline, expressing her deep love for the school and country in everything she does. She is a determined "work horse" in the Senate, Speech and Debate team, Origin staff, Spanish, German, and Art Clubs.

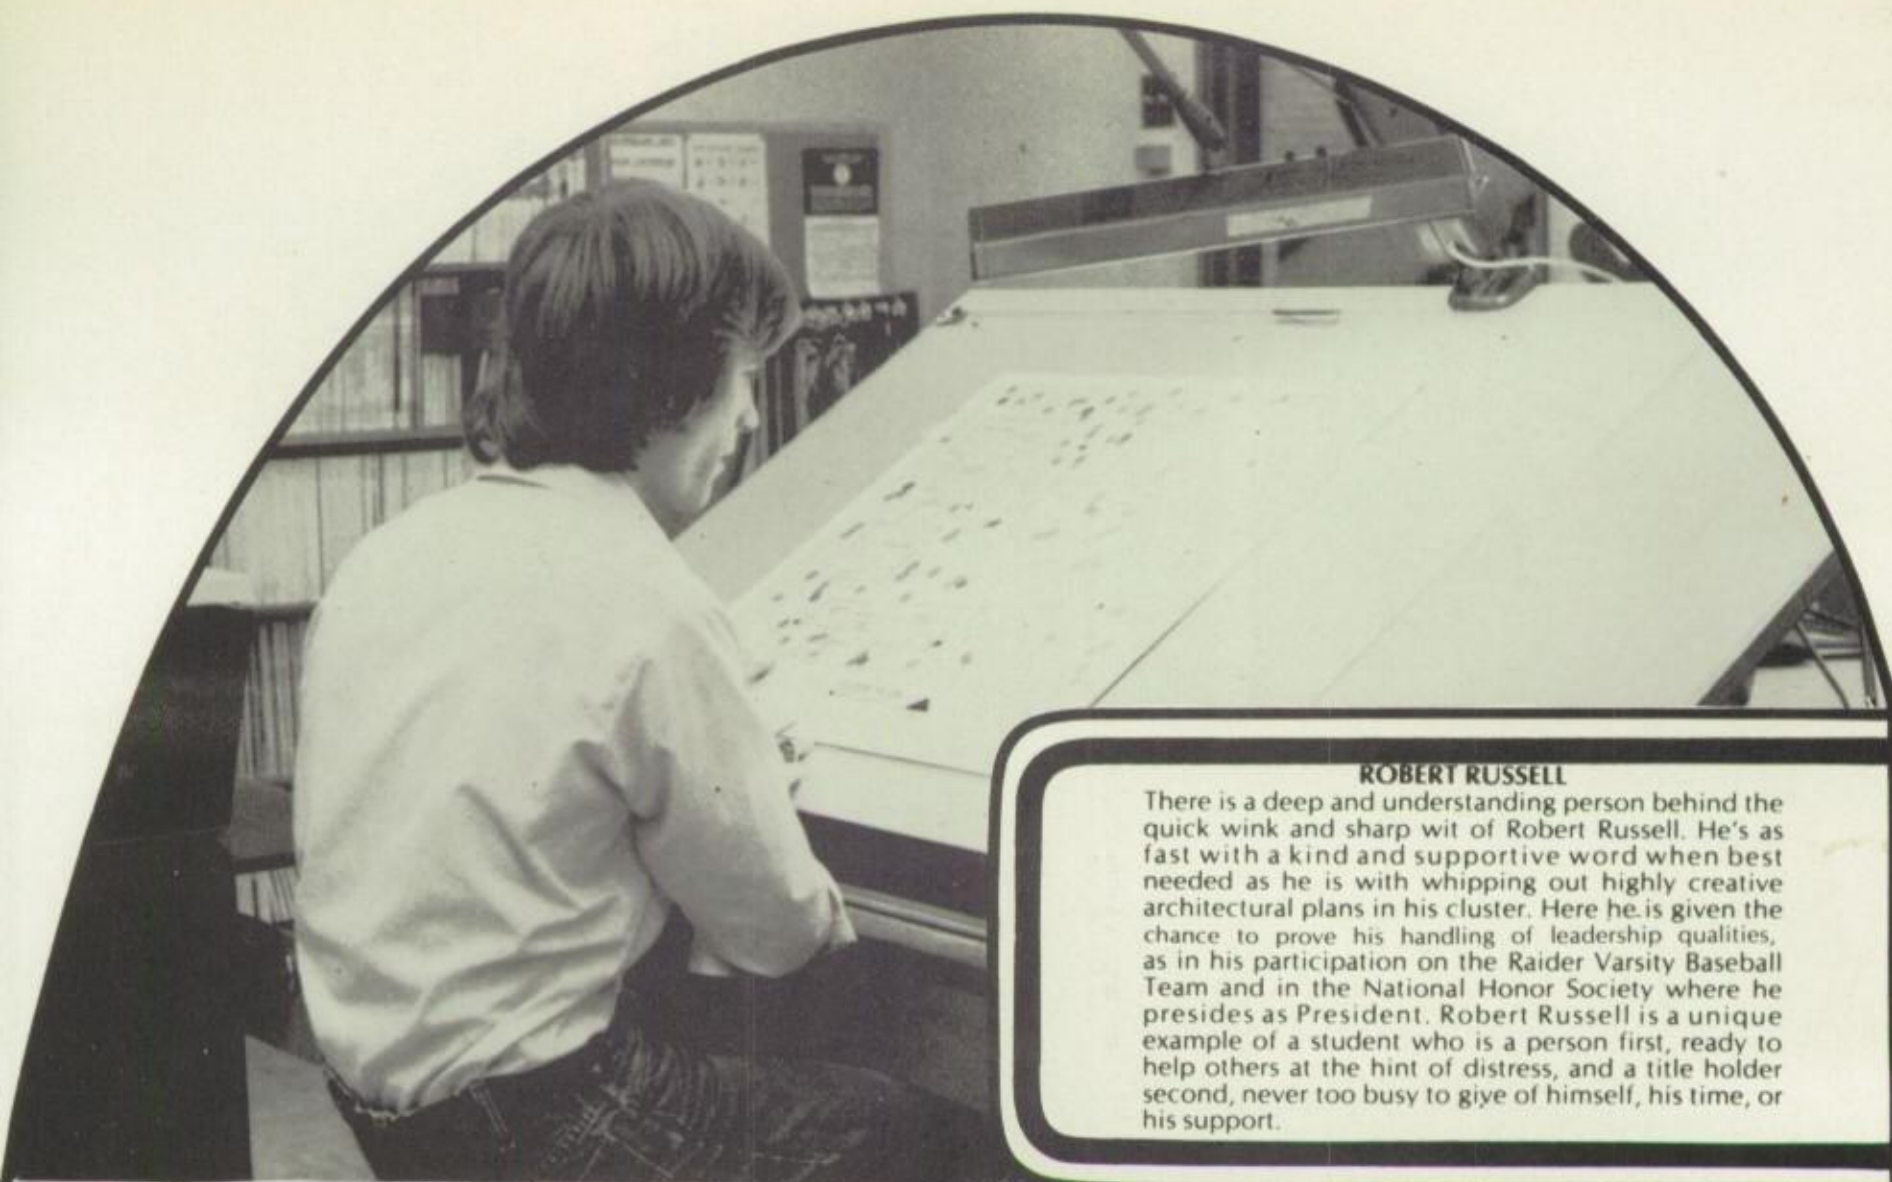

MARILYN NALL

Music is the life of Marilyn Nall. She is an inspiring and enthusiastic member of the Women's Choir, Limited Edition, Choraliers, and Drill Team (Silhouette of the Week). Her scholastic efforts are mirrored in her membership in the National Honor Society. She practiced her love of music in the Advanced Piano Lab and demonstrated her lyrical and graceful talent in Skyline's own productions of "Amahl and the Night Visitors" and "Best Foot Forward. Marilyn's love for music shows in her kindness toward her fellow man and promises bright hopes for all she will attain in the future.

JANE PRITCHETT

Leading Skyline's Silhouettes onto the field for its best and most dazzling year was the middle officer dressed in a white uniform and top hat — Jane Pritchett. Never denying her fellow members a sympathetic word or a well-deserved pat on the back, Jane eased into the role of leader with natural agility that she possesses off and on the practice field or basketball court. In athletic competition she performs and acts with a true sense of professionalism and in everyday exchange she drops the act with a ready smile, reserving her competitiveness for good grades and winning points.

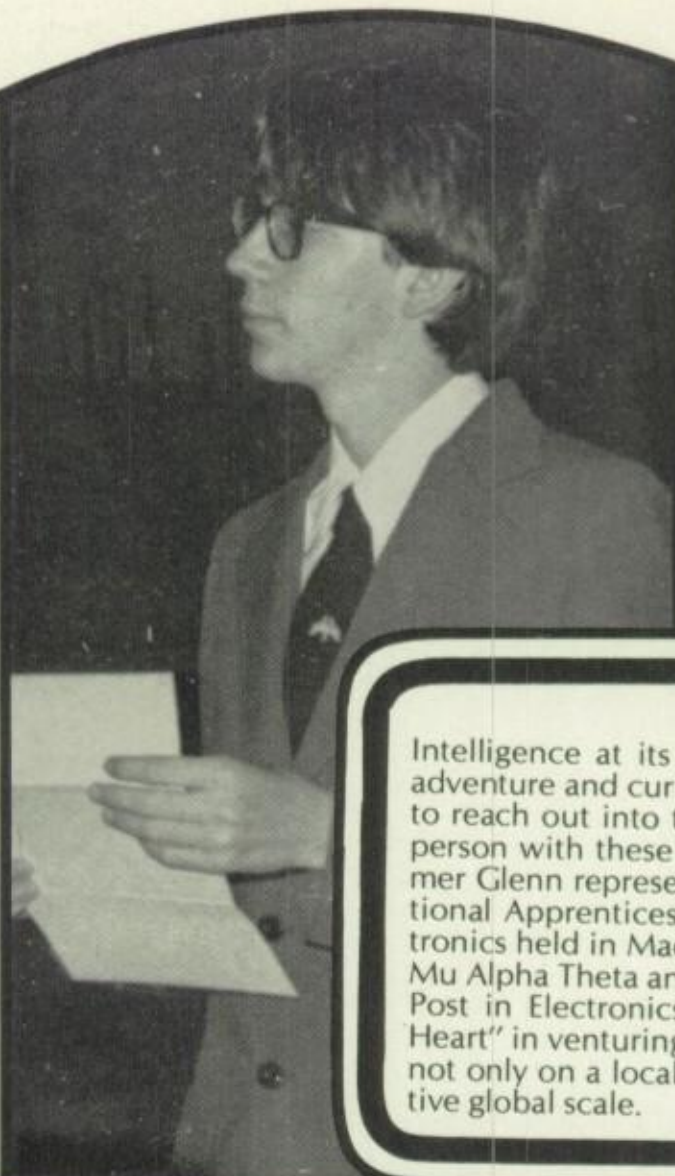

ROBERT RUSSELL

There is a deep and understanding person behind the quick wink and sharp wit of Robert Russell. He's as fast with a kind and supportive word when best needed as he is with whipping out highly creative architectural plans in his cluster. Here he is given the chance to prove his handling of leadership qualities, as in his participation on the Raider Varsity Baseball Team and in the National Honor Society where he presides as President. Robert Russell is a unique example of a student who is a person first, ready to help others at the hint of distress, and a title holder second, never too busy to give of himself, his time, or his support.

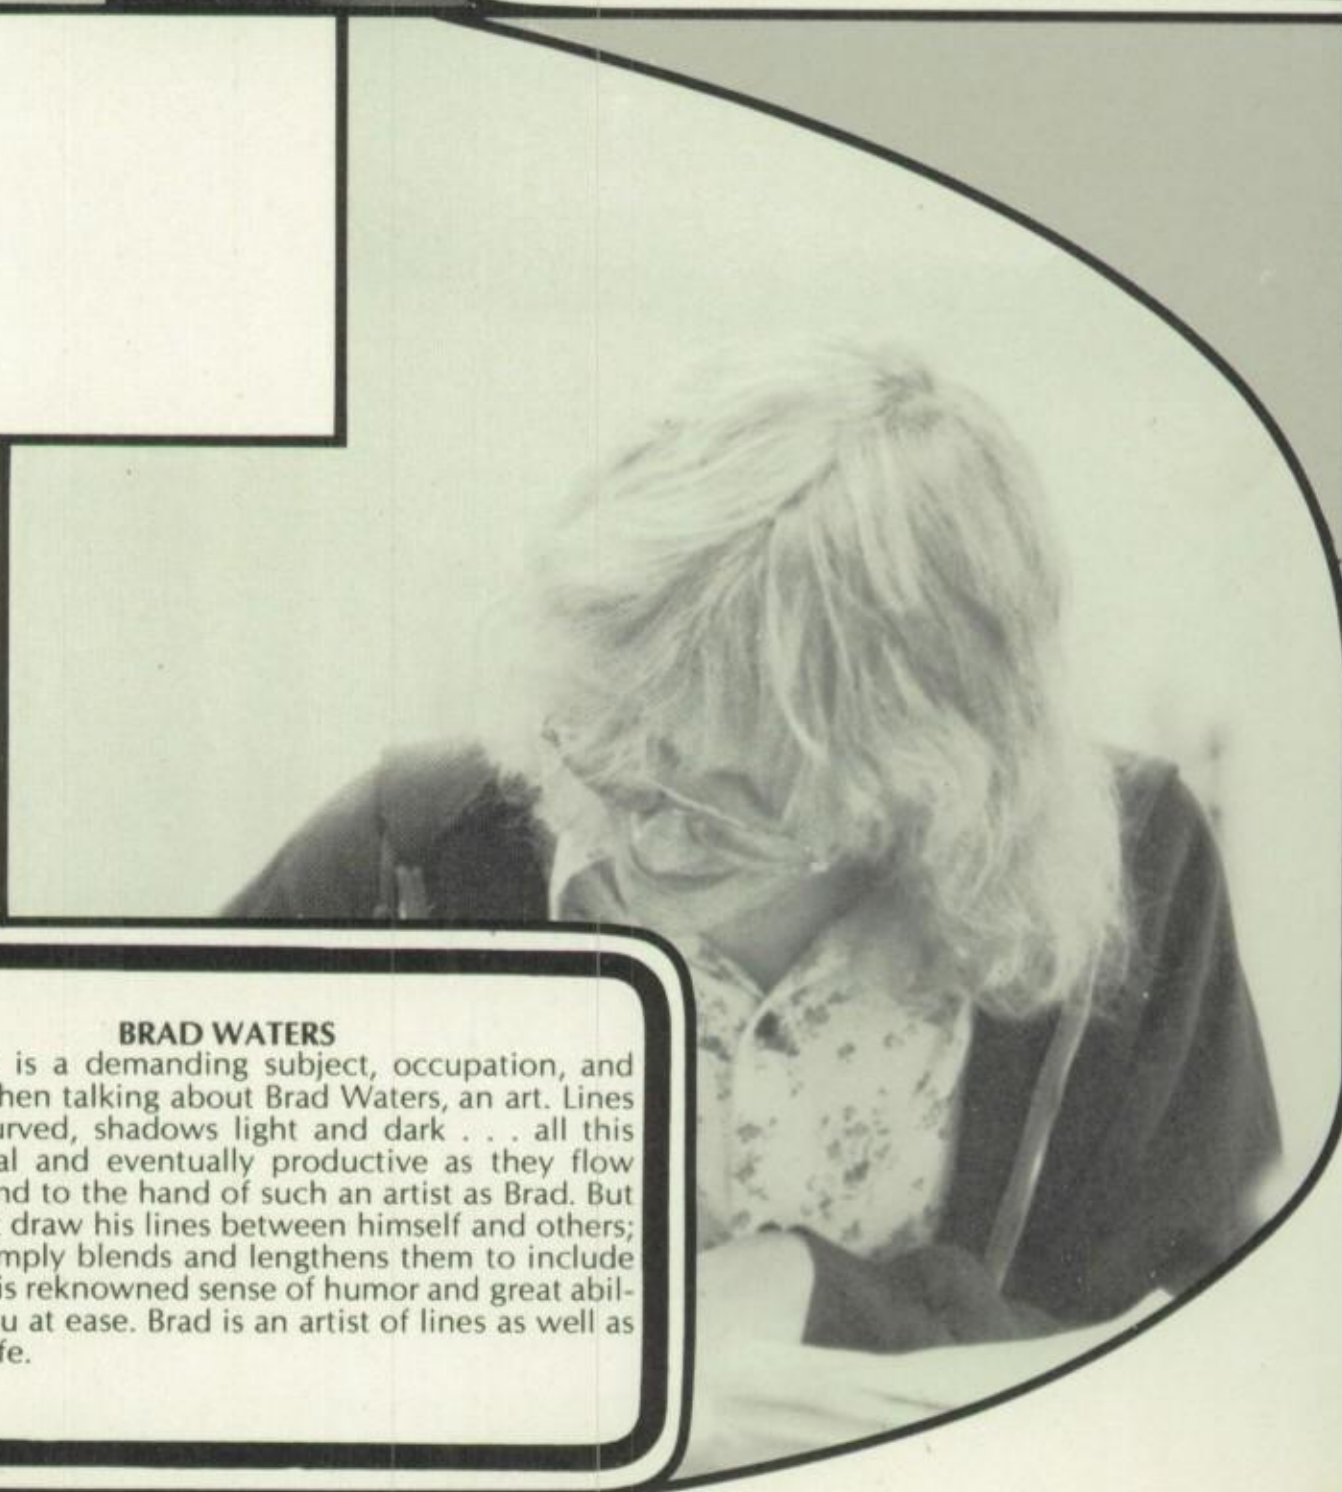

STEVE ROE

Steve Roe's staunch dedication and outstanding character were vividly portrayed throughout the past baseball and football seasons. His love of sports and promotion of teamwork proved to be a great inspiration for his fellow teammates, classmates, and teachers. Steve was presented the highest honor his football team and coaching staff could bestow in the form of the Wendy Hickman Award and now the 1976 **Origin** wishes to bestow the highest honor it has to give — membership in Who's Who — in commemoration of all Steve's hard work, respected leadership, and keen inspirational qualities.

GLENN TREWITT

Intelligence at its best is complimented by a sense of adventure and curiosity, and a shade of courage, the will to reach out into the unknown. A shining example of a person with these attributes is Glenn Trewitt. Last summer Glenn represented the United States in the International Apprenticeship Competition in the field of electronics held in Madrid, Spain. He is an active member of Mu Alpha Theta and has helped to organize an Explorer's Post in Electronics. Glenn surely deserves the "Purple Heart" in venturing out in his favorite field of Electronics not only on a local scale, but on a demanding, competitive global scale.

BRAD WATERS

Architecture is a demanding subject, occupation, and especially when talking about Brad Waters, an art. Lines bent and curved, shadows light and dark . . . all this becomes real and eventually productive as they flow from the mind to the hand of such an artist as Brad. But Brad doesn't draw his lines between himself and others; rather, he simply blends and lengthens them to include others, via his renowned sense of humor and great ability to put you at ease. Brad is an artist of lines as well as an artist of life.

In Memoriam ...

JACK NEWMAN

The Best Is Yet To Be

I gave my very best to life
For I desired to live,
And life returned with prompt reply
The best she had to give.
I lived each day as if it were
My very starting day;
With ears attuned I sought to hear
What life desired to say.
I lived each day as if it were
My final day on earth,
And life gave unreluctantly
Her cup of joy and mirth.
Indeed I gave my best to life
And life returned to me
The best she had, and with a vow,
"The best is yet to be."

ROBERT CULLEY

TIMOTHY WILLIAMS

STUART ROBINSON

This year, much to the advantage of the entire student body, the Skyline Student Senate made a sure move for progress in student-administrator relations. Enormously responsible for this year's success is **Coordinator John Cribb** and **Vice-Coordinator Dana Brantley**.

John was Director of Communications in his junior year and served as a sophomore senator the year before that. John proved himself extremely capable of keeping the dealing and projects of the Senate running smoothly. Without John's hand in every problem and endeavor there wouldn't have been as many solutions and successes.

Combining her polished public-speaking techniques with a deep interest in the welfare of her school, Dana Brantley avidly performed her duties as Vice-Coordinator. Her ideals and beliefs were constructively interested into the workings of the Senate. Never at a loss for a better way or a fairer answer, Dana helped John in the greatest capacity with Skyline itself eventually reaping the final benefits.

If the warmth from one smile could melt all the ice and snow in Sweden, **Gunilla Rodhe** would be solely responsible for turning her home country into a tropical paradise. Gunilla has been the best ambassador of goodwill and friendliness during her stay here with the family of Kelly Gilbert. Swedish hospitality has found the perfect promoter with the bright flashing smile and the easy, cordial ways of Gunilla Rodhe.

Zooming in for a quick exposure to the American way of life, three more foreign exchange students joined in activities, classes, and friendships here at Skyline. From Finland, **Juhani Partanen** left his family for his newly adopted American parents, as did **Nelva Oliveira** and **Sonia Marques**, both from Brazil.

Janice

Providing the crown with all its due splendor is Janice Saba, 1975 Homecoming Queen. Janice was crowned before a dignified, dressed-out assembly of students and teachers following the Homecoming game. Janice is not new to such honors as she was finalist for Junior Homecoming Princess, Junior Favorite and Queen of the BASH during the previous year.

Her senior year was witness to many activities including serving as head cheerleader and senior senator. With everything considered, Skyline has never seen a more regal crowning for a more regal queen. Janice Saba — 1975 Homecoming Queen.

Homecoming '75

Senior Princess Cindi Cox is one of Skyline's super-charged Raider Cheerleaders. She is a senior senator. All her accomplishments can never quite attain the height of her own friendliness and kindness. Her friendship is a rare object, but one that she readily gives to all.

Junior Duchess LeNora Bowdre has scores of credits to her name. She is vigorously active in student government as she is president of the junior class and a concerned junior senator. She is a Silhouette and is a Student Life Co-Editor on the **Origin** staff.

Sophomore Countess Tina Miller is quickly spreading her fame amid the huge sophomore student body. Tina is active in the Spirit Club, the Senate and the Ice Skating Club. She's an excellent swimmer and was cheerleader at her junior high. Hardest to forget about Tina is her unique, individual smile. It's quicker than a flash, but as lasting as any memory.

Virginia

Cindy

Julie

Julie Hale was chosen as Senior Princess. Julie is one of the dynamic cheerleaders who helped lead our team to such successful seasons.

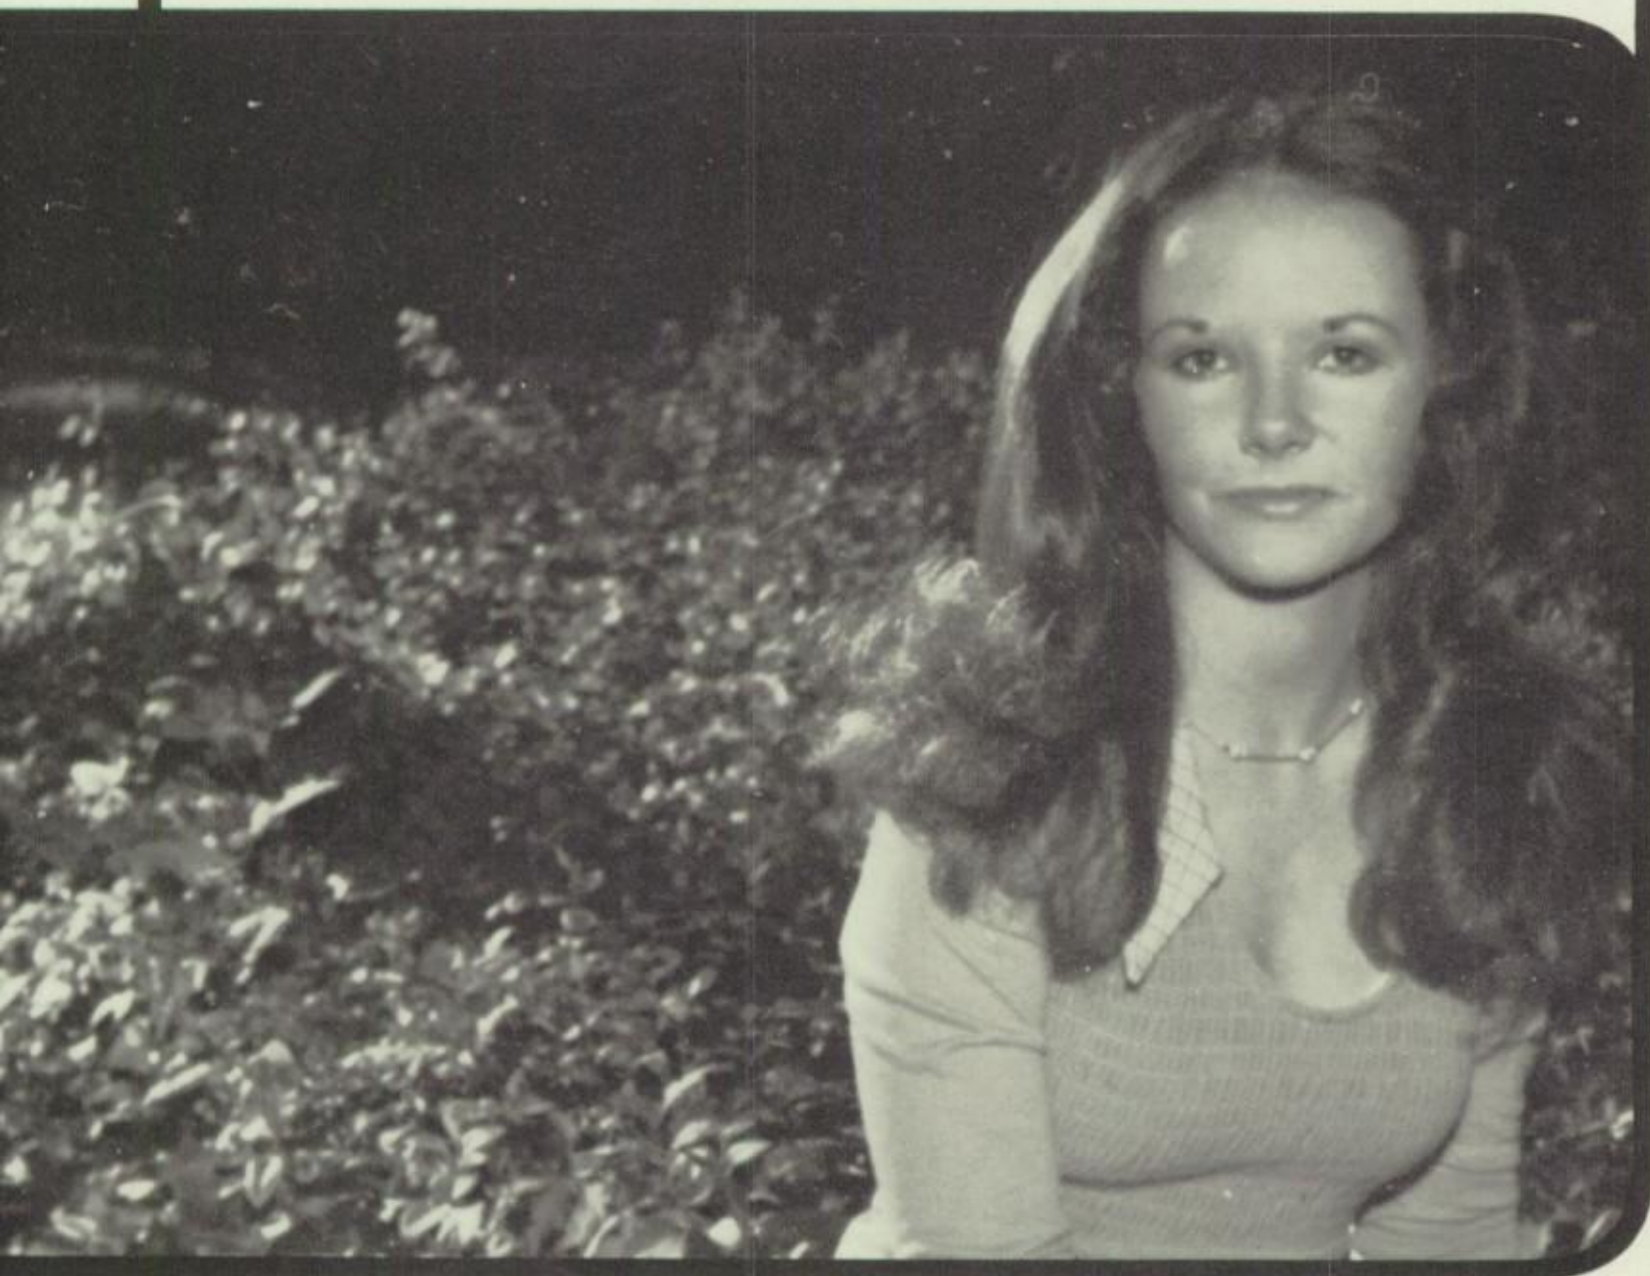

Cindy Driggers fills the position of Junior Princess. Cindy is a hard-working Silhouette who has contributed an innumerable amount of her services and cheerful willingness to help in many activities.

Virginia Ostroff was chosen as Key Club's Sophomore Princess. With her own superb personality and friendly manner, she is sure to make the club proud of their choice.

Key Club Sweetheart and Court

As one of the finest service clubs at Skyline, the Key Club has chosen four of the best representatives to mirror the ideals of their organization. This year's Key Club Sweetheart is Sheila Beam. Sheila is a beautiful, talented senior who shows her care for Skyline in all the work and extra time she pours back into the school.

Friday, February 13, Dallas Convention Center was the setting for a grand coronation of queens. At the Ebony Ball sponsored by the Skyline Students for Afro-American Advancement, Black History Week came to a regal close as Sophomore Sonja Mathis, Junior Pam Williams, and Senior Lawanda Bluit were crowned after a culmination of competitive events testing the merits and talents of each contestant.

Mr. and Ms. Cinco de Mayo

Two hard-working members of the Los Amigos Club have been honored with the titles Mr. and Ms. Cinco de Mayo. Seniors Michael Garcia and Carmen Arriaga were chosen by their fellow members to serve for the 1975-1976 school year.

The election is in honor of Mexico's Independence Day, celebrated May 5.

Sophomore Favorite

Rosie Tavera

Being elected as favorite in a class as monstrously large as the sophomore class is an honor truly merited by **Rosie Tavera**. She is a great representative for her class and much is expected of her in the years to come.

Sophomore Favorite

Ricky Rush

Speaking out in Senate meeting or just exchanging a few jokes between friends, one can find the Sophomore package of dynamite, namely **Ricky Rush**, making sure the Sophomore voice and opinion is heard by using authority mixed with gentleness.

Junior Class Favorite . . .

Bobby Cummings

Seeing **Bobby Cummings** coming across the student center or charging across the football field is sure to evoke a smile or a clenched grimace according to the fact that you are either friend or foe! Bobby represents the Junior class very favorably and his class has honored him accordingly.

Junior Class Favorite . . .

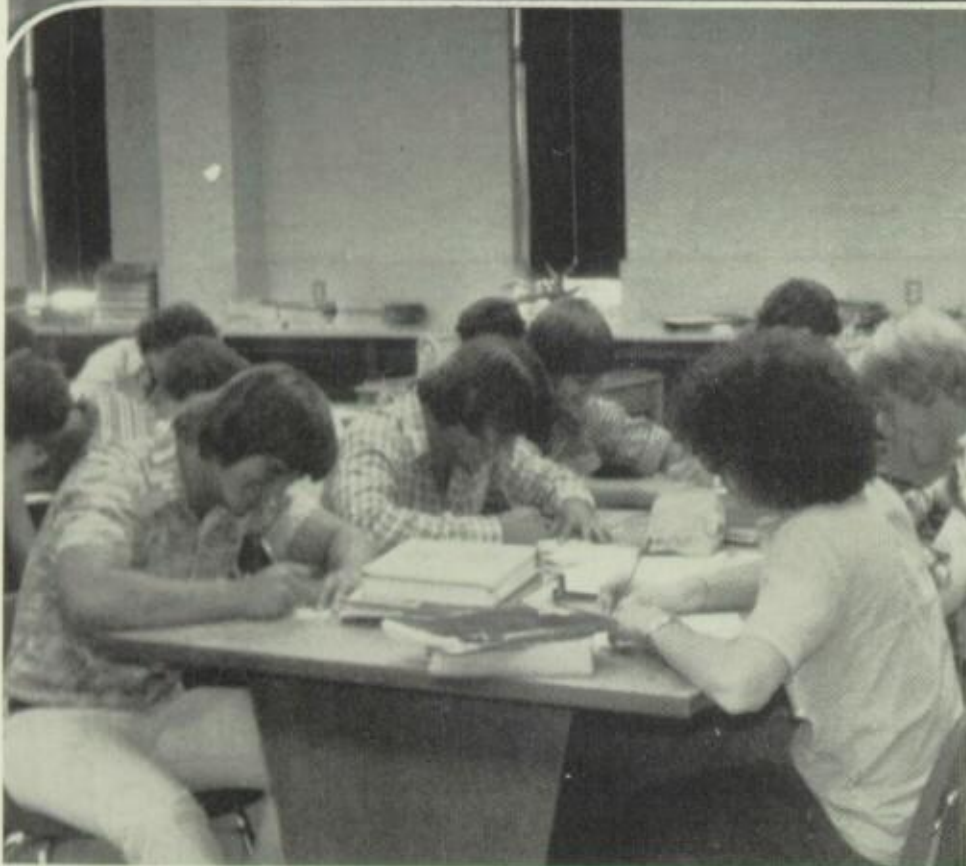

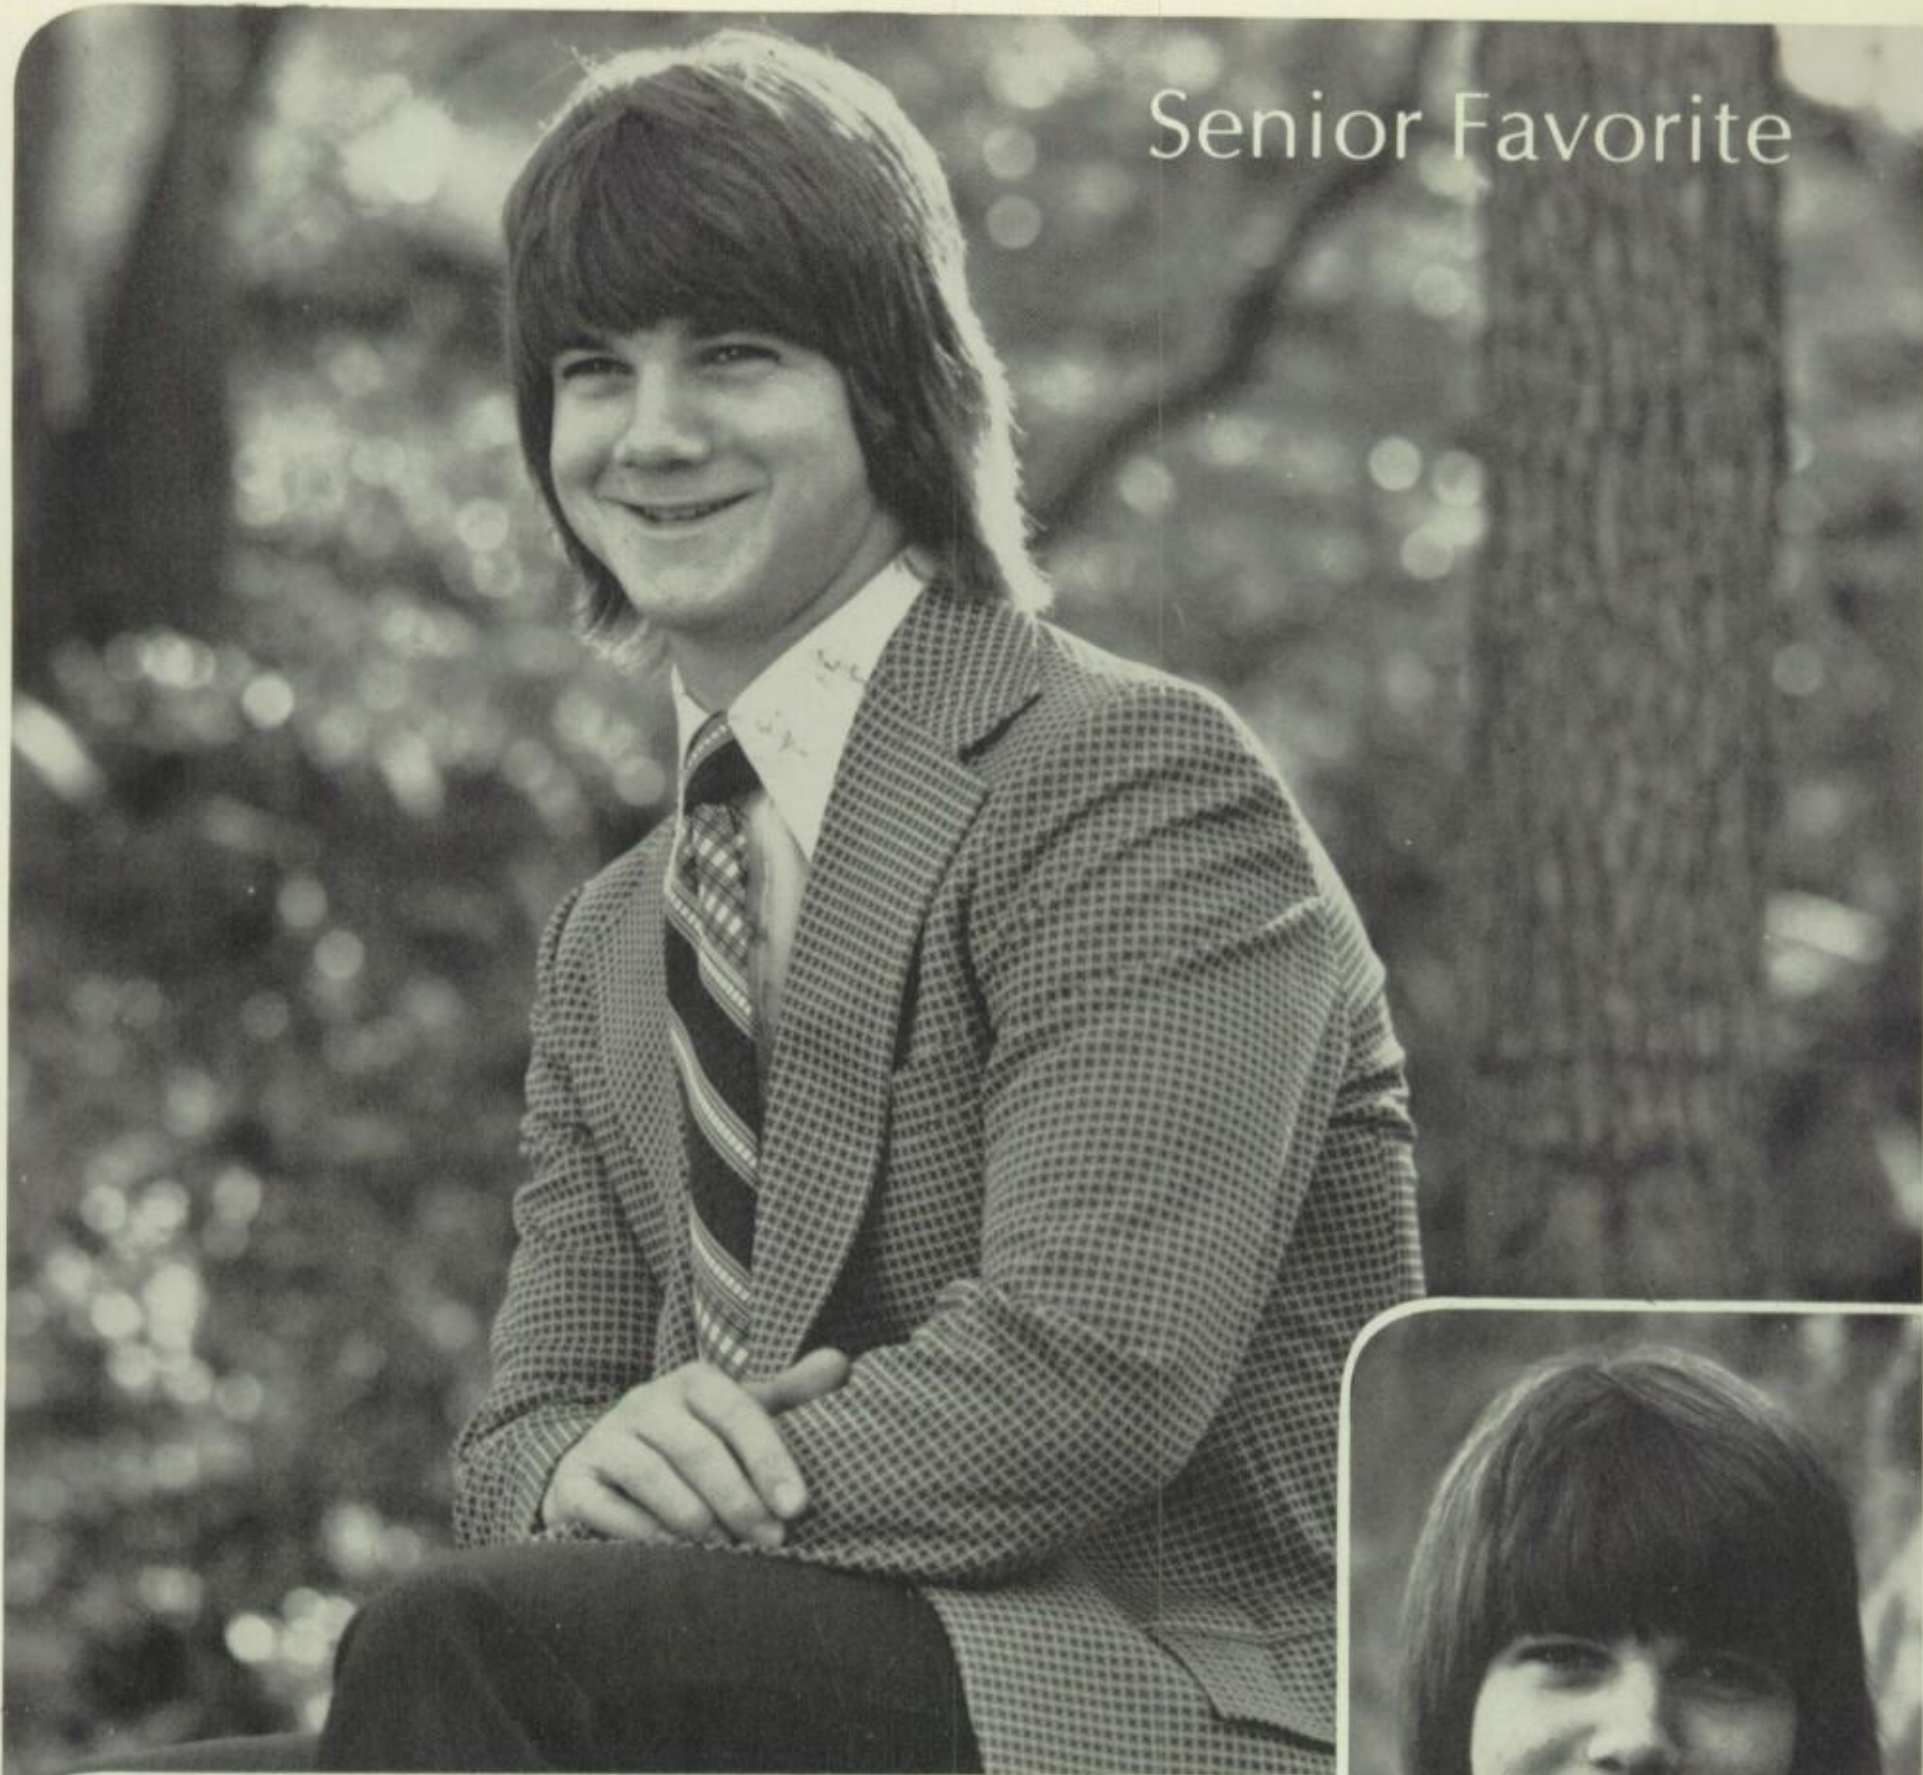

LeNora Bowdre

A quick grin flashes from the face of **LeNora Bowdre** and those in the vicinity are blinded by its brilliancy! A real sense of caring is seen in everything LeNora does. The Junior class and Skyline as a whole are very lucky to have such a beautiful person caring and sharing in their midst.

Educators bring perspective daily to the lives of Skyline students through the presentation of their subject matter. By revealing their own point of view they enable each student to visualize concepts and to learn skills to fulfill their visions. In this section of The Origin we present the Skyline faculty members through their own thoughts and impressions, revealing the unique characteristics of each. Through these words we show the optimism and pessimism, the pride and the disappointment, the humor and the seriousness of those responsible for guiding the visions of youth.

Perspective

As the school year ends we ask ourselves, "Where did this year go?" This year has been like most in the wide range of moods and events experienced — happy moments, sad times, periods of quiet and excitement, joy at falling in love and depression when falling out, relief over exams completed and ecstasy when exempt. Somehow in the rush of things, seeds of learning blossomed forth, often in the unexpected setting. We hope that the events and activities you experienced this year were worthwhile, and that your disappointments were few. The association, the exposure, the competition

experienced in this school will prepare you for living and coping with the problems of today and the challenges of tomorrow. I am confident the graduates of Skyline possess the talents and character essential for success. The important thing is how and in what direction you advance, and do take time out to pray that the lessons learned in the game of life (win, lose or draw) will make you a better person.

The visions we have for one another are often distorted by our own emotions and prejudices. We seldom pause to absorb the true feelings for our friends and teachers. Their outward appearance often blocks our entrance to their inward emotions. Through photographs we see only the visual image but it seems to remind us of what is behind that image. Although a picture in a book cannot even attempt to present a whole person it can show one of the many facets which make him what he is. The following photographs are meant to act as a catalyst to remind our readers of the human beings within the images.

Juniors are people in limbo. Visions of yesterday beckon them back, yet their ideals of tomorrow won't let them go. Juniors are people of decisions . . . paused at the fork in the road soon to travel on to future goals.

Cultivation of a vision has been undertaken by the junior class, started a year ago to be fully developed in 1977. Etched in time are footprints left behind to a memorable year and a pathway leading to the future senior year. Clinging to a vision, junior class officers have kept up a constant pace with determination and perseverance expecting the best of time's opportunities.

SENIORS

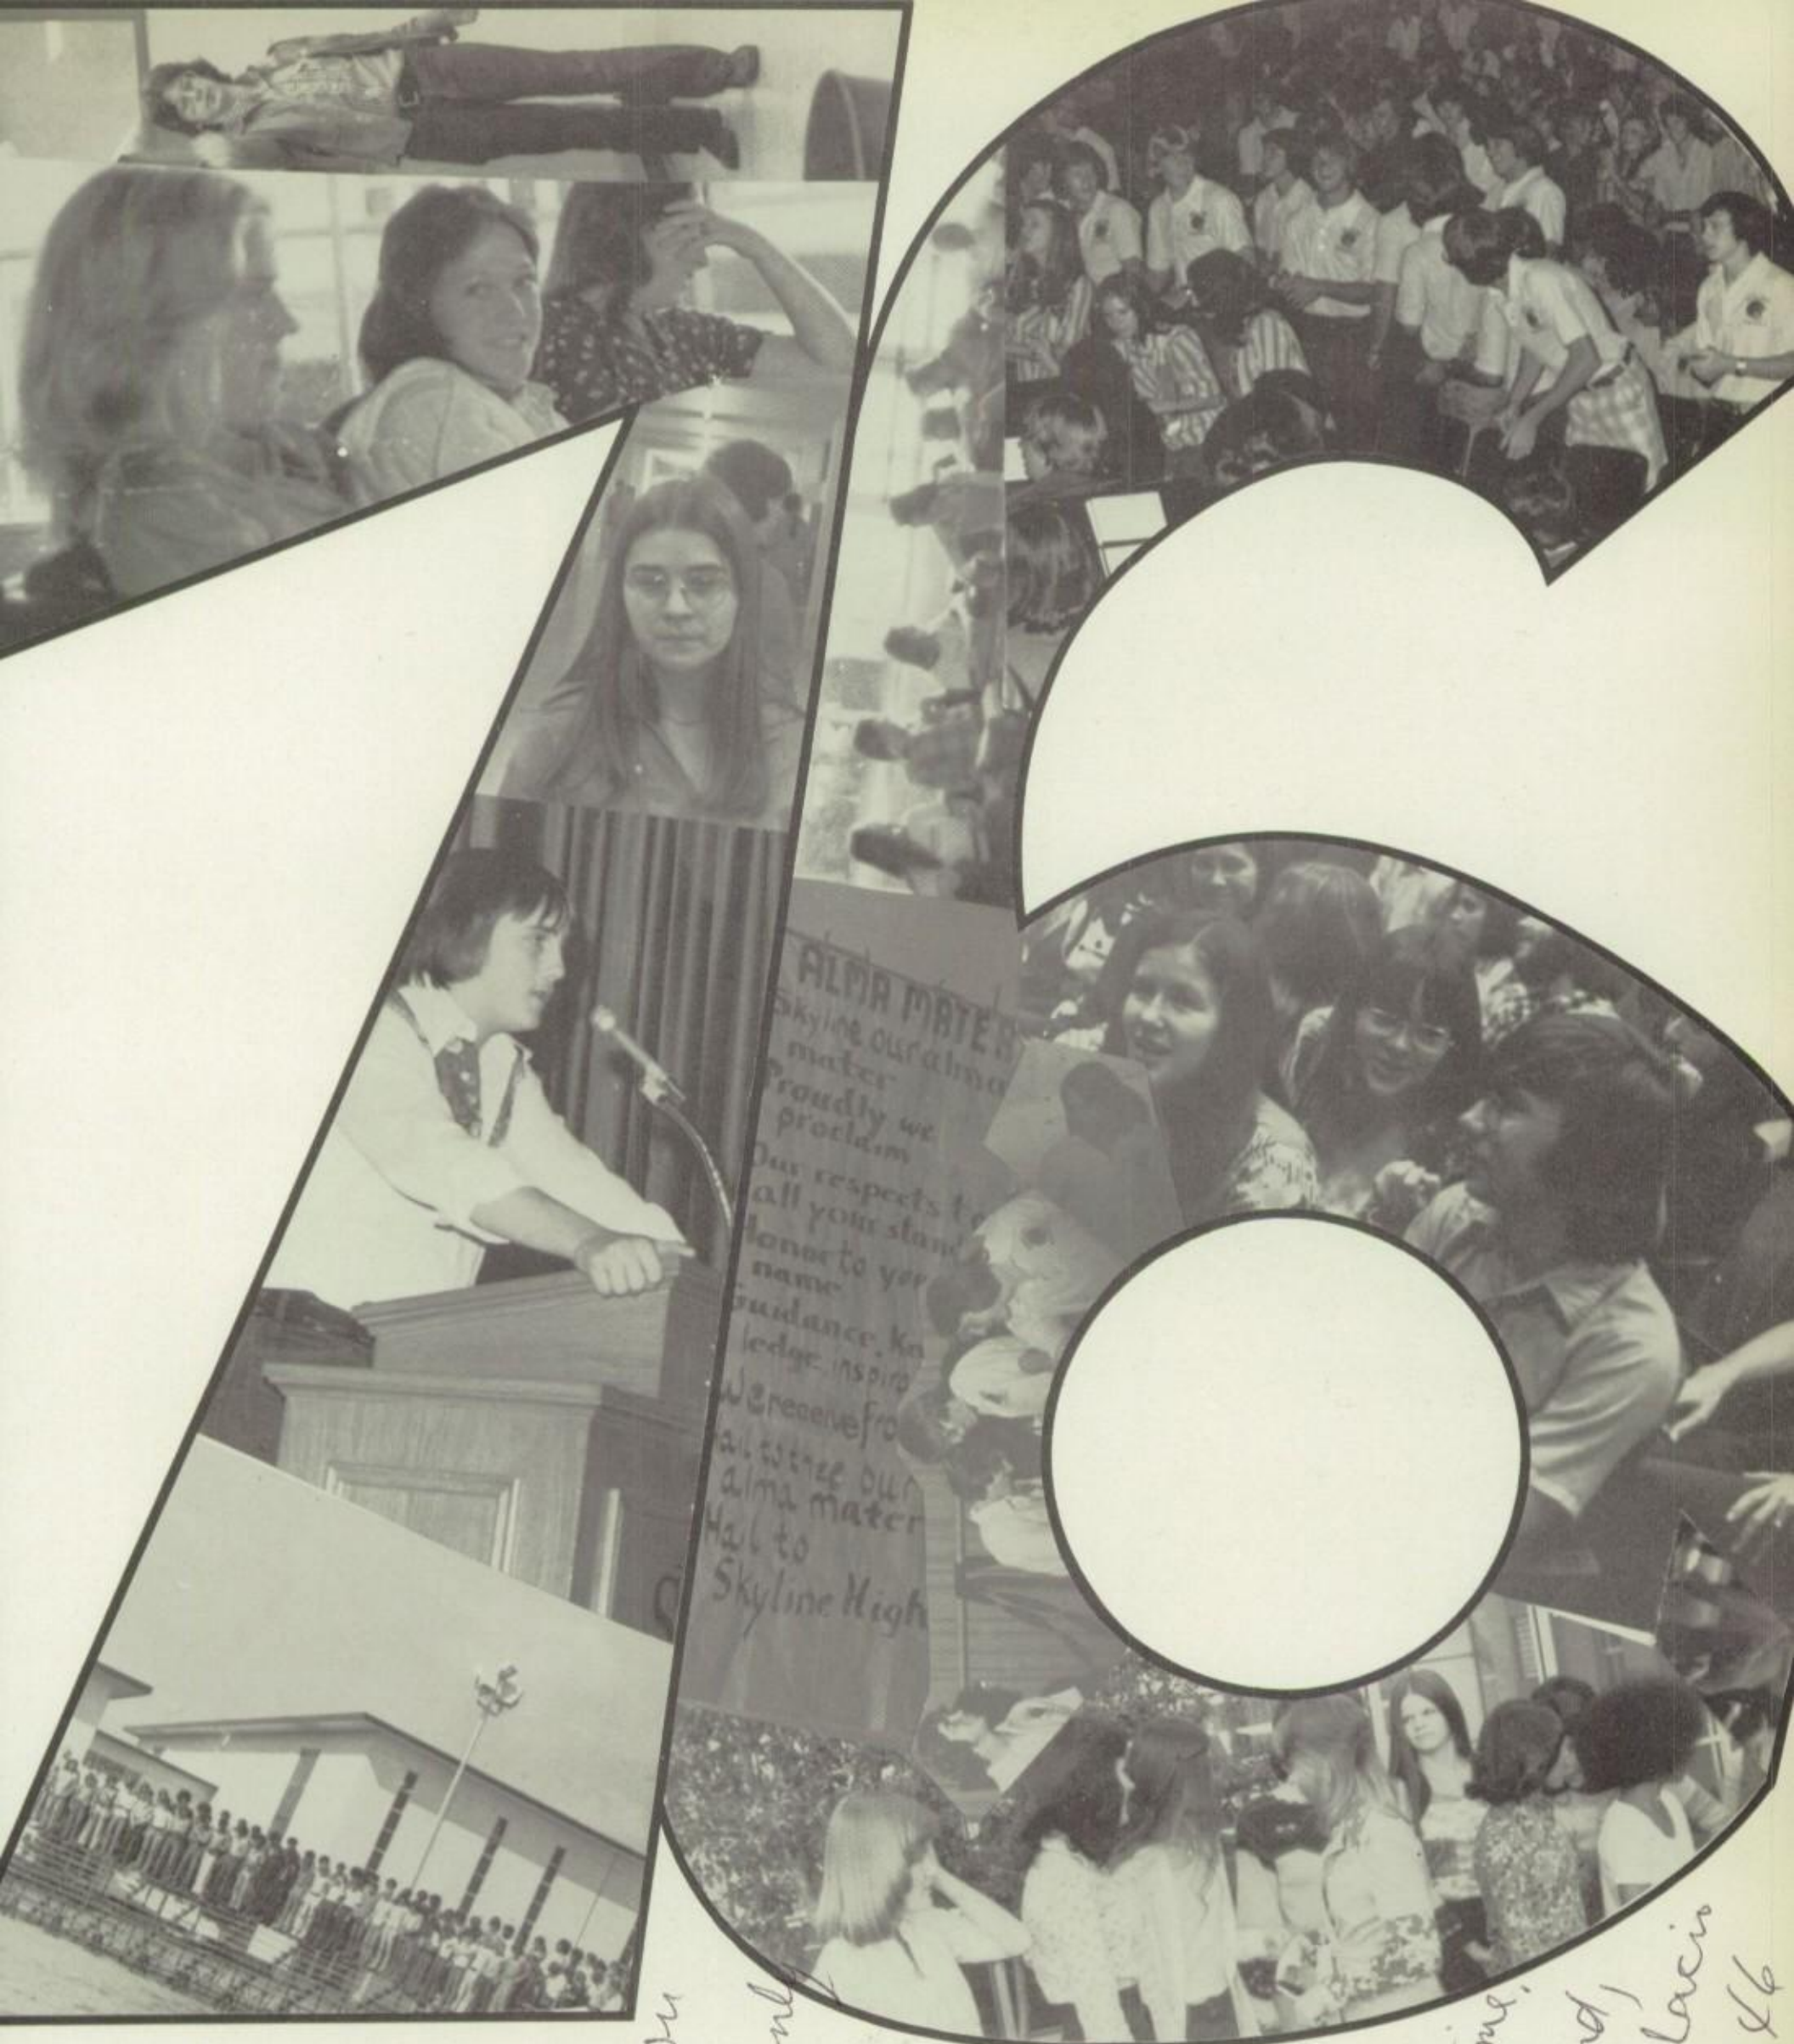

President — James Foreman
Vice-President — Patti Solis
Secretary-Treasurer — Sharon Farrell

As the class of '76, we have seen our images become clarified, the outlines becoming sharper as we finished out each year. Although things began a little blurry in our sophomore year, we became accustomed to the hugeness and complexities of Skyline, and settled into an easy routine of classes, clusters, and friends. We returned our junior year unified and self-assured, with visions of becoming the best senior class Skyline has seen yet. We have watched as this vision, and other more individual and personal ones have become realities, some of them fading into memory soon after they were realized.

We now begin to direct our visions to wider and more worldly goals. Already, through Skyline, we have a better perception of the world we are about to enter.

Norma,
 I'm really
 glad I had
 the chance
 of meeting you
 this year, I only
 wish I knew
 you from long
 ago, because
 you're such a
 nice person.
 Let's get
 together sometime.
 Your friend,
 Linda Gelacio

Norma,
Well what can I say
but that you a nice
looking girl and your
cool. Stay that way
and you'll make alot
of friends. Just
remember this your brown,
a mexicana, be proud,
and your beautiful.

Just as one takes in the sights at a gallery of fine art, so should one view this gallery of faces and places — the various indexes, the faces; the advertisers, the places. When glancing through one of the indexes — activity, advertisers, student, or faculty — don't neglect to gaze upon the student as well as business advertisements. To both customers, unending gratitude is given for making The Origin possible. Places recognizable by many and new to others have been included. You will readily identify those often-visited hangouts and perhaps find some new, interesting, and convenient ones.

GIRLS:

Are you as popular as you should be? Do people whisper
“_____ , what a _____ girl!” behind
your _____. If so, profit from _____’s
experience. At one time she was a _____ girl who
was _____ and _____, and she
couldn’t understand why men treated her like a _____.
She would stay home alone while her _____ friends
went out every night. Then one day a _____ friend
told her she was using a _____ deodorant which
didn’t keep her _____ the way girls should be.
The friend recommended “SHUSH” and told her to apply it each
day under her _____, so she would stay _____
and _____ from morning until night. She took the
friend’s advice and is now popular and _____.
because she safeguards her _____ with “SHUSH”.
Try it today.

Goals of the course:

1. To provide the student with an understanding of the operation of a food-service establishment by exposing him to actual work in preparing and serving food.
2. To provide the student with an exposure to a wide range of experiences in preparing and serving food.
3. To provide the student with instruction in basic principles needed for efficient and intelligent work. (i.e. principles of sanitation and safety.)
4. To provide the student with at least one salable skill to be used in the world of work.
5. To provide the student with a learning environment which integrates schoolwork with the career world.
6. To provide the student with an individualized, self-paced curriculum designed to excite his curiosity and appetite for learning, to broaden his horizons, to foster his personal growth, and to challenge his best efforts.

Go placidly amid the noise and haste, and remember what peace there may be in silence. As far as possible without surrender be on good terms with all persons. Speak your truth quietly and clearly; and listen to others, even the dull and ignorant; they too have their story. Avoid loud and aggressive persons; they are vexations to the spirit. If you compare yourself with others, you may become vain and bitter; for always there will be greater and lesser persons than yourself. Enjoy your achievements as well as your plans. Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism. Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment it is perennial as the grass. Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue and loneliness. Beyond a wholesome discipline, be gently with yourself. You are a child of the universe, no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. Therefore be at peace with God, whatever you conceive Him to be, and whatever your labors and aspirations, in the noisy confusion of life keep peace with your soul. With all its sham, drudgery and broken dreams, it is still a beautiful world. Be careful. Strive to be happy.

In memory of Cindy and all the happy times we shared together.

*With love,
Debbie*

Miss Yolanda Brooks

Yolanda, Michelle, Regina, Cynthia and Cheri

Miss Cheri Young

Miss Michelle Bryant

Yolanda Brooks ("Yo"), is the daughter of Mr. and Mrs. Charles E. Brooks. She is a member of the Sigma Gamma Rho Sorority. Her Cotillion was held February 6, whereupon she received the "scholastic achievement award" which is the highest GPA. Yo plans to attend Texas State University, and plans to major in psychology. Her quoted outlook on life was "Love is the essence of living and without it the whole world would be dead in hate."

Miss Cynthia Walton

Congratulations "Debutantes" of Seventy-Six

Miss Regina Preston

Michelle Bryant (Mickey), the daughter of Mrs. Shirley Baty is a member of Phi Delta Kappa. Her Cotillion was April 9, 1976 at the LeBaron Hotel. Her escort was Mr. Anthony Heard. Mickey plans on attending Tuskegee Institute where she plans to major in Fashion Designing and Journalism. Her personal quote on her outlook on life is "I believe that the world would be a much better place if we put our trust in God, and He'll give us the strength to carry on." Post awards are Miss National Youth Conference and Dallas Morning News Staffer of the Year.

Regina Preston, daughter of Mr. and Mrs. Vernon Preston, is a member of Phi Delta Kappa. She had her Cotillion on April 9, 1976 at the LeBaron Hotel. She enjoys sewing and bowling, and plans to become a lawyer and give legal aid to the poor.

Cynthia Walton, the daughter of Mr. and Mrs. Lee Morris Walton, is eighteen years old and a member of Phi Delta Kappa (Alpha Rho Chapter). Cynthia's Cotillion was held April 9, 1976 at the LeBaron. She plans to attend the University of Houston and will major in Sociology.

Cheri Young ("Cry") spent her high school years in Germany before coming to Skyline. She was very active and participated in such activities as Newspaper, Yearbook, and Drill Team as Captain for two years. Cheri plans on going to school in California and eventually becoming an International Certified Public Accountant.

The ring memories are made of

Balfour

Gift of youth.

This gift was embodied in a mythical ring belonging to a hero, Ogier the Dane. Ogier's ring not only removed the wearer's infirmities; it also restored his youth. Try your Balfour class ring 50 years from now. Maybe it can do the same.

WHAT'S NEW IN YEARBOOKS • ISSUE 3, 1975 \$1.50

The visions of Skyline High School could not be pictured so well in The Origin were it not for three representatives from Taylor Publishing Company. Kay Giese, Keith Stubbs, and Bob Lynch have gone beyond the bounds of "business" to help the staff create an outstanding yearbook. Their work, friendship, dedication, and even Kay's "black leather whip" are greatly appreciated.

It is with sincere appreciation that we the Origin Staff of 1976 would like to thank Mrs. Linda Akins for all of the hours she spent helping us work out our problems. Without Mrs. Akins where would our book be?

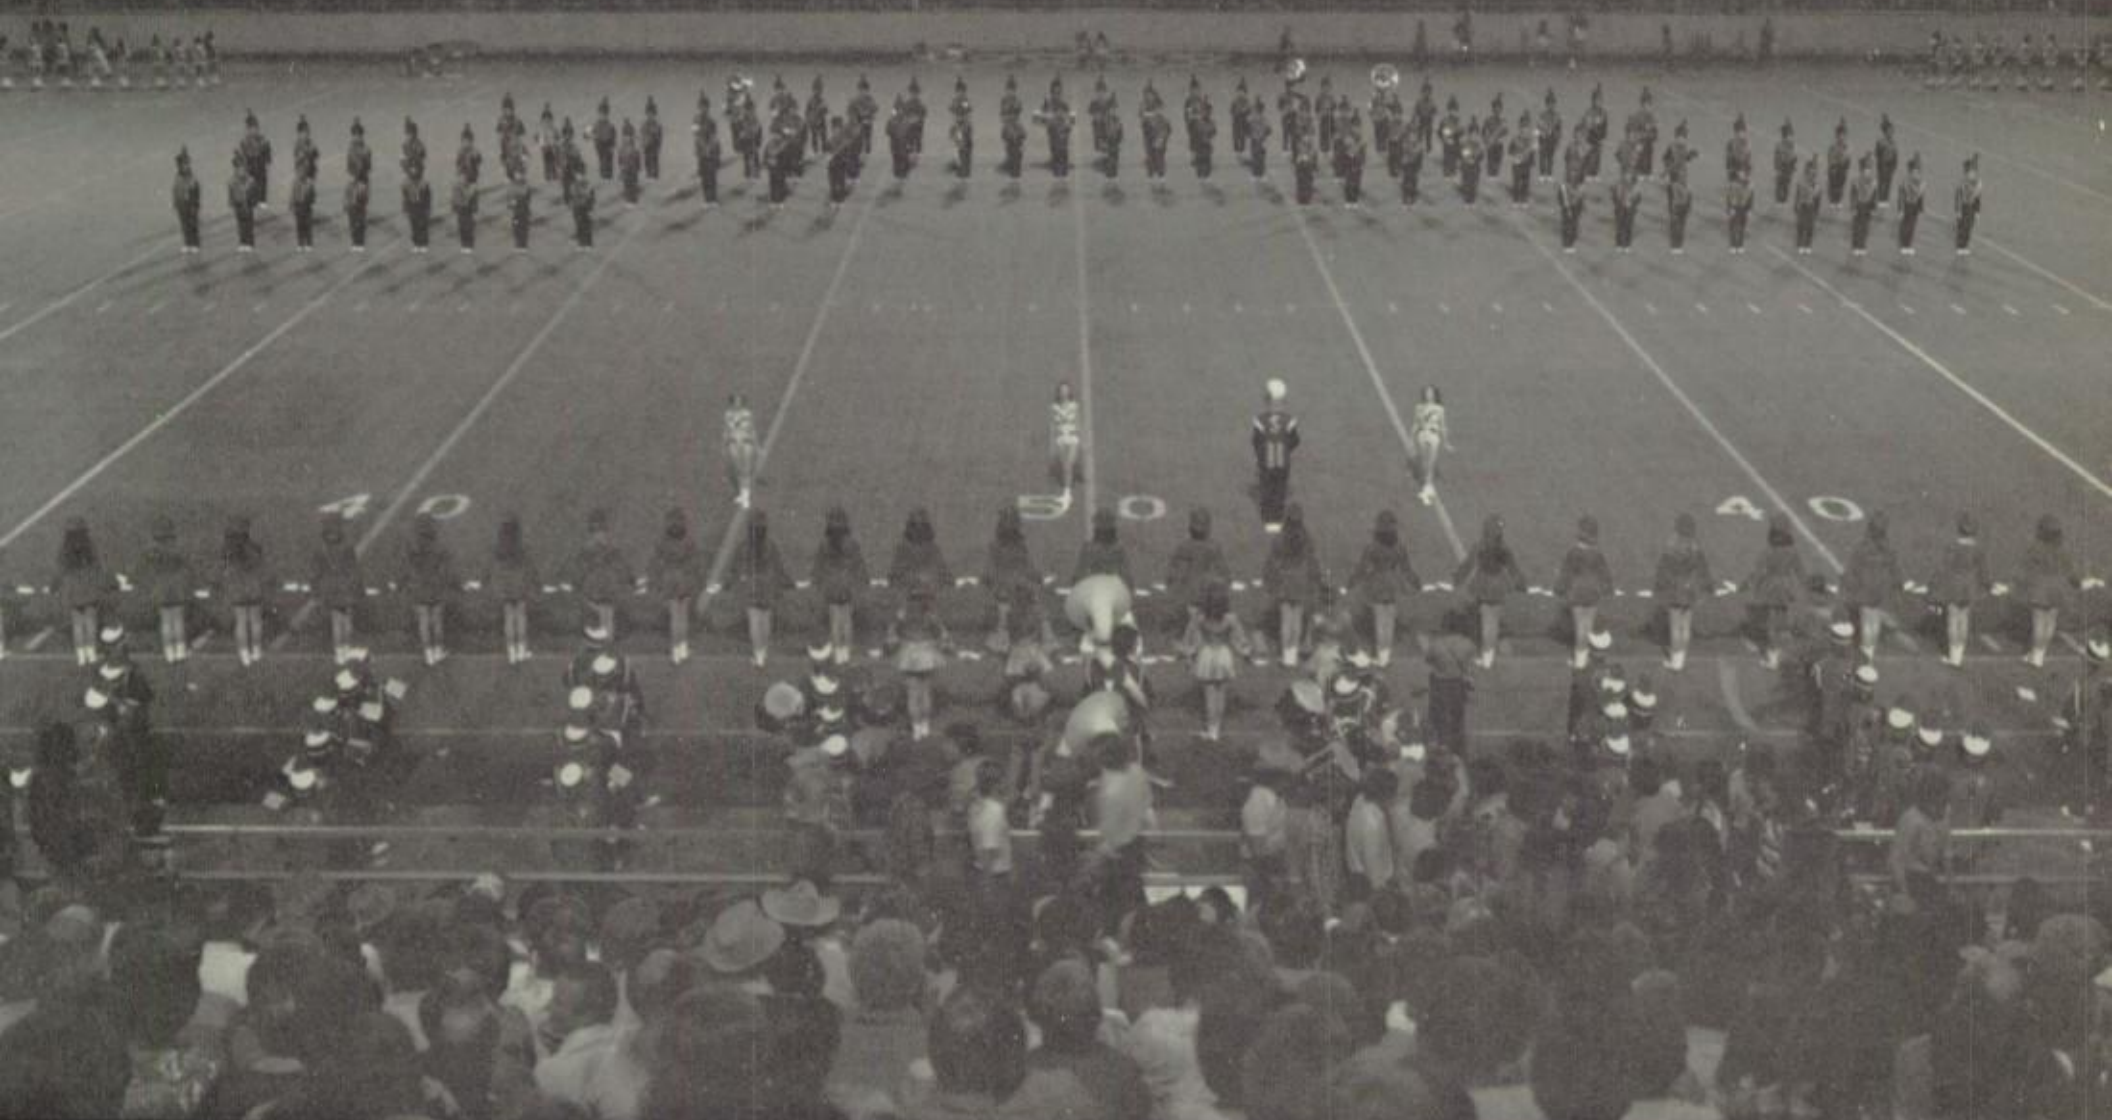

1975-76 Skyline

Marching Band

Flick-of-a- Click Artists Appreciated

Pulling past experience and time-practiced talents together for that split second of infinite memory is a demanding occupation. Our Origin photographers, Rick Vassallo, Mike Easley, and Kelly French may go without pay, but they can't go without the whole staff's show of appreciation. We all realize that pictures make or break a yearbook and the strain the photographers were under was phenomenal. Thank you again, Rick, Mike, and Kelly, for capturing our faces, frustrations, joys, and sorrows in such a way as to last as a realistic testimonial to the life and times of students of Skyline High School, 1976.

And they lived happily ever
after?
The End

I no longer plead with heaven or go rummaging through
books to the answers to the questions which life contains
Now I listen
LISTEN
listen to the inner thing resounding
in the plushing and the pounding
of my infant ancient veins.

I no longer seek instructions from my mother and my
father I have mastered all their pleasures and
their pain
Now I listen

LISTEN

listen to the inner thing resounding
in the plushing and the pounding
of my infant ancient veins
The feeling of my blood flow is a simple thing ya see
everything and nothing is a part of me.

So i stumble through the chaos
 dragging clumsily behind me
 all the eggshells
 and the fish scales
 and the fur pelts
 of my past
 while this thing goes on inside
 me at one with all
 the vastness
 and the fantasies
 and the fictions
 and when all the contradictions
 come together they will fit
 the feeling in my bloodflow

is a simple thing ya see
 i am it
 i am it
 we are everything we are nothing
 but that's how to play the game
 in these weather beaten bodies with
 these god forsaken brains
 we can listen

LISTEN!

listen to the universe resounding
 in the plushing and the pounding
 of our infant ancient veins
 listen and it all begins to fit
 You are it!

 HERE TO A REAL
 NICE + CUTE GIRL
 IT'S BEEN NICE KNOWING
 YOU THIS YEAR LOTS
 OF LUCK IN THE FUTURE
 AND TAKE CARE
 JANE FEICHD
 ECHARD LOPEZ

A task without vision
 is drudgery.
 A vision without a task
 is a dream.
 A task without vision
 is a defeat.

In August the Origin Staff began the "drudgery" of school a week early at SMU yearbook workshop. Their drudgery soon became a task of devotion and dedication as they began to visualize the 1976 Origin through theme plans, photo orders, and rough layouts. Dreams were pushed aside when the everyday tasks of drawing quadpacks, cropping photos, writing copy, and checking identifications became realities. The early excitement and anticipation sometimes gave away to short tempers, staff squabbles, advisor ultimatums, and strained nerves. Finally in March, deadlines were met and the final page was turned in. Through the cooperation and understanding of many people

- *Gary Dean and The Picture Man employees
- *The Skyline Faculty and Staff
- *Judy Harris, journalism teacher aide
- *Jerry Steely, Taylor account executive
- *Kay Giese, Taylor representative
- *The Skyline attendance office
- *Stevie Wonder, Stein and Van Stock, Inc., and Black Bull Music, Inc. (ASCAP) who recorded "Visions"
- *Will Lowrance, student activities coordinator
- *The Journalism Clusters who helped with many varied chores and errands

... the 1976 Origin is now a victory. The Origin's emergence from-vision to victory was a task of love and dedication in the staff's efforts to preserve the year of 1976 for you. In its pages we hope you have found your own visions and that they too become victories.

To: Norma

A very nice girl, I have had a nice
time with you riding on the bus.
Have a nice summer hope to see you
next year. Make a different change
for a better year.

Good luck
